St. Matthews Fire Protection District

1963 - 1965

This is one of many sections that contain information, documents, letters, newspaper articles, pictures, etc. of the St. Matthews Fire Protection District. They have been collected and arranged in chronological order. These items were collected, organized and entered into a computerized database by Al Ring. Last revised in 2023.

There were many people who helped with this project over the years, however 3 deserver special mention. Rick Albers, John M. Monohan, Jr. and Jack Monohan.

All graphics have been improved to make the resolution as good as possible, but the reader should remember that many came from copies of old newspaper articles. This also applies to other items such as documents, letters, etc. Credit to the source of the documents, photos, etc. is provided whenever it was available. We realize that many items are not identified and regret that we weren't able to provide this information. As far as the newspaper articles that are not identified, 99% of them would have to be from one of three possible sources. *The Courier-Journal, The Louisville Times* or one of the *Voice* publications.

Please use this information as a reference tool only. If the reader uses any of the information for any purpose other than a reference tool, they should get permission from the source.

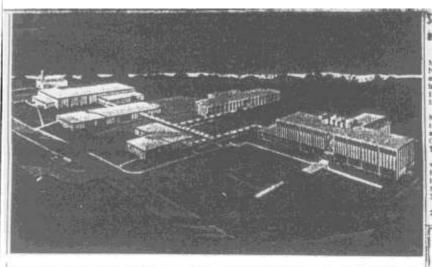

The department worked out a back-up system with the City of Louisville.

January 3, 1963, The Voice Of St. Matthews:

Firemen

St. Matthews Volunteer Firemen made five runs in the past week. These were: Dec. 27 at 12:23 p.m., Watterson Expressway, Malicious False; Dec. 27, 5:18 p.m., 127 Travois, clothes dryer; Dec. 29, 5:06 p.m., 214 Brown Ave., sump pump motor; Dec. 31, 2:36 p. m., 31 Pawnee Tr., lockout; Jan. 1, 2:44 p.m., 415 Rolling Ln., ashpit in fireplace; and Jan. 1, 7:07 p.m., 605 Indian Ridge Rd., appliance motor.

This is an architect's view of how an expansion program underway at Central State. Hospital at Lakeland will look when completed in October, 1963, Shown are six of seven indidings planned in the \$3.9 million complex, From left is a power house; a surela and recreational holiding, therapy holiding, which will have an occupational

therapy clinic, workshups, patient library and beauty and batter shups; distag room hall to serve all patients and staff in the new complex, durafforty to house 39 men and wimien; and reception and retabilitation building which will have accomplations for 16 new admirations.

January 10, 1963, The Voice Of St. Matthews:

Firemen make 2 runs

St. Matthews Volunteer Firemen made two runs in the past week. These were: Jan. 2, 12:11 p.m. Shelbyville Road and Fairmeade, washoff after an accident; and Jan. 4, 12:30 p. m. Bacons Parking Lot, auto.

January 14, 1963, Lyndon Fire department Board Minutes:

Mr. Mayrose reported that Mayor Bowling of the City of St. Matthews had called him and indicated that the City would contrace with L. V. F. D. for service for the annexed area of Harris, Marquette, Virginia and a portion of LaGrange Road. A meeting will be called by them to get the boundaries and this annexation settled.

RULES AND REGULATIONS FOR ST. MATTHEMS VOLUNTEER FIRE DEPARTMENT

PREJABLE

Members of the fire department should understand that these rules and regulations are not intended to cover each and every case which may arise in the discharge of their duties. A great deal must necessarily be left to the intelligence and discretion of individual officers and members and it will be their claim to promotion and reward according to the degree to which they show that they are possessed of the necessary qualifications, and to their real, activity and judgment on all occasions.

It should be remembered by each member of the department in carrying out the rules and regulations and obeying the orders of the officers that these rules and regulations were adopted and the officers were elected voluntarily by the membership for the sole purpose of having a better cryanization. Each member is a number of this department because he voluntarily chose to become a member and because he has an interest in his community. Observance of these rules can recult only in a more efficient department and a better understanding by the men as to their various positions.

ARTICLE I OFFICERS AND COMMITTEE S.

Section 1 - The Chief and Assistant Chief are appointed by the Board of Directors and are resconsible to them.

Section 2 - The following officers shall be elected by the ective members of the volunteer fire department and serve for a period of four years; election to be held at the first meeting in January of the election year; Four (4) Captains, Four (4) Lieutenants and a <u>Firemen's Committee</u> consisting of four (4) active members.

Any vacancies are to be filled by special election.

Section 3 - Membership Committee consisting of three (3) active members and one (1) officer shall be appointed by the Chief for a period of one year.

Section 4 - The four (4) Captains are responsible to the Chief and the Assistant Chief,

The Four (4) Lieutenents are responsible to the Chief, Assistant Chief, and Captains.

Section 5 - The Firemen's Committee shall hear all grievances and if in the Committee's opinion, a grievance warrants action, it shall be presented to the Chief and/or the Membership and disposed of satisfactorily. The word grievance shall not be construed to include suggestions pertaining to firefighting, equipment or training.

Section 6 - This committee or any member may attend board meetings, and shall not have a vote in any decision the board makes.

ARTICLE II ELECTIONS

Section 1 - The elected officers are to be elected at the first meeting of each year by secret belief by the active members present at the meeting. Election shall not be held unless a quorum of one-half (1/2) of the active membership is present.

Section 2 - In January, 1959, one Captain and one Lieutenant will be elected for a period of four (4) years, one Captain and Lieutenant for a period of three (3) years, one Captain and Lieutenant for a period of two (2) years and one Captain and Lieutenant for a period of one (1) year, and beginning January, 1960, and each succeeding January thereafter one (1) Captain and one (1) Lieutenant will be elected for a period of four (4) years.

Section 3 - No one is eligible for office unless he has been an active member for at least one year.

2

January 22, 1963: R. E. Kaster

3

Section 4 - The nominations for officers in question shall be from the floor; a list of a minimum of four (4) and an open maximum are to be submitted and the four (4) candidates receiving the largest number of votes shall be appointed. In case of a tie vote, a run-off bellot shall be cast.

Section 5 - Any officer or committee member shall have the right to aucceed himself.

ARTICLE III MEMBERSHIP

Section 1 - Any person twenty-one (21) years of age desiring membership is to be investigated by the membership committee and upon its approval, formal application approved by two (2) sponsors shall be posted on the bulletin board for six (6) weeks.

During this period, the trainee shall be a member in good stending. When the trainee completes his six (6) weeks period, the membership shall vote on him. If one (1) negotive vote is cast, his membership shall be revoked.

Section 2 - The membership committee shall post on the official bulletin board a list of the active members certified by the committee on or by June 30 and December 31 of each year.

ARTICLE IV MEMBERS

Section 1 - the regular meetings and drills shall be held at 7:30 p.m. on Tuesday evenings of each week.

Section 2 - Fire prevention being one of the most important functions of the fire department, all members shall be at all times on the alert for fire hexards and report them to the Chief.

Section 3 - All members shall notify the Chief or Membership Committee when sick or when desiring to be excused from duty. No member shall be permitted to leave a fire for any reason unless excused by the officer in command. Wandering around the fire grounds and engaging in unnecessary conversation with others will not be tolerated.

Section 4 - It shall be the duty of all members while on duty to give strict obedience to the lawful orders of the officers duly elected and appointed over them and under no consideration shall any attention be given to the orders, suggestions, and criticism of unauthorized persons.

Section 5 - No one, who is not an active member, unless authorized by the Officer in Charge shall be allowed to ride on the apparatus or to handle equipment. Each member is charged with the enforcement of this rule.

Section 6 - No person shall use any fire apparatus or equipment for any private purpose, not shall any person willfully and without proper authority take away or conceal any article used in any way by the Department.

Section 7 - The fire station and all appurtenances and the premises in general shall be kept clean, orderly and in a sanitary condition. Every member shall be held individually responsible for any act of negligence on his part which may contribute toward the violation of the rule.

Section 8 - All members when answering an alarm or proceeding to a fire will drive their car or/and equipment in a reasonable and proper manner. All members responding to an alarm shall report directly to the fire house unless in route he passes the scene of the fire, he is to stop and render whatever aid possible. Upon arrival at Fire House and seeing that all the required equipment has left, he may proceed to the scene of the fire in his car using due caution and without red lights and siren.

Section 9 - All members will be personally responsible, except for normal wear, for all department property issued to them and are required to return all department property issued to them on termination of their membership or on demand of the Chief or Membership Committee.

Section 10 - Any officer may be impeached for the abuse of his authority

A

January 22, 1963: R. E. Kaster

or for misconduct in office. Any member may be expelled for misconduct. Any member desiring to impeach an officer or expel a member must submit a written charge to the Firemen's Committee at least one month before a vote thereon is taken. The Firemen's Committee shall serve a copy of the charge upon the accused at least two weeks before such vote is taken. Any officer or member may be impeached or expelled by a three-fourths vote of a quorum membership. (Quorum to consist of one-half of the active membership.) Any member may be dropped from the Polls for any of the following offenses:

- 1. IntexScation on duty
- 2. Any act of insubordination
- 3. Neglect of duty
- 4. Neglect or disobedience of orders
- Three absences from meetings in succession without permission or excuse
- 6. Unauthorized use of the sizes or red light. (The sizes and red light on the firesen's automobile is to be blown and turned on only when answering an alarm or proceeding to a fize being answered by the St. Matthews Volunteer Fire Department).

Section 11 - Any member who has his driver's license revoked will be temporarily suspended from driving the equipment until his driver's license is reinstated.

Section 12 - Any member who has been dropped from the rolls can be reinstated only by complying with Article III of these Rules and Regulations.

Section 13 - At no time will dues be collected from the active or inactive membership.

ARTICLE V DRIVERS

Section 1 - Drivers shall be appointed by the Chief. They shall be appointed for their driving and mechanical ability and shall be thoroughly

familiar with the operation of the apparatus to which they are assigned.

Section 2 - The driver of each piece of appearatus shall make an inspection of his apparatus after each run. Such inspection shall include checking the equipment, oil, gasoline, water, bettery, and tires. He shall report to his officer a record of the pumping time, hose lines used. One of the drivers shall be assigned to make an inspection each menth of the apparatus to which he is assigned and shall make a report thereon to his officer. Perticular attention and study shall be given to the instruction manual supplied by the manufacturer of the apparatus.

Section 3 - No member shall drive the fire apparatus except the regularly appointed drivers unless directed to do so by an officer.

Section 4 - Each driver shall be thoroughly familiar with the territory to be served, including the condition of routes during the different seasons and the location of all water supplies.

Section 5 - Drivers shall observe speed limits which are consistent with safety, considering traffic, weather, and road conditions. Special case shall be taken when approaching all intersections, the apparatus being kept under control at all time.

ARTICLE VI BULES AND REGREATIONS

Section 1 - No emendments shall be effective until presented to the Firemen's Committee in writing one month before it is voted upon by the membership and until the Firemen's Committee gives written notice to all members that an amondment has been presented and it shall not be effective until adopted by throe-fourths of the members present at the second regular meeting after notice has been sent to the membership.

ARTICLE VII INACTIVE MEMBERS

Section 1 - Any active member upon reaching the age of sixty-five years will be transferred to the inactive membership of the department.

7

Section 2 - Any active member for reasons he deems best, may transfer to the inactive membership. All issued equipment shall be returned and the privilege of use of red lights and siren shall be revoked.

Section 3 - All inactive members shall be permitted to participate in all activities of the department.

Section 4 - Inactive members shall have the privelege of attending all meetings of the department, but shall not have a voice therein.

ARTICLE VIII ACTIVITIES

Section 1 - The membership shall actively participate in two fundraising drives for charity per year. The tow fund-raising drives are to be selected each year by the membership.

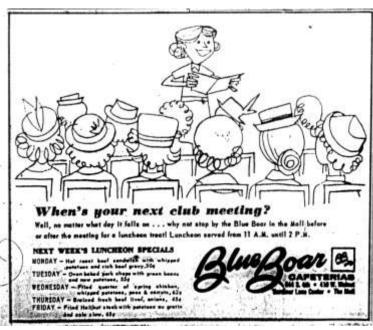

Section 2 - Any requests made to help on any other drive shall be denied. However, the use of the station will be permitted upon formal request as a collection headquarters.

ARTICLE IX FIREMEN'S FUND

Section 1 - A fund shall be created for the entertainment of the firemen. This fund shall be administered by a committee of two (2) members appointed by the membership.

Moneys for this fund shall be derived from fines for violations of house rules and any donations made directly to the firemen.

January 24, 1963, The Voice Of St. Matthews:

January 31, 1963, The Voice Of St. Matthews:

Future STMFD fire-

Firemen make 8 runs St: Matthews Volunteer Firemen made eight runs in the past week, four of which were in one day. Runs were: Feb. 22, 4:15 p.m., 420 Harris Pl., field fire; Feb. 23, 12:43 a.m., Consolidated Sales, slarm but no fire; Feb. 24, 2:50 p.m., a run at Frankfort Ave., and Pope St., for the Louisville Department. Feb. 24, 7:51 a.m., 3525 Nanz, auto; 9:50 a.m., 3803 Washington Ave., auto; 11:38 a.m., 3808 Staebler Ave., furnace motor; 12:50 p.m., emergency at firehouse, mechanic overcome by fumes; and Feb. 27, 6:38 p. m., 438 Oxford Pl., auto.

February 5, 1963, Letter:

February 5, 1963

Mr. Orin Bond Louisville 2 -Way Radio Service Inc. 212 - 214 W. Breckenridge Street Louisville 3, Kentucky

Dear Mr. Bond,

Effective immediately, in event of activating of the alarm bell at the Consolidated Sales Company located at 5827 Frankfort Avenue th Louisville Police Department is to be notified. This bell is a burglar alarm, so we have been informed by Fire Chief Krusenklaus.

However, any notification of fire or suspicion of fire at this location should be reported to both the Louisville Fire Department and the St. Matthews Volunteer Fire Department.

Sincerely,

John M. Monohan Jr., Chief St. Mathhews Volumteer Fire Assin

co: Bernard Bowling, Mayor City of St. Matthews B.N. Kelley, Police Chief City of St. Matthews

These two buildings on Lexington Road at Bauer Avenue, occupied by the Garden Shop and Ostrander's Landscape Service are to be torn down and the land lessed for service station purposes.

Garden Shop is moving

The Garden Shop and adjoining business, Ostrander's Landscaping Service, among the oldest businesses in St. Matthews. are moving to 9611 Taylorsville Road.

John Ostrander, owner of the businesses, said the two resident-type buildings in which his businesses are located will be torn down and the ground leased for service station purposes.

More space and a fourlane high way were factors considered in his moving, Mr. Ostrander said. Taylorsville Road presently is being constructed to four-lanes.

Mr. Ostrander said he will have about four acres of land for the businesses at the new location, lie expects to be moved in about a "week or so"

Firemen make runs

St. Marthews Volunteer Firemen made four runs this week. These were: Jan. 31, 8:22 p.m., cold storage building on Westport Road, smoke but no fire; Jan. 31, 9:17 p.m., 4075 Elmwood Ave., trash fire; Feb. 2, 10:02 a.m., 3243 Trinity Rd., auto fire; and Feb. 4, 11:42 a.m., 121 Blankenbaker Ln., clothes dryer.

February 14, 1963, *The Voice Of St. Matthews*: Politics as usual——-

NOTICE

February 12, 1963

Board of Trustees City of Beechwood Village

Attention: Chairman

Gantlamen

If you will refer to the recont issue of the St. Multhews Business and Professional Directory of January, 1963 you will read with interest a hor ad on Page 39 which advertises a business service and gives a business listing at 201 Marshall Drive with a telephone number of TW 7-2484.

Now I understand the properted philosophy of this Board of Trustces is to oppose all business in the City of Buschwood Village and I wonder why you permit a business to flowrish within the heart of your city without being property sound.

I would like for you to have a frank, public and open discussion of this at your next meeting as I know this will require a soning change

A BEWILDERED PROPERTY OWNER

P. S. I understand that this party is a member of your Board of Trustees. If this is the case I think you should request their immediate resignation.

February 11, 1963, Lyndon Fire Department Board Minutes:

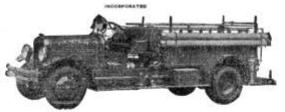

Since there has been no action on an arrangement with the City of St. Matthews to pay for Fire Protection for the recently annexed areas of Harris, Marquette and Virginia Avenues the Secretary was instructed to send duplicate copies of our contract to the Mayor of the City of St. Matthews.

February 18, 1963, The Courier-Journal:

A HOT SMOKY JOB . . . Stock and equipment damage in a fire at Smither's Super Market early yesterday was estimated at \$150,000. Firemen from Louisville and St. Matthews Volunteer Fire Departments responded to two alarms. Eleven pieces of equipment were used. Cause of the fire was not known.

Blaze Ruins Lexington Road Supermarket

THE CLEAN-UP BEGINS . . . Employees of the Smither's Super Market began cleaning out the debris of a \$150,000 fire there yesterday, moving

grocery carts and damaged stock and equipment out to the store's Frankfort Avenue side. Owner Lewis Smither hopes to reopen in eight weeks.

\$150,000 Blaze Ruins Supermarket

Fire at about 2:15 a.m. yesterday caused an estimated \$150,000 damage to Smither's Super Market at 3741 Lexington Road, near the intersection of Frankfort Avenue.

The store's entire stock and the interior were destroyed.

There was smoke damage reported in the Taylor Drug Company store, which adjoins

Pictures on Page 1, Section 2.

the supermarket on the east, and to the F. W. Woolworth Company variety store on the west.

The fire, of undetermined origin, is believed to have started near refrigeration equipment toward the store's Frankfort Avenue side, where the interior was most heavily charged.

Two Louisville firemen received minor injuries.

Cash, Accounts Saved

Cruising Louisville policemen were believed to have turned in the initial alarm. A summons for an extra engine was made at 2:20 a.m. A second alarm was turned in at 2:25 a.m.

The fire was contained within half an hour, but the blaze was not extinguished until about 6:20 a.m.

Lewis Smither, owner of the store, made the damage estimate which covered only stock and equipment. He said the loss is partially insured. He said \$300 to \$400 in a cash

Col. 4, back page, this section

\$150,000 Blaze Wrecks Grocery

Continued from First Page

register and store records and charge accounts were wet and charred, but were saved.

Firemen from Louisville and the St. Matthews volunteer department fought the blaze in 20-degree temperatures and under icing conditions.

Seven pieces of City equipment and four pieces from the St. Matthews department responded to the alarms.

Formerly In Anchorage

Smither, 207 Sequoya, was an employee of the A. & P. Food Stores for 20 years before going into business for himself 17 years ago, first in Anchorage and later at the Lexington Road location.

He said yesterday the soonest he could reopen at his present site would be in about eight weeks.

The two injured firemen, Marvin Robinson, 43, Fisherville, Quad 10, and Calvin White, 24, of 828 S. 31st, of

Engine 20, were treated at General Hospital.

Robinson received a bruised hip in a fall and was released after treatment. White was given a tetanus shot for a cut right leg. He returned to duty.

John M. Monohan Jr. c/o Chisca Plaza Motor Hotel Memphis Tennesse

Dear Chief.

With deep regret I am informing you that Captain Beam passed away this morning. He died at 8:30 A.M. at the Baptist Hospital of pneumonia. As of this time the funeral arrange-membathave not been made other than he will be buried from Owens Funeral Home.

Marty Kamer is making arrangements for flowers for the Dept. and the boys are going to see him in thier dress uniforms.

Should there be any other arrangements made please get in touch with me and they will be made.

Sincerely.

Roy O. Blackburn Ass't Sec'y

BRADLEY ALTON

Bradley Alton, 30, was appointed recently a patrolman on St. Matthews Police Force. He was a Jeffersontown policeman one year (1962), and was with the Falls City Special Police three years. He has trained through Jefferson County Police and will take a special course through State Police beginning March 1.

Taking a break and talking things over were Bloodmobile workers, from left: Mrs. Roy Mason, 2031 Cedarcrest; Mrs. Joe Barker, 1122 Spruce; Mrs. Jack Mayrose, 323 Wood Road; and Mrs. Charles Arrington, 410 Oread Road.

In spite of the flu, a 100 percent increase was chalked up at the Tuesday visit of the Red Cross Bloodmobile to St. Matthews. Sara D. Gidden, chairman, reported that 203 people responded. Just under 100 pints were received a year ago.

Restaurant corner sold, leased for fish carryout

service will open in downtown St. Matthews soon in the fancy restaurant eventually became a building on the corner of Wiltshire and Shelby. ville Road.

The building was sold this week by Mr. and Mrs. C. E. Gaines, Crescent Hill, to Lehman-Davis Realty Co. The transaction was handled by the J. Ashby Miller Co.

Arch Davis, Jr., of Lehman-Davis, reported that Leo Well, owner of Fulton Fish Co., had taken a long lease on the building, and will open a carry out fish restaurant there.

The Gaines bought the building as an investment when it was being built In 1928 for the Kroger Co., which operated a grocery there for 11 years.

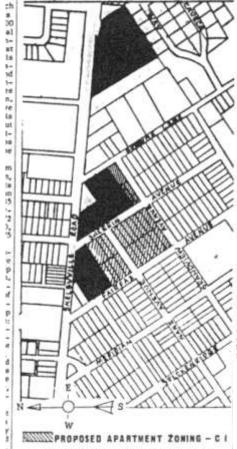

The building continued to house a grocery until 1960. The Roby & Clemens partnership later became Clemens and Martin, and then John

Another carry out food Martin bought out his partner and operated Martin's Grocery, which grocery-restaurant combination a few years ago,

> Robert Colglazier leased the building, remodeled it extensively, and opened a Pancake House. St. Matthews people just wouldn't eat enough pancakes, and he converted It Into a Steak House and larer, a Smorgasbord restaurant. He sold It, and Romo's Italian Restaurant opened, but didn't stay open long.

Mr. Davis said his company also bought the adlacent building on Wiltshire, which houses Lester. Jewelry and Joe Brill's tailor shop.

Plans proposed to complete commercial zoning South of Shelbyville Road

PROPOSED OFFICE ZONING - C Z

An effort will be made early in March to com-plete the commercial zoning of the south side of Shelbyville Road in St. Matthewa.

Matthewa,
Commercial zoning in
the C1 and C2 categories
has been proposed and
the St., Matthews Planning
and Zoning Commission
will hold a hearing on it
on Tuesday, March 12
at 8 p.m. at St., Matthews
City Hall. The areas under consideration are now
zoned residential. zoned residential,

C2 office zoning is proposed on the residential balance of the Shelbyville Road frontage on the south side. Three chunks of area (In black on the map herewith) are included. They lie between Fairfax and Sherrin, Sherrin and Browns Lane, and the chunk between the Owens Medical Center and the Parkside Building.

C1 apartment zoning is proposed for 26 lots south of the C2 office zoning is proposed for 26 lots proposals between Fairfax and Sherrin and be-tween Sherrin and Browns Lane, Grandview Avenue becomes the southblocks east and west of Sherrin Avenue.

A Voice Feature

Highbaugh Estate Home Is Destroyed

A two-story residence on the estate of L LeRoy Highbaugh, 8204 Shelbyville Road, was destroyed by fire at 3:45 a.m. yesterday.

The home was occupied by the Martin Gill family. Firemen from St. Matthews and Lyndon fought the flames. Damage was estimated at \$9,000. Cause of the fire was not known.

A man must have a mighty strong desire to serve his fellowmen when he gives up countless hours of good living with a big, fine family at home, and countless hours of working at the business that makes his livelihood, to work for free up to 18 hours a day for the City of St. Matthews.

Mayor Bernard Bowling has that strong desire. He feels that since he has the capacity and ability to handle the job, he has a duty to his country, his state, his community to do the job to the best of his ability. He considers it a kind of rent for his place on earth.

No one could be more proud of the City of St. Matthews than Mayor Bowling is. And no one could be more proud of Mr. Bowling than Mrs. Bowling is, although she will sometimes say privately to close friends that she wishes he wouldn't work so long and so hard for the City of St. Matthews.

Ever since the City was organized in 1950, neither the Mayor nor any member of the City Council has ever drawn one cent of pay for the job. The City does attempt to pay expenses incurred, such as for out of town trips. It pays no expenses at all for in-city travel, for instance, in connection with doing the job of running the city. The councilmen pay their own local expenses, so they are actually out-of-pocket for working for the city.

Perhaps the keynote of the no-payment policy is

the determination that 100% of the tax dollars must buy services. The late Mayor James Noland and his council established that policy; Mayor Bowling and his councilmen (the same ones) have continued it, Consequently, St. Matthews has had money with which to do a better than normal job of taking care of the needs of its people.

In addition to the desire to serve, Mayor Bowling lists the following points as his principle reasons for wanting to stay on the job another term:

1. To get the 30 miles of city atreets resurfac-

ed. Only repair work has been done on the streets thus far, and many of them are getting to the point where only resurfacing can further protect them.

2. To complete the storm drain projects to eliminate flooding of streets, yards, and basements during heavy rains.

3. To help expand the services of the Fline Memorial Library.

4. To give more assistance to the St. Matthews Community Center to enable it to expand to its full potential in recreat-

5. To work with the State Legislature to gain more equality and fairness in taxation programs.

The Mayor has modestly said that there are other men in the community who could do the job as well, but no one has come forward with a real desire to take the job over.

It might be pretty hard to find that man anyhow. Mayor Bowling is a graduate civil engineer, and has served administratively in most of the offices of both the Kentucky and the American Bakers Association, including that of president and chairman of the board of the ABA.

It would undoubtedly cost
St. Matthews \$25,000, a
year to hire a full time
mayor of the training and
a bility Mayor Bowling

Individual crusade

Move afoot to bring hospital to St. M area

A preliminary step toward obtaining a hospital for this area is being undertaken by a private individua).

It is the second such move to have been under taken by interested parties within the past year.

This latest move is being made by Paul Lynch, a real estate man who resides at 227 Sage Road. He told The Voice this week that some 1,000 questionaires have cone to residents in the area seeking their opinion as to whether they favor a hospital being built to serve this East end area.

The questionaire also asked whether the recipient favored non-partisan registeration of voters in public schools "so our eligible voters can re-gister and vote."

On both issues, Mr. Ly-nch said about 95 percent of returned cards were favorable.

As to the hospital, he said he has already talked with a number of financial institutions in regard to financing such a facility. He added that 5,000 more cards are to go out and if a favorable response is had he will attempt to bring together a number of in-dividuals to coordinate steps toward bringing a hospital to the area.

He noted that the area has become heavily populated, and it promises to continue to grow. So he figures the area needs a hospital. Noting that there is a tendency to concentrate medical facilities in one area, he stated that is a mistake "we learned during World War II."

If a hospital is established in the area, he foresaw the possibility of promoting other medical units, such as medical offices, near by.

A similar move to establish a hospital here was under taken in January, 1962, when Dr. J. C. Wong, a hospital consul-tant with the Institute of Modern Management, Louisville, met with a group of men that includ-

Firemen make 2 runs

St. Matthews Volunteer Firemen made two runs this week. These were: April 11, 2:11 a.m., trash fire on Lexington Road at Bauer Ave.; and April 15, 12:28 a.m., boat iff rear of 300 North Hubbard Lane,

Where a service station is scheduled to go up. The building, ratiroad section houses, in the foreground sit on a site of a future service station, on Westport Road just east of Ridgeway, Observe railroad tracks at right, St. Matthews Council has approved a zoning change there from A-1 residential to D-3 commercial to permit construction of a service station.

April 23, 1962, Letter:

April 23, 1963

Capt. Vollmer Louisville Fire Alarm Office 635 W. Jefferson Street Louisville, Kentucky

Dear Capt. Vollmer.

By mutual agreement by and between the City of St. Matthews, the Lyndon Fire Department and the St. Matthews Fire Department the Watterson Expressway has been established as the boundary line between the St. Matthews Fire Department and the Lyndon Fire Department.

Effective immediately the St. Matthews Fire Department will have the full responsibility for fire protection of the "Mall" located at Shelbyville Road and the Watterson Expressway; and effective immediately the Lyndon Fire Department will have full responsibility for fire protection of Harris Place, Marquette, and Virginia Avenues.

The following agreement is in effect pertaining to response to the Mall: In event a response is made to the Mall proper, that is the main building or buildings, the following departments will respond automatically: St. Matthews Fire Department, Lyndon Fire Department, and Mc Mahon Fire Department. In Event a response is made to a call to an automobile fire, etc. in the parking area, only the St. Matthews Fire Department will respond.

The St. Matthews Fire Department will have the responsibility for fire protection of that part of the Watterson Expressway from Shelbyville Road (US #60) northward to Brownsboro Road (US #42).

Sincerely,

St. Matthews Volunteer Fire Assin.
John M. Monohan Jr., Chief

Lounty Fire Sys

By WILLIAM SAMUELS

ber to report a fire - is ex. from other departments. pected to be in effect by September 1 for much of suburban Jefferson County.

This system would link the Most of this would be spent the central alarm program. participating community fire departments, and could mean a reduction of 15 to 20 per-cent in fire-insurance premiums for home owners in the areas involved.

The program was outlined by County Judge Marlow W. Cook. Also part of Cook's plan is for the County Government to take over the annual \$34,000 payments to the Louisville Water Company for suburban fire hydrants.

There now are 794 fire hydrants in suburban areas for which the county would assume responsibility. It would not affect hydrants in areas served by independent water. districts.

Under the central alarm system, one telephone number would be used to report a fire. The responsible fire de-partment would be immediately notified from the City fire alarm office in the City Hall

Deadline Is Explained

Richard Trautwein, County fire coordinator, said that if the September 1 deadline can be met, "We will have the single telephone number in the new telephone book."

The proposal is to be presented to the Fiscal Court at its next meeting.

Trautwein said the system would make it easier to call the right number. Many people now get confused and call the wrong suburban department. This can mean critical delays in getting fire equipment to the scene, he said.

Under the proposal, trained men from the City Fire De-partment would take the calls and immediately alert the proper suburban department.

Costs Are Estimated

Trautwein said this can cut down the time it takes to get equipment to the scene. He

April 24, 1963, The Courier-Journal:

Lyndon Gets Fire Contract

The St. Matthews City Council last night approved a contract with the Lyndon Volunteer Fire Department to provide fire protection for an area east of Watterson Expressway bounded by LaGrange Road, Virginia, Harris, and Columbia.

The contract calls for an assessment of \$4.50 for each of the 200 homes in the area. The area recently was annexed by St. Matthews but is not readily accessible to the St. Matthews Volunteer Fire Department.

Assessor, Board Approved

In other action the Council approved the appointment of A. J. Snider, 3918 Hycliffe, as tax assessor, and Louis Herm, 3706 Nanz; W. L. Archer, 121 S. Sherrin, and A. R. Taylor, 4024 Hycliffe, as members of the equalization board.

The board will meet in the St. Matthews City Hall May 6, 7, and 8, from 7:30 p.m. to 9.

April 30, 1963, Letter:

Rezoning sought for apartments

A group of six apartment buildings is planned for construction on a tract of land known as the "old Gerlach property" on Breckinridge Lane and Hillsboro, according to plans filed with the St. Matthews Planning and Zoning Commission.

The Planning and Zon-Hillsboro, limiting ening Commission is being asked to rezone the property from A-1 residential to C-1 apartment to permit the construction. J. Ashby Miller, agent for Davis and Miller Realty firm, which plans to construct the apartments, made the request for the change of zoning.

According to the plan, four apartments, each containing approximately 2700 square feet of space, will front on Breckinridge Lane, and two will be on the backside of the property:

The apartments will be of brick veneer and will contain from four to eight plexes.

The plans call for a 30foot easement for a road on the northalde of the property and also through the middle to connect with trances and exits to Breckinridge.

Harry Jones, commission chairman, said the commission was approached last August on rezoning the property for a high rise apartment but he said nothing further was presented the body to act on.

Mr. Jones said no date is set as yet for the commission to act on the current request.

Welcome signs to go up for St. M

Welcome To St. Matthews signs will be installed next Tuesday at nine of the principal entrance points to the city. The sites were selected by the St. Matthews Business Association committee, Albert Sanders, chairman, Mayor Bernard Bowling, Earl A. Thomas, and Horace Barker.

May 5, 1963

William Ray Holt Teachers Retirement System 309 Lewis Street Frankfort, Kentucky

Dear Sir,

In answer to your request of April 30, 1963 we can furnish you with the following information about Captain Beam. He is survived by his widow, Mrs V, A. Beam, who is also the administrator of his estate. Her present address is the address which you stated in your letter, 171 LaSalle Place Louisville. 10. Kentucky. Louisville, 10, Kentucky.

Mrs. Beam was very happy to hear of this death benefit. She is probably in great need of same since Captain Beam required a great deal of medical care prior to his death.

Sincerely yours,

Roy O. Blackburn, Asst. Secy. St. Matthews Volunteer Fire Assi. 117 St. Matthews Ave. Louisville 7, Ky.

past, protested the latest attempt.

The owner, however, may be making some gains in the struggle. County Judge Marlow Cook, who lives near the area, commented last week that further study should be given to the rezoning request,

He noted that highway improvements at the intersection have somewhat reduced traffic hazards, which have been one of the key points raised egainst permitting commercial zoning there.

The signs will have a red background, white lettering and a black outline, mounted on three inch pipes se follower

The irony of this sitilar building which may and property owners pay uation is because of the be only across the street Increased rates in pro- difference of classificat-

despite the fact that the two buildings may be like structures, equal distance from the fire department and serviced by the same fire department.

Kentucky Inspection Bureau officials say this is because Louisville Fire Department is rated No. 3 which is very good while the St. Matthews Fire Department is rated No. 7, also very good for a community volunteer fire department.

The fact that the St. Matthews Fire Department, under contract to the Louisville Fire Department, services most of the calls in the immediate area -- and is ten the first on the scene because of its nearness has no bearing on the lower rate Louisville property owners pay. They get the benefit of the Louisville classification while being serviced by the St. Matthews firemen.

That there is some inquality of treatment isn't denied by officials of the Kentucky Inspection Bureau which sets the rates and classifications.

One official said the situation is similar to

Continued on page 13

St. Matthews pays

Continued from page 1

that which exists in the levy of taxes, adding that all residents pay the same rate because they live within the city but they may not get the same services.

He said that the rates for St. Matthews are set for the entire area as are those for the City of Louisville, H asked, "Where are you going to draw the line if you try to adjust the rates comparable to those in Louisville."

The officials, however, noted that classification of fire departments are not the only influence on rates. They said there are many things, such as distance of fire hydrants to the buildings.

St. Matthews property owners may never expect to equal Louisville fire insurance rates, but there are some prospect of improvements.

Bureau officials noted that several recommendations for improving the entire county area classification are being worked on and some are already before Fiscal Court for approval.

A central alarm system was cited as the most important. That has the approval of Judge Marlow Cook, but the officials indicated that some politics is involved before the plan goes through.

The recommendations have been worked out with approval of Jefferson County Firefighters Association and Civil Defense.

Chief John M. Monohan, Jr. St. Matthews Volunteer Fire Assn. St. Matthews, Kentucky

Dear Chief Monohan;

We were certainly happy to have you here at Seagrave and trust that your trip home was a safe one.

With all the other details of writing up the contract we overlooked having you sign a tax exemption form which is required by the government in our contracts. Your Fire Association is tax exempt and therefore no excise taxes are collected but we must have the form. I am enclosing one of these forms which you I*m sure will be able to fill out and we will appreciate your returning this form to us at your earliest convenience.

We are certainly happy to again have the opportunity to build a unit for your fire department and this will certainly be a first class piece of equipment.

Yours truly,

Andrew Ayers Jr. Sales Department

Firemen make runs

St. Matthews Volunteer Firemen made four runs this week. These were: June 22, assist Lyndon, at 8504 Blossom Ln.; 9:33 p.m., trash fire, rear 105 Brown Ave.; 10:23 p.m., lockout, 410 Rolling Ln.; and June 23, 12:15 p.m., stove, 5309 Hempstead.

July 3, 1963, Letter:

July 3, 1963

R. E. Payne Louisville Water Company 435 S. Third Street Louisville, Kentucky

Dear Sir.

In a recent phone conversation with you I requested on behalf of this department that the fire plugs in our territory not be repainted due to the fact that we have recently painted the crowns with a white floruesent paint. Enclosed you will find a map of the area in which this work has been done.

If in your estimation any of the plugs in this area are in need of repainting go ahead and paint them but leave the crowns in white. This work was done by us in order that we can spot the plugs more readily in the dark.

Sincerely yours,

Roy O. Blackburn , Ass't SecY St. Matthews Vol. Fire Ass'n

July 5, 1963: Friday, an arson fire occurred on the reporting shack at the Babe Ruth ball field at the St. Matthews Community Center. \$500 to \$1,000 damage. 1:15 a.m.

July 11, 1963, The Voice Of St. Matthews:

Arsonist blamed for fire at center

An arsonist apparently was the cause of a fire that struck at Babe Ruth League baseball last Friday morning.

A fire at about 1:15 a,m, totally destroyed the league's press box valued between \$500 to \$1,000. League and Community Center officials said the odor of kerosine was very strong at the site and theorized the building was set afire.

A guy pole at the rear of the building was damaged and canvas used on the backstop was destroyed. There was no equipment in the building.

Joe Neal, chairman of the Community Center Board, said the building was partially covered by insurance.

The Community Center has had a standing \$50 reward for information leading to the arrest of anyone causing vandalism to Center property and the reward was raised to \$100 in this case.

St. Matthews fire department, thinking the fire was at Ten Pin Lanes, sent its entire complement of equipment to the scene.

The fire, however, didn't disrupt games scheduled Friday night. Emergency electrical wiring for a loudspeaker system was installed and Ed Butler, an avid league worker, who owns Butler Construction firm, agreed to construct another building as soon as possible. This one will be constructed of concrete block.

George Westwood, fireman, dies

George Westwood, 53, Voluntary fireman with the St. Matthews Fire Department for about 20 years, died Saturday morning at Baptist Hospital after taken ill Friday night.

He was a supervisor at Port Terminal and resided at 202 Biltmore Road. Survivors are his wife and six children.

Funeral was Tuesday at Ratterman's and burial was in Resthaven.

GEORGE E. WESTWOOD

George E. "Red" Westwood, 53, a supervisor for the Port of Louisville, died at 8:19 a.m. Saturday at Kentucky Baptist Hospital. He lived at 202 Biltmore.

Westwood had been with the company since moving here from Philadelphia 30 years ago. He was a native of Conshohocken, Pa.

He was a member of the St. Matthews Volunteer Fire Department.

Surviving are his wife, the former Dorothy Hammock; four daughters, Mrs. Arthur F. Guelda, and the Misses Sharon L., Janice L., and Donna J. Westwood; two sons, George E. Westwood, Jr., Philadelphia, and Robert J. Westwood; three sisters, Mrs. Elwood Purnell, Manayunk, Pa., Mrs. Martha Morris, Sunbury, Pa., and Mrs. Leonard Burchfields, and five grandchildren.

The funeral will be at 2 p.m. Tuesday at Ratterman's, 3711 Lexington Road. Burial will be in Resthaven Memorial Park. The body will be at the funeral home after 2 p.m. Sunday.

3-Alarm Fire Ruins Laundry

Fire destroyed the plant equipment and most of the building of the Dixie Laundry & Dry Cleaning Company at 990 E. Breckinridge yesterday.

Ninety firemen manned 18 pieces of fire equipment to control the blaze about an hour after the first of three alarms was sounded at 4:49 a.m.

One fireman, Jackie Lee Bradley, 24, of 3312 Powell,

Picture on Page 1, Section 2.

was treated at General Hospital for a steam burn.

There was no one working in the brick-and-concrete-block building. Russell, W. Bruner, company president, said the last employees left about 5 p.m. Saturday.

The cause of the fire could not be determined. Firemen said flames were spurting up laundry chutes to the third

Col. 3, back page, this section

Continued from First Page

floor and roof when they arrived.

Bruner could not estimate the damage to the building, equipment, or clothing. The firm is insured, he said.

Clothing sorted for washing and ironing today was burned. Many packages of finished laundry, in bins along the Swan Street side of the building, were undamaged, however.

Bruner said some other clothing in the dry-cleaning section suffered only water damage and could be restored to good condition.

Other Laundries To Help

Other Louisville laundries are expected to help out with the company's processing so service can be continued without interruption, he said.

Fourteen delivery vans parked in a rear yard escaped damage, although they were parked only a few feet from the building.

The flames went through the center portion of the building, which measures about 125 feet by 175 feet.

The customers' entrance and a second-floor effice, both on the east, and the south end of the building suffered least damage. Most company records were undamaged.

During the height of the blaze a passenger train passed unharmed on the Louisville & Nashville Railroad tracks, about 35 feet from the laundry building.

After the third alarm, all off-duty firemen were called to their stations, according to Fire Department plan. A St. Matthews Volunteer Fire Department unit went to stand by for a City company at 1122 Rogers.

Other companies from Shively and McMahan took up emergency watch at stations at 1140 S. 28th and 1330 Bardstown Road.

Nurse Perishes In Fire At Home

Cause of a fire which took the life of a 35-year-old registered nurse early yesterday was still unknown last night.

Miss Mary Edwina Smith was burned over about half her body in the blaze which badly damaged her two-story home, 3901 Brownlee Road, at 3:45 a.m.

Her pajama-clad body was found on the floor of an upstairs bedroom, indicating she W. E. Whaley Company, an tried to flee, according to Deputy Coroner William S. Anderson.

County police said Miss

Smith alone when the fire started in the upstairs of the stone and frame house. The St. Matthews Fire Department put out the blaze.

was a staff

nurse at Ken-

tucky Baptist Hospital. She was a nurse in the Army in 1952 cent Hill Presbyterian Church. and 1953, and for the next 10 years was a secretary at Cralle Funeral Home, 2428 Standard Country Club and the Frankfort.

advertising firm. She rejoined the Kentucky Baptist staff last May.

Neighbors said Miss Smith, her mother, Mrs. Lucille Smith. and a brother, George Michael Smith, moved into the home about six weeks ago from a residence at 211 Perryman Road.

The mother and brother were visiting relatives in Alabama at the time of the fire.

Miss Smith is also survived by another brother, Dr. Jerry Smith, a dentist, who is preparing to serve as a medical missionary in Southern Rhodesia.

She was a member of Cres-

The body is at Herbert

August 12, 1963: 3:49 a.m. Nurse dies in home burning. The Whole roof was involved when the fire department got there. Fire gutted the upstairs bedroom and did severe damage to the down stairs from smoke and water. She was Mrs. Mary Edna Smith, 35 years old. She was found pajama clad, on the floor near the stairway with 40% burns on her body. Her mother and brother were out of town. She worked night shift as a nurse at Kentucky Baptist Hospital. Additions article in December 1963.

Nurse dies in fire on Brownlee

A Brownlee Road woman lost her life at 3:49 a.m. Monday when a fire gutted her upstairs bedroom and caused severe damage to the first floor of the home.

She was Miss Mary Edwina Smith, 35, who was alone at the time. St. Matthews firemen found her pajama-clad body on the floor near the stairway. She was dead on arrival at General Hospital, where it was reported burns covered 40 percent of her body.

Firemen, who said cause of the fire was undetermined, reported that the roof of the home was almost enveloped in flames by the time they arrived.

Where nurse died in fire Monday.

Miss Smith, a registered nurse on the night shift at Kentucky Baptist Hospital, was reported to have moved to the residence on Brownlee at Breckinridge Lane, with her mother, Mrs. Lucille Smith, and a brother, Michael, about six weeks ago from 211 Perryman Road.

Her mother and brother were reported visiting in Alabama at the time of the fire.

Miss Smith took her nurse's training at Kentucky Baptist in 1949, and served two years in the army as a nurse in 1952 and 1953.

For the next 10 years she was a secretary at the Standard Country Club and at the W. E. Whaley Company, an advertising firm. She rejoined the staff at Kentucky Baptist last May.

She was a member of Crescent Hill Presbyterian Church. August 29, 1963, The Voice Of St. Matthews:

Firemen collect for Crusade

St. Matthews Volunteer Firemen will again collect funds for the Crusade For Children which is act for Saturday and Sunday, Sept. 21 and 22. The firemen will begin

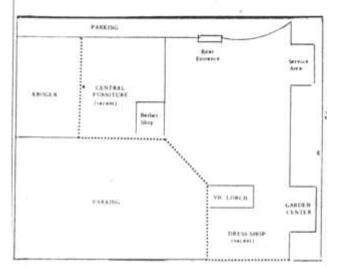

their door-to-door collections in the St. Matthews area on Friday evening, and collect all day Saturday and Sunday morning of the Crusade.

The department has asked business firms in the area donating to the crusade to call 896-8812 and a fireman will pick up their check.

Firemen make runs

St. Matthews Volunteer Firemen made two runs this week. These were: Aug. 23, 12:59 a. m., 4306 Shelbyville Rd., false alarm; and Aug. 25. 9:50 a.m. 3930 Lexington Rd., awning on building.

Expansion at Plaza set for Consolidated Sales

See next page Top in a diagram of the proposed layout of the expansion to Shelbyville Road Plaza, Right is vacant quarters of a former furniture firm and left is vacant store room. Photo at bottom shows the area as it is today. The new structure will go in the center and toward the rear--an area now Plans for a major expansion of Shelbyville Road Plaza to accommodate Consolidated Sales were approved last Saturday by the St. Matthews Planning and Zoning Board.

When completed the new structure and alterations will cost an estimated \$300,000 and will contain some 44,000 square feet of floor space.

The Board approved a building permit for the new structure on the southeast side of the Plaza and alterations of adjoining buildings in which are presently located a barber shop and a jewelry store.

When completed the altered buildings and new structure will be incorporated into one unit. According to plansfiled with the Zoning Board, the alterations will include quarters formerly occupied by a furniture store on the east side and quarters formerly occupied by a dress shop on the south side.

Board officials said they were told construction would start immediately, and the building would be ready for occupancy by March.

The plans, submitted by Dahlem Construction Co., say that window glass in existing buildings will be removed and redesigned to fit into the architecture of the new building,

Also the front of the upper part of the building will be faced with ribbed sheet metal siding. A new canopy will be installed over part of the sidewalk and part of the existing canopy will be retained.

The plans show the main entrances and exits to the new building will be located generally in the center.

A service area for automobile accessories will be located at the rear of the building and also an enclosed garden center. A major rear entrance is located on the east side.

Additional parking (to offset space used by the new structure) will be added to the rear. The plans say an area of 150 feet by 655 feet will be paved.

The building plans confirmed reports for nearly a year that Consolidated Sales would move from its present quarters at Chenoweth Lancand Shelbyville Road.

It is the first major expansion of the Plaza which was opened with some 30 stores in 1955

continued on page II

Expansion

continued from page 1 as one of the major shopping centers in Louisville,

When the ultra-modern Mall center opened just a few hundred yards east of the Plaza over a year ago, there was a strong belief among business men that the Plaza's business climate would be appreciably hurt.

Plaza merchants have since maintained that their business has grown, bowever.

The Center will cover about 15 acres on the Arteburn farm, between the Mall Shopping Center and Zachary Taylor Post, American Legion, It will be owned and operated by G. W. McConnell, 4610 Hanford Ln.

A club house, with sewer facilities, is under construction, and a solid concrete tee line -- be-Heved to be the only one of its kind in Louisville -is already in Rubber matring will be also used.

Firemen plan water ball contest

St. Matthews firemen will sponsor their second annual water ball match Sunday, Sept. 15, with an estimated 30 fire departments in the Greater Louisville area as contestants.

The contest tests the skill of ffremen (five men to a team) with fire hoses. Two teams participate at once. They attempt to move an 18-inch steel ball, which moves free along a wire, into each other's territory with streams of water under equal pressure. Preliminary trials will start at

11 a.m. on Bacon's Parking Lot and the actual contests will start at 1

Local firemen will take advantage of the contest to aid the Crusade for Children. They will have a refreshment stand whose proceeds will go to the fund.

Poster Boy Helps

FIREMEN COMPETE . . . Michael Adams, 11, son of Mrs. Martha Adams, 4834 Bellevue, poster boy of the Kentucky Muscular Dystrophy Association of America, Inc., aided firemen at a water-ball contest yesterday in St. Matthews. With Michael, from left, are Russell Rigney, Sr., Black Mud Fire, Department; Marty Kamer, St. Matthews assistant chief, and John Monohan. St. Matthews chief. McCulloch Fire Department, Clarksville, Ind., won the contest among 20 volunteer departments in pushing a ball back and forth with water from hoses.

September 15, 1963: Had our second annual Water Ball contest.

September 19, 1963, The Voice Of St. Matthews:

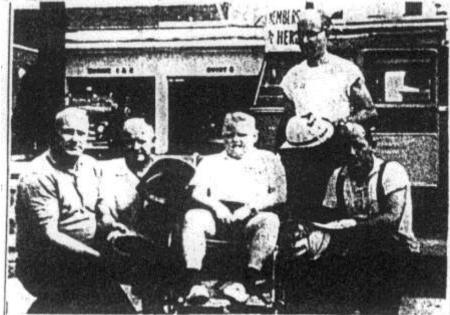

It is tit for tat between Lyndon firemen (right; and Louisville team No. 2 in a water ball contest in St. Matthews Sunday. Each team is trying

to move a steel ball along a wire with fire hoses. McCulloch Firemen, Clarksville, Ind., won over about 20 other departments.

Firemen collecting for Crusade

St. Matthews Volunteer Firemen will be collecting this weekend for the Crusade For Children. Collections will begin Friday evening, continue all day Saturday and until 1 p.m. Sunday.

Residents not at home at the time a collector calls are asked to bring their donations to the firehouse on St. Matthews Ave., before 1 p.m. Sunday. Business firms making a donation may call 890-8812 and a fireman will pick up their check.

Firemen take time out from a water ball contest in St. Matthews Sunday to pose with poster boy of the Kentucky Muscular Dystrophy Association which will begin its drive within a few weeks. The boy is Michael Adams, 11, son of Mrs. Lucille Adams, 4834 Bellevue. Firemen are (from left) Buz Pierce, chief of Lyndon; John Monohan, chief of St. Matthews; Marty Kaemer, assistant chief of St. Matthews and Lee McClure, chief of McMahan at Hikes Point.

September 19, 1963, The Voice Of St. Matthews:

GMAC office building okayed

Building planned

on Browns

A building permit has been issued for construction of an office building for General Motors Acceptance Corporation at 211 Browns Lane, The firm presently is located at 706 E, Broadway.

St. Matthews Planning and Zoning Commission issued the permit which calls for some \$200,000 worth of construction.

According to plans filed with the Commission, the building will be onefloor plan of concrete and brick construction.

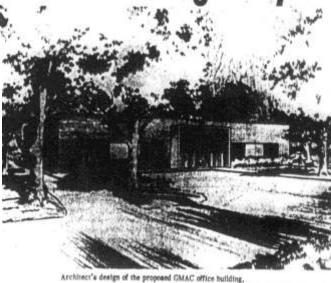

The building will contain 11,790 square feet of floor, space, front 113,4 feet and extend to a depth of 102.4 feet. The lot, now the site of O'Leary property, is 321.86 feet in depth and fronts 155.52 feet on

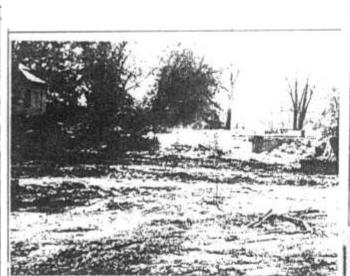

A lawn area will extend about 50 feet in front of the building and will be bisected by a walk, Curbing will be placed on the street.

A 76-foot driveway, including a sidewalk, will be placed on the left side of the building and a 15foot drive will be on the right side, Plantings will be placed along the outside of the right hand drive and in front of the building.

Parking for about 70 to 80 cars will be provided at the rear of the battding, and a dry well will be provided for excess drainage.

A section of land just at the rear of the parking lot, extending the width of the lot and for about 25 feet in depth has been sold from the property to Beargrass Christian Church as a site for a parsety school.

Only the foundation of a large brick residence remain while a buildozer eats into remaining ruble in clearing the site for General Motors Acceptance Corporation's new office building on Browns Lane,

"Linds' Most Poignant

A 6-year-old girl identified only as "Linda" made her do-nation in one of the most poignant scenes of the Crusade.

She shuffled to the fishbowl, and Walton asked:

'Hello there, what's

"Linda."

"What do you have there? Walton asked.

"Money."
"What's it for?

For crippled children."

"Where did you get it?"

From people."

As Linda walked away the camera revealed for the first time that she wore braces on her legs.

The Crusade aids children with all kinds of ailments and defects. Contributions are alloted among agencies in Kentucky and Southern Indiana on the basis of donations from each state. The expense of raising the money amounts to less than 7 percent.

2,225 Take Part

This year's program was produced for television by Sam Gifford and adapted for radio by George Walsh. Charles Mc-Daniel, WHAS film director, was coordinator. He estimated that about 2,225 volunteers took part, "including about 1,000 firemen."

The volunteers included five nurses who reported only "several aspirin cases." There were platoons of police and 140 Marines on hand to keep order and lend color.

More than one entertainer volunteered compliments on the manner the program was

Tre been doing this sort of thing for 20 years or so," said singer Johnny Johnston, "and I've never seen one handled better."

Kenneth Burns. better known as "Jethro" on national television screens, echoed Johnston's sentiments

They have a way of handling talent," he said while relaxing in the wings. "This show beats most of them to heck."

Eline, Sanders, Wheeler onored for civic work

Steaks and large potat- Eline and I. J. Sanders thing handed out at the annual meeting of the St. Matthews Business Association Monday night; there were also three St. Matthews." is community Service awards.

Association president Dick Wheeler presented "Tony" awards to A. J.

oes were not the only and then past president Al J. Schaneberg handed Dick one--all inscribed; "For Outstanding Leaderable and Dedication to

The three men's reaction was one of surprise. Mr. Eline, turning the plaque, stammered: "I don't know what to say

. . .I just wish someboo, would have told me about the presentation so I could have had something to

In making the presentation, Wheeler noted that Mr. Eline was a native son, born on a farm off Cannon's Lane, an area in which he now lives. He recalled that Mr, Eline became a Ford dealer in 1913, kept the business until 1930, then held the Buick and Pontlac dealerable until 1935, when he became a Chevrolet dealer.

Mr. Eline gave up the automobile business he held for 40 years, according to Wheeler, and concentrated on real estate in which he had been engaged for many years.

Tony has been a planner, a builder, a developer and an owner of a great many properties, all in St. Matthews area. Wheeler said,

He stated that Mr. Eline either developed, or was a a part of the development of Sherrin, Fairfax, Nanz, and Grandview Avenues where the first subdivisions in St. Matthews were developed. He developed and built most of English Village and Parkside subdivisions, Wheeler said.

Among other developments included sections in Seneca Hills, apartments in Elmwood, Westport Heights, and is currently building Brownsboro Estates, Wheeler said of Mr. Eline,

"By investing his own money, Tony has demonstrated more faith in St. Matthews than any other man. He had it in 1913,

ice Award looks on.

Wheeler is surprised by Al J. Schannberg who presented him his award.

They've cleaned thousands of uniforms for free, and given tremen-

dous support to every known St. Matthews area organization in many ways," Wheeler stated.

In presenting Wheeler his plaque, Mr. Schansberg stated that Wheeler, having served three terms as Association president, had shown valor beyond the call of duty.

"Dick is both a for and against man," Mr. schansberg said, and added: "Even though he's in business, he doesn't mind expressing his opinion and working either for or against whatever he believes is best for St. Matthews.

Continued from page 1 and he's still building for himself and others, "Wheeler said.

He stated that Mr. Eline had supported many worthwhile civic projects -- among them the St. Matthews Volunteer Fire Department, the Municipal Parking lot and the Sidney Eline Memorial Library.

Of Mr. Sanders, Wheeler noted that he began a cleaning business in partnership with two sons in a "small shotgun cot-tage" on the site of Bacon's Department store in 1946.

"I. J. Sanders set the policies for the operation of the business. He likes people and enjoys helping them in many, many ways. That may be one of the secrets of his success," Wheeler said. He stated that Mr. Sanders, 77, was something of an athlete in his youth and was teammate of Casey Stengel in the Blue-

a pitcher. "ills early interest in baseball and other sports may be the reason why Sanders Cleaners has always been such strong supporters of athletics,

grass Baseball League in

Firemen's Shakedown

IT WAS during the recent WHAS "Crusade for Children." A motorist, driving a car with Virginia plates rolled up to the roudblock set up by solicitors from

the St. Matthews Volunteer Fire Department along U. S. 60 on the edge of town.

"I've been stopped by people wearing fire hats and carrying cans and buckets in Versailles, Frankfort, Shelbyville, Middletown and here," he said to Chief John Monahan as he dug into his pocket. "This is \$8 I've been out so far. What's this all about anyway?" he asked looking bewildered-and then drove off before Monahan could explain.

I hope somehow, someway this column finds its way to the puzzled Virginian so he'll know that his \$8 shakedown in broad daylight went to a most worthy cause.

November 6, 1963

St. Matthews Volunteer Fire Association, Inc. 117 St. Matthews Avenue

St. Matthews, Kentucky

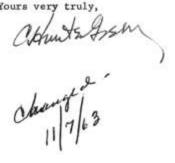

Gentlemen:

You will note that I have changed the amount due on the enclosed invoice. I have had quite a series of correspondence with the City of St. Matthews in connection with my assessment.

According to the invoice the rate is based on .75¢ per \$1000.00 of Jefferson County assessment. In 1962 the Jefferson County assessor revised the assessment on my property from \$15,640. to \$13,800. This is the basis upon which I computed the enclosed check.

I trust this will be satisfactory.

Body Of Nurse 'Suffocating' In Fire Exhumed For Probe

Miss Mary Edwina Smith's death here August 12.

registered nurse was found on the floor of an upstairs bedroom after fire swept through her two-story home at 3901 Brownlee Road, St. Matthews.

The body was exhumed yesterday, when a report of blood samp, showed she "possibly" might have been dead before the fire, according to Deputy Coroner Don Shader.

Examinations yesterday showed there were no marks of violence on the body, but further tests will be made, Shader said.

Says Fire Was Set

A detective from the State Arson Bureau has reported the fire was deliberately set. The coroner's office originally reported Miss Smith suffocated in the fire. She had burns over 40 percent of her body.

Miss Smith apparently was alone in the house at the time of the fire. Her mother and brother, with whom she lived, were visiting relatives in Ala-

Tests continued yesterday as bama. She was a registered body for an autopsy was authorities sought the cause of nurse on the staff of Kentucky reached last week. Miss Smith Baptist Hospital.

Clarence Gillingham, a State arson detective, said he found The body of the 35-year-old evidence that an inflammable liquid had been poured over the floor in the room where Miss Smith's body was found.

Blood Findings Told

Samples returned here from the State-police laboratory at Frankfort show there was no carbon monoxide in the blood immediately after the fire, indicating Miss Smith may have died earlier, the coroner's office reported.

The decision to exhume the

reached last week. Miss Smith was buried August 14 in Resthaven Memorial Park.

Authorities said there is a possibility they may determine if poisons or drugs were involved. Otherwise the cause of death may never be known. they said.

Westport fire

A fire in the Westport High School gymnasium last Saturday afternoon resulted in the loss of several hundred dollars worth of football equipment and damages to a fan motor.

W. E. Pierce, chief of the Lyndon Volunteer Fire Department, said the fire started in an electrical motor in one of the large fans and destroyed about \$500 worth of dummies used in football practice which were stored in the floor room of the gym. He estimated the loss to the motor at \$350. He said other football equipment stored in the room was not damaged.

The alarm turned in at 4:01 p.m. was answered by both Lyndon and St. Matthews departments.

Seven fire runs

St. Matthews Volunteer Firemen made seven runs last week. These were: Oct. 29, 4:13 p.m., 3747 Lexington Rd., light fixture: Oct. 29, 5:29 p.m., 323 Sage Rd., garage; Oct. 31, 12:58 p.m., 711 Macon, stove; Nov. 1, 12:37 a. m., Toddle House Lexington Rd., grill; Nov, 2, 3:59 p.m., backed up Lyndon at Westport High School; Nov. 3, 3:33 p.m., Masonic Home, barn, backed up City of Louisville; and Nov. 3; 5:38 p.m., 3900 block, Warner, malicious false.

Fire runs made

St. Matthews Volunteer Firemen made six runs last week. These were: Nov. 14, 10:34 a.m, 424 Darbrook, overheated furnace; Nov. 15, 2:23 p.m., 3713 Lexington Rd., grease on grill; Nov. 15, 6:13 p.m., 415 Rolling Ln., stove; Nov. 16. 16, 1:03 a.m. 500 Block Cornell, leaves; and Nov. 16, 3:31 p.m., 607 Indian Ridge, weeds.

November 23, 1963, The Courier-Journal

Rust In Water At St. Matthews No Health Peril

A Louisville Water Company official said yesterday that rust being stirred up in water mains in the St. Matthews area by a series of fire-hydrant tests does not make the water harmful to health.

B. E. Payne, chief engineer and superintendent of the water company, said the rust foes not reduce the chlorine protection against bacteria.

He said, however, that linens and white garments should not be washed as long as the water has rust.

The Fire Department tests are scheduled to end Tuesday.

December 5, 1963, Letter:

December 3, 1963

MaNahon Center Volunteer Fire Department 3018 Hunsinger Lane Louisville 20, Kentucky

Gentlemen,

We, the St. Matthews Firemen would like to extend to the members of your department an invitation to a New Years Everone of the Post of the No. P.W. Post, 113 N. Sherrin Ave., from 9;00 P.M. til 1:00 A.M.

The price of the dance will be \$10.00 per couple. This will include all drinks ('Bourbon, Gin, Volka, Scotch, and Beer), plus Set-ups and Ice. A five piece orchestra will furnish the music for the dance and there will be favors for each couple.

With your Permission we will have a member of our department call on you to sell tickets. (December 11, 1963)

This dance will be limited to 100 couples, as to give everyone enough room to have a good time.

Sincerely yours,

R. C. Welling, Chairman Dance Committee

MARINES WANT TOYS AGAIN

The Marines want your toys again this year for their Toys for Tots drive to benefit needy children in Jefferson County and Louisville this Christmas.

They want toys that are in good condition and ready to give as there isn't time to make any repairs.

The toys may be taken to volunteer fire departments in this area from which the Marines will pick up.

A freight atlences its roaring engines in St. Atai) hows at 11 a.m., in reverence to President being nedy.

Fire runs made

St. Matthews Volunteer
Firemen made three runs
on Nov. 23. These were
at 12:26 a.m., Highway
60 across from The Mall,
automobile; 10:18 a.m.,
148 Westwind; furnace
motor; and 8:46 p.m., intersection of 42 and 22,
automobile.

Fire disrupts dinner at Canary

A fire early Tuesday night didn't cause much damage at the Canary Cottage but smoke did route the restaurant's patrons for a short time.

The fire was confined to the building's circulating system, where line had caught afire, according to firemen.

Six pieces of equipment from St. Matthews Volunteer Fire Department and Louisville companies were at the scene,

2 fire runs made

St. Matthews Volunteer Firemen made two runs in the past week. These were: Nov. 27, 10:34 p.m., Watterson Expressway between I-60 and I-42, tree; and Dec. 2, 10:18 a.m., 4031 Leland Rd., furnace motor.

Fire rates go up for some, lower for others

Rates charged by the St. Matthews Volunteer Fire Department for some areas have gone up while other areas have come down, as some sixth class cities and other developments have discovered.

Fire Chief John Monohan said the reason is because the department has changed its policy of charging for each unit a flat rate and instead is charging a rate based on the state and county assessment of property.

He said the old rates ranged from \$3 to \$7.50. The new rate is \$75 for each \$1,000 assessed valuation.

Chief Monohan said the department has purchased a new 1250 gallon pumper which should be put into service in about two weeks.

RATE IS 75¢

A story in the Voice on re-adjustment of rates charge by the St. Matthews Volunteer Firemen should have read 75 cents for each \$1,000 of assessed valuation rather than \$75. In smaller terms, the rate is seven and one-half cents for each \$100 assessed valuation.

Jury says fire fatal to nurse was arson

A fire in which Mrs. Mary Edwina Smith died last summer at her residence, 3901 Brownlee Road was arson, a corweek.

3

1 1

.

However, Chief Deputy Coroner Don Shader said that color slides indicated the presence of carbon in Mrs. Smith's windpipe and added that this indicates she was alive at the time of the fire.

He listed the cause of death as probably due to suffocation. County Police Lt. Charlie Cook told the jury there was no evidence of foul play.

The victim's body was exhumed November 1 because there was Indication she was dead before the fire.

Mrs. Smith, 35, a registered nurse at Kentucky Baptist Hospital, was found dead August 12 in an upstairs bedroom at her home which burned.

Clarence Gillingham, a detective with the State Fire Marshall's office. said he was convinced the fire was caused by arson.

He said the damage indicated that there was a very hot fire probably started by gasoline.

He stated that Mrs. oner's jury ruled last Smith's body when found was not in a natural position.

Miss Micou

Micou-Corum

Mr. and Mrs. William Thomas Micou, Jr., of 322 N. Bonner Ave., announce the engagement of their daughter. Miss Harriet Lindsay Micou, to Mr. Ward Lewis Corum, Jr., son of Dr. and Mrs. Ward Lewis Corum, 4428 Greenbriar Road.

Miss Micou attended Maryville College, Maryville, Tenn, Miss Micou and Mr. Corum are sentors at Morehead State College, Morehead, Ky., and will graduate in May. The wedding will take place on January 24, at

place on January 24, at 4 in the Presbyterian Chapel on the campus of Morehead State College,

STMFD firefighters daughter.

St. M. . . . from potato patch days to present

A Reprint from The Voice July 15-22, 1954

The St. Matthews Volunters Fire Department, the first of its kind in Kentucky, was organized in 1919 and was located in the Eline garage. Anthony Eline was the first president. Xavier Schuler was the first chief and Andrew Neichter the first captain. Mr. Niechter became chief in 1921 and held that position until 1929.

In 1931 the department bought a new fire engine to replace the Model T Ford chemical engine, which had a one-ton truck holding three 35-gallon chemical

tanks. The department moved to

In 1952, under John Monohan, chief since 1941, the department moved to St. Matthews Avenue, north of Shelbyville Road. It now has three modern fire trucks. The rates are \$3 a year for subscribers. If the department answers the fire alacm of a non-subscriber, it charge: \$50 per four per piece of equipment used.

In 1931 fire insurance rates here were 96 cents per 100 valuation on real property. Today, all houses within 1,000 feet of a fire plug or three miles of the St. Matthews Volunteer Fire Department, pay 24 cents.

The department began adding tailor to its fire trucks this year.

Edited from article.

Fire runs made

St. Matthews Volunteer Firemen made three runs in the past week. These were: Dec. 18, 4:34 p.m., 1632 Almira Cr., television; Dec. 19, 12:35 p.m., 6831 Greenmeadow Cr., auto; and Dec. 27, 5:56 p.m., 304 Brunswick, mattress.

The St. Matthews Fire Department, pictured in 1919, was begun in Eline's Garage, on Frankfort Avenue.

Minutes of the meeting of the St. Matthews Volunteer Fire Association, held Thursday, January 9th, 1964 at Firehouse.

Directors Present

W. Leland Wilson John Monohan Marty Kamer Henry Monohan Fred Boss George Miller

Minutes of last meeting, held December 12, 1963, read by President Monohan. Motion made by Henry Monohan, seconded by Fred Boss, that they be accepted as read.

Motion made by Fred Boss, seconded by George Miller, that we pay \$30,000.00 to C I T Corp. for equipment purchased from Seagram Corp., leaving a balance of \$6,075.00, which will be paid February 1st.

There being no further business motion made by Henry Monohan, seconded by Fred Boss that we adjourn.

Respectfully submitted

George E. Miller, Secy.

Fire runs made

St. Matthews Volunteer Firemen made eight runs in the last week. These were: Dec. 31, 7:46 p.m., rear of 4144 Shelbyville Rd., trash; Jan. 1, 12:15 a.m. rear The Mall, field fire; Jan. 1, 4:09 p.m., 439 Country Ln., fire in ash dump of fireplace. Jan. 2, 7:30 a.m., 3710 Winchester Rd., automobile; Jan. 2, 6:31 p.m., 3512 H 111 aboro Rd., Christmas tree; Jan. 4. 3:16 a.m., 3930 Elmwood Rd., furnace explosion; Jan. 4, 3 p.m., Browns Lane at Sherburn, field fire; and Jan. 4, 3:05 p.m., Breckinridge Lane and Expressway, field.

Future STMFD firefighter.

Lee Wahlstrom

Lee Wahlstrom named church youth director

Lee Wahlstrom from Seattle, Wash., is the new youth director at Beargrass Christian Church, lie is a senior at the College of the Bible in Lexington, majoring in the ministry of religious education.

He is a graduate of Northwest Christian College in Eugene, Ore., and has served for a year as minister of the Glendale, Oregon Christian Church. While at the College of the Bible, he has worked in the Sunday evening program at Kentucky Village and served as youth director of the Victory Christian Church in Lexington for over a year and a half.

He and his wife Carol have a son Larry who is 2 and a half.

City to drain Hycliff pond near Macon

A pond of surface water which has been forming in the 3700 block of Hycliffe Avenue, will soon be eliminated if weather conditions will permit work there.

Mayor Bernard Bowling this week said that 10 residents in the block have raised \$450 for drainage tile to drain the water to a catch basin just west of Macon Avenue, about a distance of one block.

The pond was arits worst within the past weekfrom the thaw of heavy snow and when the ground was frozen preventing water seeping into the ground. Mayor Bowling said the pond freezes during extreme cold weather and becomes a hazard.

It is about two blocks west of the famed site of the 'Hycliff Lake' which troubled the area until it was eliminated about 10 years ago.

A lake in the 3700 block of Hycliff Avenue due to be drained. The water extends to lower right of picture and several feet beyond, but was frozen when photo was made.

The five-inch snow which hit the area last week wasn't just plain misery to all people as these youngsters were among many in the area who built the conventional snowman--this one eight feet tail. Danny Zirnheld, 3518 Hycliff, holds his younger brother, Gary, to make a repair. Ricky Pranger, a neighbor, watches.

Hungry?

Supper-Less Club Will Open Anyway

The Embassy Supper Club 4625 Shelbyville Road, will hold its grand opening Wednesday, but without suppers. because of fire in the kitchen ceiling at 2:51 p.m. yesterday.

A partner, Sam Pedro, estimated damage at about \$4,000.

He said the club is open for cocktail business but repairs to the kitchen will take two or three weeks.

Cause of the blaze was undetermined, according to St. Matthews firemen.

January 16, 1964, The Voice Of St. Matthews:

Fire damages Embassy Club

The newly established Embassy Supper Club and cocktail lounge in quarters formerly occupied by the Racquet Club and Town and Country Liquors was damaged by fire at 2 p.m. last Saturday, just hours before the club was to open.

Sam Pedro, manager, ing and inside structural said the fire which knock- changes since Mr. Pedro ed out the club's kitchen and others purchased the and left the club without Racquet Club and adjoindining facilities caused 'pretty high" damages, which he could not estimate at the time,

Not affected were the dining room area and Racquet Club's dining cocktail lounge which are area and cocktail lounge in business, although no food is being served.

Mr. Pedro said it will take about six weeks before dining facilities will be put back into operatton.

in rafters above the kitchen and was apparently caused by an old flue in the old part of the building. He said the losses were covered by inmurance.

The quarters had undergone extensive remodeling Town and Country Liquors last summer.

The new club's dining area now consists of the entire area that was the and bar.

The cocktail lounge and bar, in ultra-modern design, are now where the Town and Country Liquors were located. There are two entrances He said the fire started to the dining area from the cocktail lounge,

The new club, located at 4625 Shelbyville Rd., was supposed to open only on a trial basis last Saturday night but the official opening was not scheduled until yester-

FIRE RUNS

St. Matthews Volunteer Firemen made five runs this week. These were: Jan. 7, 6:01 p.m., 406 Lotis Way, furnace motor; Jan. 8, 9:16 a, m., 508 Bauer Ave., furnace motor; Jan. 11, 2:51 p.m., 4625 Shelbyville Rd., Embassy Club; Jan. 11, 5:59 p. m., Shelbyville Road Plaza, trashfire; and Jan. 13, 12:25 p.m., 170 Westwind Rd., child locked in bedroom.

No rrain but one gate is down and another is up (note arrow) at this railroad crossing at St. Matthews Avenue and Westport Road, This is one of many "unusual" occurances which have confused motorists there within recent months, This instance occurred Tuesday and traffic just went around the lowered gate.

Siren to blow at 6 p.m.—not noon

If you happen to hear the siren of the St, Matthews Voluntary Fire Department blow at noon beginning February 1, it will likely mean a fire alarm, and if the alarm goes off at 6 p.m. it will not necessarily mean a fire call.

The Department said this week that the test stren will be changed effective February 1 from the noon hour to 6 p.m. each day.

Fire runs

St. Matthews Volunteer Firemen made 11 runs this past week. These were: Jan. 21, 6:04 p.m., 4306 Shelbyville Rd., small fire in house; Jan. 21, 6:15 p.m., 4310 Shelbyville Rd., trash; Jan. 22, 4:28 p.m., 4163 Westport Rd., weeds; Jan. 27, 5:17 p.m., front of 3922 Willis, auto.

Jan. 23, 2:07 p.m., rear Brunswick Rd., brush; Jan. 23, 6:21 p.m., rear 4605 Blenheim Rd., brush; Jan. 23, 6:23 p.m., rear 3540 Nanz, trash; Jan. 24, east end of Blenheim, weeds; Jan. 24, 3:36 p.m., east end of Blenheim, brush; Jan. 26, 7:35 p.m., filled in for City of Louisville at Frankfort and Pope; and Jan. 27, 11:37 a.m., 4900 Shelbyville Rd., wash gasoline from street.

Minor fires keep firemen on the run

St. Matthews Volunteer Fireman made 12 runs in the last week, six with-In two hours time Saturday. Runs made were: Jan. 28, 2:37 p.m., 3909 Springhill Rd., child locked in bathroom; Jan. 29, 3:50 p.m., Hubbards Lane south of Quarry, brush; Jan. 30, 5:12 p.m., 409 Bauer, yard and garage. Feb. 1, 3:11 p.m., 4400 Walser Rd., weed fire; 3:30 p.m., 102 Browns Ln., weeds; 3:39 p.m., 204 Bonner, weeds; 4:05 p.m., Episcopal Church at Massie and Hubbard. children found electrical fuses thinking they were dynamite; 4:23 p.m., rear Joe Brown Ford, weeds: 4:40 p.m., 229 Norbourne Blvd., living room couch, Feb. 3, 12:58 p.m., 3527 Norhourne Blvd., grass fire; 4:38 p.m., rear of Shelbyville Road Plaza, weeds; and 9:57 p.m., 411 Cornell, overheated steam botler.

February 1, 1964: Letter to Editor, The Voice of St. Matthews: Dear Sir:

On January 11, 1964 at approximately 2:30 p. m., The Embassy Supper Club was struck by a fire which originated in the kitchen.

During the three months previous to this fire, extensive remodeling and refurbishing of this establishment was in progress. Needless to say, much thought, capital and hard work went into this project in anticipation of giving the people of St. Matthews and the Greater Louisville area the finest Supper club available.

All these hopes faded as smoke commenced to pour from the eaves of the building. As I waited anxiously for the fire department, I visualized the whole building as a crumpling stack of charred wood and ashes. I had no hope that the dining room and cocktail lounge could fare any better than the kitchen which I felt certain would be destroyed.

However, my feelings changed and my heart felt lighter upon the arrival of the St. Matthews and Lyndon Volunteer Fire Fighters. The speed, efficiency and care which was extended in combating the fire was more than one could expect. It was as if these boys were attempting to extinguish a fire in their own home. Tarpaulins were laid to protect our carpet; ladders were quickly raised and holes were opened in the louvers to relieve the building from smoke damage; hoses were carefully handled to avoid water damage. These boys truly knew their business.

As a result of their efficient and courageous work, the beautiful dining room and cocktail lounge were spared from serious damage.

The St. Matthews Fire Department, together with the Lyndon Fire Department should be more than commended for their wonderful work. We thank them both and we congratulate them for doing their job in a first class manner.

FIRE FIGHTERS, INC.

Fire Fighters, Inc., (which is all 21 volunteer fire units in Jefferson County) is having a benefit show February 23, 1964 at Fairgrounds Coliseum to raise funds for increased insurance coverage and for a special equipment fund. We are also going to distribute a fire safety manual at the same time.

Thank you for any and all consideration. Chief Jesse Whitmer, President.

Fire runs

St. Matthews Volunteer Firemen made four runs last week. These were: February 11, 9:02 a.m., Brownsboro Road near Hubbards Lane, auto; Feb. 12, 7:54 a.m., front of 3936 Massie, auto; Feb. 12, 10:25 p.m., Breckinridge Lane and Expressway, false alarm; and Feb. 17, 11:10 a.m., 4007 Druid Hills Rd., small fire in closet.

Consolidated to open on 9th for 'dry run'

Consolidated Sales this week said it would open its new store in the Shelbyville Road Plaza March 9 for a "dry run" and plan a grand opening on March 12.

A 10-day promotion will begin with the grand opening, including some \$125 worth of gifts each day, Professional models will be hostesses and aswist in distribution of the prizes.

The new quarters, located in the southeast corner of the Plaza, will have 60,000 square feet of floor space and which is to be in additions to the usual line of merchandise caxried at the old location.

The new store will have a pharmacy, and an electronic restaurant among other new departments not included in its store at Chenoweth Lane and Shelbyville Road.

Chrysler buys Brown tract

Chrysler Motors Corporation has purchased a tract of land owned by the James Graham Brown Foundation on the southside of Shelbyville Road for a reported \$300,000.

The land, with a 513foot frontage, between the St. Matthews Womans Club and Parkside Building, was zoned commercial recently, Representatives for both Brown and Chrysler said the firm plans to erect two buildings for auto agencies -one for Dodge Division and one for Chrysler.

A small tract of land at the rear of the property fronting on Churchway was zoned for apartments.

GMAC moves to St. M. office

General Motors Corporation locked its old office at 706 E. Broadway one day last week and the following day its 85 employees walked into a brand new building in St. Marthews.

The move brings a payroll of some \$40,000 to yet to be completed and, \$45,000 a month to the in the meantime, the emarea, but doesn't necessarily mean local merchants will realize the full amount.

A GMAC official said the local office's employees come from all over the Louisville area but added that there are as many from the Eastend area as

other places.
The move also means that the county will collect the occupational tax which formerlly went to the City of Louisville. Mayor Bernard Bowling naid that St. Matthews will not realize a great windfall in tax revenue from the firm but added, "we're glad to have them here."

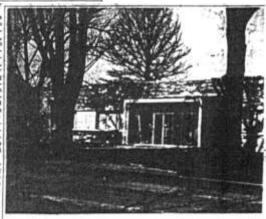

He noted that the gross receipts tax will not apply in this case, that the firm will pay a set rate as is charged other similiar loan organizations.

The new building, originally estimated to cost \$200,000, is a one-floor plan with 11,970 square feet of floor space.

While the building is completed, landscaping was being done this week, The firm's parking lot is

ployees are parking on a nearby lot.

GMAC office hullding-St. Matthews newset--is all but complete, with landscaping and parking area yet to be finished. This is a view of the front entrance on timeses Lanc. The firm moved in about two weeks ago.

1964 Some time in the early part of 1964 S-3 a new Seagrave Pumper, 1200 GPM was delivered.

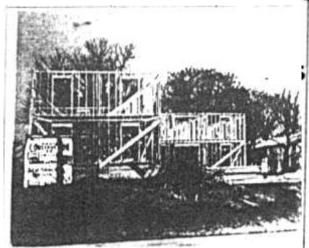

1964 Some time in the early part of 1964 S-3 a new Seagrave Pumper, 1200 GPM was delivered.

March 5, 1964, The Voice Of St. Matthews:

The fourth of als sperment buildings plenned on the "old Gerlech property" on brecktorings fame at fillsboro is under construction. The sperments, four and eight ples, are being constructed by fasts Construction. Company for fasts and biller Realty firm. A finished sperment is at right in background, the view is from filliaboro.

Maier's to move two doors east

Mater's Har & Restaurant, 3909 Shelbyville Rd., will move to a building formerly occupied by Zehnders Brothers Creamery, just east of the firm's present location, about July 1.

Tony Maler, owner of toward the rear, Side and the restaurant, said this week the new location will undergo extensive remodeling, and it probably will be fully I before the firm moves, He added will offer more dining that his lease on his present quarters and liquor license expires on that date.

Mr. Mater said he has purchased the building. The bar will be located In the front of the bullding and the contamant

roar entrances, will be provided, in addition to a front entrance at the new location,

He said the new location space and as much parking space at the side of the building as he presently has.

Dairy Queen, service station get face lifted

People just aren't going to recognize flauer Avenue and Lexington Road if a general facelifting on the intersection goes much further.

Kansom's Sinclair ser- structure is expected to

ing a complete change, weeks. and the Datry Queen, just across the street on the southwest corner, is also being extensively remod-

The service station is the service station is erecting a new three stall building of concrete block that will face Bauer Avenue. There will be service areas accessable both from liauer and Lea-ington Road, The station's present building will come down after the new building is ready for use; meanwhile business continues as usual. The new to be a major frem,

vice station is undergo- be open within five or six

A new all-glass front has already been installed at the Dairy Queen, which previously had handled only Datry Queen products and other dairy foods.

But when it reopens about April 1, a large walk-in refrigorated room will have given way to a patto for abort order foods, such as char-coel hamburgers, which may be eaten there or carried out. The Dairy Queen line will continue

Thorpe Interiors begins overall face-lifting

Influenced by Frank Lloyd Wright

Thorpe Interiors, a decorating firm, 224 Cheno-weth Lo., in beginning a general face-lifting of its old style residential building into one of "tran-sitional" design as inatrional" design as in-fluenced by the late Frank Lloyd Wright, "There will be no maj-

or structural changes in the present building, Skip Thorpe, owner, said, but added that plans call for a general improved appearance.

Among major changes will be the roof line of the present building. It will be extended toward the ground and a dormer enclosed, giving the twostory building the appear-

front most the building, landscaping will be car-

screening the old style windows. Loss of light from the screen will be offset by skylights.

One of the biggest changes will be the ad-dition of a room of some 1,000 square feet of floor space on the northeast corner of the building, facing Chenoweth Lane and Elmwood.

A circular shallow pool with a jet fountain will be located in front of the new addition and a similar pool, of which one-fourth will be covered by a plastic sphere, will be rttaily inside of the building. The sphere will cover the outside portion, Earth and sod will be used tohidethe building's ance of a one-story. ... used to hide the building's Redwood grill work will foundation, and extensive

ried out on the grounds, Entrance to the building will be, only from Elm-wood side, where a park-ing area is also located.

Mr. Thorpe said about an additional 1,000 square feet of floor space will be gained in the second floor by changes in the roof, giving the firm some 2,000 more square feet more square feet over all,

Wesley Peters of Tallesin Associated Architects, an affiliate of the Frank Lloyd Wright, Foundation, is the archit-ect, He is a soe-in-law of the late Frank Lloyd Wright.

An architect of the firm described the design as bold attempt to show architecture and interior design working togeth-

April 10, 1964: Letter, to Mr. John M. Monohan, Chief, St. Matthews Volunteer Fire department: Dear Chief:

FIRE PROTECTION - ST. MATTHEWS FIRE PROTECTION AREA

This is to confirm your recent telephone conversation with our representative Mr. smith, concerning the classifications of municipal fire protection facilities and possible reduction in the fire insurance rates.

In grading the municipal fire protection, we used the "Standard Schedule for Grading Cities and Towns with Reference to their Fire Defenses and Physical Conditions" which Schedule is recommended by the National Board of Fire Underwriters. The Schedule provides a method of evaluating fire protection facilities and conflagration hazards, and is applied by assigning deficiency points for each deviation from the Standards. The total number of deficiency points assigned determines the classification of the City. The maximum number of points that can be assigned is 5,000 and since there are 500 points for each class, it is possible for a municipality to be placed in any of ten classes. As examples, a city with 1,350 points is third class, and one with 3,250 points is seventh class. The 5,000 deficiency points are allocated among the seven features considered in the schedule as follows:

Water Supply
Fire department
Fire alarm
Police Department
Fire Prevention
Building Department
Structural Conditions
Total

1,700 points

The following are the approximate reductions on ordinary constructed mercantiles, which will result from a change of classification from seven to six, if conditions are exactly as they were when the buildings were last rated. They do not include fire-resistive buildings, risks protected by automatic sprinklers, or some industrial plants which are rated under special schedules. Brick buildings 5.9%, brick contents 2.4%, frame buildings 3.5%, frame contents 2.2%. As you know there are several different types of dwelling policies, and also there are many factors that must be considered in determining a dwelling policy premium. It would be impractical for us to attempt to list all of the possible reductions in dwelling property from class seven to class six; however, we would estimate that the average reduction in one and two-family frame dwellings would be about 15% between these classes.

We hope this give you the information desired, and if you have any further questions concerning these matters please let us know. Mr. Smith.

11 fire runs

St. Matthews Volunteer Firemen made 11 runs this past week. These were: April 7, 6:30 p.m., rear 110 Marshall Dr., tree; April 8, 9:08 p.m., Gateway Store, Shelby-ville Road Plaza, trash fire; April 9, 11:08 a.m., 4609 Brownsboro Rd., grass; April 9, 3:22 p.m., rear 1405 Browns Ln., field fire.

April 10, 12:27 a.m., assisted Louisville at Frankfort and Pope Street station; April 10, 9:30 a.m., Mockingbird Valley Road and Country Club Road, field; April 10, 7:30 p.m., Country Lane and Fairway Lane, shrubbery.

April 11, 9:51 a.m., front of 145 Breckinridge Ln., auto; April 11, 3:47 p.m., 3906 Brookfield, fire in basement; April 13, 11:43 a.m., 210 Clover Ln., clothes dryer; and April 14, 3:26 p.m., Kentucky Fried Chicken, 159 St. Matthews Ave., stove.

Old home goes down

Another landmark along Shelbyville Road was being razed this week to make room for an automobile agency.

Wrecking crews began tearing down an old frame house, which formerly was Maples Home for the Aged, 4301 Shelbyville Rd., Monday. The house is reported to have been over 100 years old.

the site in the new location for Joe Brown Ford agency. Mr. Brown said Tuesday that construction plans are not firmed up but expects construction on buildings to get under way in the immediate fut a

Al J. Schnelder Construction will do the building work.

25 building lots planned in Windy Hills

Judge J. Paul Keith, Jr., expects to have 23 building lots for sale in Windy Hills soon.

The lots will consist of about 12 acres remaining from his farm which has not been gobbled up by residences in Windy Hills.

Present plans call for one major street through the new development nearby Regency Lane.

Plans for the subdivision were scheduled to come before the Board of Irustees of Windy Hills last night, Judge Keith said earlier he didn't anticipate any difficulty getting the plans approved. The area is already zoned for residential usa.

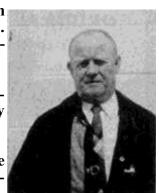

He added that he expects houses to go up on at least part of the lors this summer. April, we think, 1964, The Voice Of St. Matthews:

1964: Voice of St. Matthews: (Editor's Note: This is the first in a series of articles from St. Matthews Volunteer fireman in which they present briefly one phase of their work hopeful that the community can gain a better insight of the business of firefighting.)

Bravery vs. cowardice: The Perils for firefighting, forever a matter of men risking life or limb on a call, are magnified with each change of the season. The rigors of all seasons add their own dangers to an already hazardous profession.

Many firemen adopt an outward fatalistic attitude most times. But, like soldiers in battle, their inward feelings are more likely to be, hope that tragedy which is ever present will not happen to them.

However, when faced with situations where life is at stake and which require the utmost risk, it is traditional that they do not hesitate but press on, placing their faith in Divine Providence that rescue can be achieved without fatality to themselves ore others.

Chief John M. Monohan, 3909 Elmwood Avenue. He is plant superintendent of Reynolds Metal Co. He has been with the fire department 27 years.

UNKNOWN DATE 1964: Florence resigns fire, police posts: Randy Florence has resigned from the St. Matthews Police force, where he served as a patrolman for the past three and one-half years, to accept a salesman's job with a drug firm in Cincinnati, Ohio.

He was also captain in the St. Matthews Volunteer department, where he began as a rookie 11 years ago. He became a Lieutenant in the fie department in 1956 and became captain in 1961.

Florence's activities with the fire department touched off a controversy between then Police Chief William Tolliver and the city council, which led to Tolliver's resignation about two years ago.

Two financial firms also moving to area

Two financial firms are leaving the downtown area and are following the trend to the St. Matt-

hows area.

Hoth will locate in new Beckley, has invited the offices in a building forpublic to attend.

The other firm, Citizmerly occupted by Hermtrage Furniture Co., 3717 Lexington Ed.

Langan Corporatton, which specialties in mortgage banking and general insurance, will have its formal opening tomorrow, and the firm's president, Richard I.

The other firm, Chizens Building & Losn Association, plans to move by May 1, according to James J. Langan, the firm's president,

tioth firms, organized about 50 years ago, will move from 514 W. Jefferson.

James J. Langan (left), board chatrman of Langart Corp., and Gene D. Langan, vice president, view - the scenery from in front of their new office building, 3700 block, Lexington Road,

Subdivision is started on Old Cannons

A new substitutation consisting of 50 lots is planned to be completed about June I between Old Cannone Lane and Breckinridge Lane and adjoining Broadfields and Breckinridge Villa.

C. Paul McCoy Builders reported it has purchased a 30 acre tract there from William J. Griffin and Stanley P. McGee for \$100,000.

The lots will sell for \$7,000 and the homes will be in the \$30,000

The aubdivision, to be known as Williamsburg Estates, is already underway.

The greatest arsonist

The oddest thing about fire prevention week is that it should not be necessary.

Why should people have to be reminded of fire hazards in their homes and business places, when evidence of fire's destructiveness is so frequently demonstrated.

We don't know the answer, but we are reminded that every day the average fire toll includ- 'reers. es 1,500 homes in the United States.

It shouldn't be necessary to keep reminding people that a little care may save their homes and even their lives. But carelessness continues to be "The greatest arsonist of all.

Lt. Albert Hoeberlin, 4066 Elm. wood Ave. is a planning space ielist with General Electric Co. He has been a firemen for 10

Dedicated -- Thomas Jefferson Unitarian Church

Unitarians dedicate first of 3 buildings

Thomas Jefferson Unitarian Church dedicated the first of three new buildings planned for construction at 4938 Old Brownsboro Road last Saturday afternoon,

The new building, cost-150 persons. The sanctu-

The dedication included speeches and an open house tour.

The Rev. Carl E. Ulrich, ing \$140,000, constate of minister, spoke briefly administrative offices, of the significance of the four classrooms and an old farm house which the assembly room seating church has been using. Delivering the dedicatary is yet to be built, ory address was Dr. Robert I. Weston, Omaha, Neb., and former minis-ter of the Louisville First Unitarian Church, His subject was: "Story of a Church Becoming.

Gordon L. Shaw, presi-dent of the church's board from 1961-63, told of the church's development,

Miss Ellen Sisti, president of the Junior High Teen Club, presented a mosalc created by the club in honor of the new building.

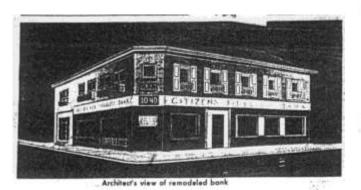

A reception was held in the Hearth Room following the dedication.

Mrs. Wendell Smock's decorations committee provided the floral arrangements, and Mrs. Marty Marion and Mrs. Mabel Weeter, were in charge of hosts and hostesses. Mrs. Wester was chairman of the dedication committee, Mrs. Gordon Shaw and Mrs. Dan Marshall were cochairmen of the receptton committee.

Fire runs

St. Matthews Volunteer Firetnen made five runs this week. These were: April 24, 2:47 p.m., 6helbyville Road Plaza, trash; April 25, 1:13 p.m., 1305 Browns Lane, field; April 25, 11:31 p.m., Sears Roebuck, trash; April 26, 1:13 a.m., 225 Sequoya, chimney; and April 27, 7:43 p.m. Brownsboro Road Shopping Center, auto.

Going up on recently rezoned land is this eight unit spartment building on Churchway, it is being constructed for Mrs. Mary C. Hays. The site is just at the rear of a tract on which Chrysler Corporation plans two new car agencies, and formerly owned by J. Graham Brown.

8-plex slated on north side of Leland Ct.

Plans are afoot for another eight-plex apartment on Leland Court, Hall & Hall, Inc., has filed an application for a building permit for construction of the brick veneer and concrete block building on the northside of the road, just in front of B. B. Breeland's residence.

The building, 129.4 feet wide and 50 feet in depth, is estimated to cost \$145,000. The design will have characteristics of French-English architecture, similar to other new apartments on the southside of their newly developed atreet.

The apartment building will face west and a court with drive-ways along each side. There will be spaces for 10 autos for off street parking, and two car ports to each unit, or 16 in all.

it is the first of new apartments eventually planned on the northside,

It could happen to you

(Editor's Note This is the third in a series of articles from St. Matthews Volunteer firemen in which they present briefly one phase of their work hopeful that the community can gain a batter insight of the business of fire fighting.)

Lt. Melchier R. Zehnder, 152 Breckinridge Lone is employed with Graft Pelle Co., and has been a fireman for 15 years.

Some statistics have been released on the damage caused by fire in 1963. The National Fire Protection Association said fire caused \$1,760, 000,000 in property damage and claimed 11,800 lives.

Everyone is aware of the number of fatalities that result from highway accidents. But it is surprizing that fires claimed roughly a fourth as many lives as did highway accidents last year. Too often we forget about the danger of fire and say to ourselves, "It couldn't happen to us."

Parade will officially open Little League

The Little League season will get underway Saturday with the usual parade down Shelbyville Road to the playing fields at the Community Center, where ceremonies will be held about 11 a.m.

Though most of the time STMFD was not mentioned in opening day parade articles for the Little League, STMFD from about mid 1950s until I don't know when— always provided fire apparatus for the parades.

St. M proposes

St. Matthews Council Tuesday rescinded an orm dinance proposing to annex an area south of Hillsboro to Dutchman's lane and west of Breckinridge, and immediately introduced two ordinances proposing to annex the same area.

One ordinance covers a 50-lot subdivision under development between Old Cannons Lane and Breckinridge and adjoining Broadfields and Breckinridge Villa,

The subdivision, to be known as Williamsburg, is being developed by C. Paul McCoy Builders, and is expected to be completed by June 1.

The other ordinance includes the remaining land extending to Breckinridge Lane, from Hillsboro to Dutchman's Lane, including the Eva Murphy tract.

St. Matthews has had the area under an ordinance proposing to annex it for more than two years.

The ordinances are yet to be approved.

Message from your firemen

fire runs

St. Matthews Volunteer Firemen made five runs this week. These were: May 8, 3:46 p.m., 4214 Shelbyville Rd., gasoline pump; May 9, 5:28 p.m., Thom McAn in Shelbyville Road Plaza, trash; at same time Grants in Shelbyville Road Plaza, trash; May 10, 9:53, p.m., 4404 Commanche Tr., malicious false; and May 11:40 p. m., 119 Chenoweth Ln., utility wire down.

Work begins on Chrysler sales buildings

Work got underway last week clearing the sites for two auto sales and service buildings for the Chrysler Corporation,

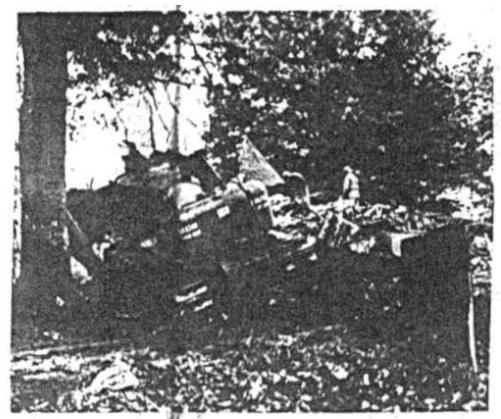

The sites are on a tract of land formerly owned by J. Graham Brown on the south side of Shelby-ville Road, between the St. Matthews Woman's Club building and Park-side Building.

Struck Construction cleared away a huilding and several large trees and began excavations this week.

Huilding permits issued the firm call for two buildings of structural steel frame and concrete. Brick and concrete blocks will also be used.

Each of the two buildings are estimated to cost
\$110,000. They will measure 54.8 feet in width
and extend 162.8 feet in
depth.

The two buildings--one each for the Dodge Division and the Chrysler-Plymouth Division, will face each other.

A buildozer eats away at a tree on the site of the Chrysler Corporation auto sales buildings. If the background is debris from a large brick residence which was removed.

The changing Pace of St. Matthews, Heavy growth to make way for Chrysler Corporation's auto along the south side of Shelbyville Road and large sales buildings. Parketde Building is at extreme trees, long a familiar aight to motorists have gone left.

Fires increased in 1963

(Editor's Note This is the filth in a series of articles from St. Matthews Volunteer firemen in which they present briefly and phase of their work hapaful that the community can gain a better ineight of the business of fire fighting.)

Hazards overlooked

Very few parents would allow their children to play on the edge of a busy street. But many otherwise responsible parents overlook a hazard just as threatening—leaving small children at home while they go on a brief errand, to a nearby store or to a neighbor's. All too often these few moments are all that fire

needs to do its deadly work. The shocking fact is that one-third of all children who are victims of fire were alone and unprotected when fire struck.

June 17, 1964, Letter: Resignation by Assistant Chief Marty Kamer

Note: This letter may not have turned in, but may have been a test run. Marty was re-elected to the Board at the July meeting and then there is another resignation letter

June 17, 1964

St. Matthews Vo. Fire Dept.

Gentlemen:

With much regret, I send this letter to announce my resignation from the St. Matthews Fire Dept. as Asst. Chief-fireman, and as a member of the Board of Directors, to become effective July 1, 1964.

Due to business responsibilities I find that I cannot give the time that should be given to the Dept., especially as an Officier, and do a good job. So,tooke fair to all concerned I feel that I should make such a decision.

The years spent in the Dept. will not be forgotten ones, nor will the Dept. itself be forgotten.

Yours Truly

Marty Kamer

Never smoke near flam-

It is the understanding of the St. Matthews Volunteer Fire Association that the sign and clock combination on your St. Matthews Office is to be removed. We would like to acquire same for installation in front of our fire house, for the purpose of having a community bill board and time piece.

We will greatly appreciate any thing that you can do for us in this matter.

Sincerely,

R. C. Walling, daptain St. Metthews Volunteer Fire Assin.

STMFD responded.

Accidents will happen on four-lane Shelbyville Road as this damaged car from Virginia shows, An Oldham County car involved (not shown) was also extensively damaged. The accident occurred last Friday afternoon just east of Watterson Expressway, One car crossed the median, blamed on another motoriat's changing lanes, and struck the other vehicle, officers said. One was injured.

July 3, 1964, The Voice Of St. Matthews:

Fire Runs

St. Matthews Volunteer Firemen made five runs this week. These were: June 27, 9:19 a.m., auto, 4202 Shelbyville Pol.; June 27, 4:45 p.m., malicious false, Post Office; June 28, 3:43 p.m., auto, 3823 Leland Nd.; June 28, 5:39 p.m., auto, Expressway near Highway 42; June 29, 10:35 a.m., trash, Indian Hills Trail.

The Trend buys Kretschmer's

Fixed assets of Kretschmer's House of Appliances, has been purchased by The Trend Appliance Company to form a three-store chain of appliance sales centers.

The St. Matthews location of Kretschmers on St. Matthews Avenue has been added to the Buechel and 2911 Preston locations of The Trend, it will continue under present management with the same personnel.

All three stores will operate under the name of The Trend,

St. Matthews Fire Dept. 117 St. Matthews Ave

Gentlemen: At this time I request a leave of abscence from the St. Matthews Fire Dept. as Asst. Cheef-firemen for a

period of one year.
The period of leave is to be from July 1964 to

July 1965.

I request this leave for reasons due to business responsibilities.

Yours Truly Kamer
Marty Kamer

You don't reach firemen this way

This story may have a moral; you will have to decide.

When Mrs. C. R. Ballard, 3719 Hillsboro Rd., discovered her clothes dryer smoking recently she knew it needed attention, but she didn't want to call out the entire St. Matthews Fire Department for so minor a cause.

Not knowing the fire department's business phone number, she calmly sought the information from St. Matthews City Hall. Given the number, she dailed and there was no answer.

Again she checked with City Hall, thinking she had the wrong number. Given the same number, she dialed again, and again there was no answer.

At this point Mrs. Ballard said she was still calm, for she knew somebody must know the correct number, the called the Louisville Fire Department, without turning in an alarm, and she was told

her home was not in their jurisdiction. It was in St. Matthews, which she knew; she only wanted the St. Matthews business phone number.

Getting a little desperate and somewhat frustrated, Mrs. Ballard called the fire prevention bureau for advice. She said she was told the bureau couldn't help her but expressed a belief that her problem wasn't serious. She got more advice, too, "Lady, I wouldn't sleep in that house tonight... until your repairman checks your dryer," she said she was told.

Continued to page 11

Firemen get bank clock

The St. Matthews Volunteer fire Department has benefited from the remodeling of Citizens Fidelity Bank. The bank gave the firemen the old clock which hung on the corner of Shelbyville Road and Breckinridge Lane for many years.

The fire department expects to mount the clock on a community bulletin board outside of the building, and announced it would let bids for the job.

You dont reach Fireman this way.

Continued from page 1

A little shook by now, Mrs., Ballard began trying to reach her repairman. It was a little after 4 p.m. A few hours later she reached him. The smoke? It was only lint which had burned.

July 17, 1964, Letter:

1940 Maplewood Place Louisville, Kentucky 40205 July 17, 1964

Mr. John M. Monohan, Fire Chief 117 St. Matthews Avenue Louisville Kentucky 40207

Dear Mr. Monohan:

Tuesday, July 14 at approximately 8:40 A. M. the St. Matthews fire alarm sounded. I told my eleven year old daughter she would soon see some wild, fast driving in private cars. This I had noticed before but at a safe distance.

We were standing on the corner of Willis and Breckenridge Lane in front of the Nanz-Kraft Florist. At this corner is a wide distance between a telephone pole and the edge of the property; however, there is no question that it is definitely not part of the street. Within minutes a private car without siren, red lights, or blowing horn passed between me and the pole, and a few seconds later two cars with sirens and red lights ran a red light without a noticeable pause. This last incident, I have heard, is illegal for police cruisers except on a life or death mission and even then they must come to an almost complete stop.

I realize that speed in firefighting is a major factor, but what is gained if an accident is created? I feel the Voluntary Fire Department of St. Matthews is doing a good job, but I also feel that some individuals are taking advantage of their position to drive with unnecessary speed and recklessness. Maybe, to date, there have been no unavoidable accidents, but tomorrow could tell a very tragic story if the volunteers are allowed to continue driving as they $\mathrm{d}\mathbf{o}_{\bullet}$

stage from your firemen

ter insight of the business of fire fighting.)

Understand fuses

Sometimes the Modern and she has no idea what housewife goest into the happened. The explanation is usually simple she has time for ironing and a second breakfast, ectric line she has burned out a fuse.

The percolater, the toaster, gets butter from the er, gets butter from the refrigerator (which automatically goes on to return to proper temperature) and pluga in the electric iron.

Oscar Von Allman Jr., 3718 St. Germaine Ct., is employed with General Foods and has been a lireman for 6 years.

Suddenly, all of the electrical equipment stops,

The St. Matthews Jaycees Saturday proved their good intentions and value to the community when they cleaned up the War Memorial triangle at Frankfort Ave. and Lexington Road. They bought the shrubs they planted along both streets, and in this picture they show what they're going to sell to make money to spend on such community work, Left to right are: Bob Rickert, Mayor Bernard Bowling, Bill Merkley, Police Chief E. N. Kelley, and Patrolman H. L. Mullins, The Jaycees started their sale of First Aid Kits by giving a kit to Mayor Bowling, to the Police Department, and to the St. Matthews Volunteer Fire Department, Officer Mullin "stood in" for Fire Chief John Monohan, who couldn't be present.

Jaycees beautify war memorial

Last Thursday, Friday, and Saturday, 17 members of the St. Matthews Jaycees planted 28 shrubs to complete the first phase of a project to renovate the grounds at the St. Matthews War Memorial at Frankfort Ave. and Lexington Road,

Funds for the project will be realised from the sale of First Aid Safety Kits, The sale is to start Friday, July 24, in this area and will run for 30 days.

in addition to planting the shubbery the Jaycees plan to construct a gravel walk way to the monument, plant several trees in the fall, purchase a flag for the flag pole, seed the grounds, and set up two stone benches.

Once beautifully landscaped and fenced, the War Memorial point at Frankfort Ave. and Lexington Road looked like this last week before the St. Matthews Jaycees went to work on it, doing a major overhaul. Men in the neighborhood had been keeping the grass cut and had raised and lowered the flag each day.

Message from your Firemen

(Editors note: This is the ????? in a series of articles from St. Matthews Volunteer Firemen, in which they present briefly one phase of their work hopeful hat the community can gain a better insight of the business of fire fighting.)

11,800 deaths in 1963 This article is just not readable, I have included the words I can read.

Fires killed 11,800 people and caused \$1,780,000,000 in loses in the United States during 1963, ?????

This life lose of 11,800 during 1963 includes 6,500 dwelling fires victims, of whose ????????. The property damage of \$1,780,000,000 includes 81,480

Paul Dillman, 127 Fairfax Ave., has been a firemen for six years.

Restaurant being built in Fairmeade

A Chinese restaurant will soon be added to the complex of commercial buildings in the sixth class City of Fairmeade. The building, 25 feet by 125, is under construction between the American Oil Service Station and the First National Lincoln Bank in the 4300 block of Shelbyville Road.

Realty Company on Pairmende Hoad, which ownes other commercial property in the area, is constructing the building, which Mr. McMakindescribed as "a modern, one story, airconditioned building."

He said the building, scheduled to be completed about November 1, will be leased to Mr. and Mrs. Hugh Woo, proprietors of the Lotus Restaurant on Dixle Highway in Shively, it is being eliminated to make way for expressway construction.

Fire runs

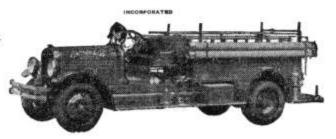

Bt. Matthews Volunteer Firemen made four runs last week. These were: Aug. 4, 10:16 p.m., 3806 Warner Ave.; Aug. 6, 4:50 p.m., 4007 Brownlee, stove; Aug. 8, 11:26 p.m., 4406 Darbrook, Malicious false; Aug. 9, 12:52 a.m., called to turn hydrants off at Basswood and Club Lane, and at Ridgeway and Rudy Lane.

After the fire is out there is the job of cleaning up, Here Louisville firemen carry part of the stock from Chism's, over debri that came from the burned stockroom.

Fire damages Chism's, loss about \$20,000

A fire early last Saturday morning caused approximately \$20,000 in damages to the building and contents of Chism's Hardware, 3816 Shelbyville Road.

The fire which started about 8 a.m., shortly after the store opened, was confined to the store's stock room in the rear. Companies from the Louisville Fire Department's Crescent Hill station and St. Matthews Volunteer Department answered the blaze and brought it under control in less than an hour.

Mr. C. R. Chism, owner, Monday estimated damage to

The fire which started about the building about \$10,000 and a.m., shortly after the store an equal amount to stock. Spened, was confined to the Workmen Monday were virtore's stock room in the tually rebuilding the store's ear. Companies from the stockroom.

The fire forced the store to close for repairs and clean up from smoke and water, which caused part of the damage. Mr. Chiam said his first hope was to be able to reopen by yesterday (Wednesday) but said he probably wouldn't be able to reopen

until this Saturday.

He attributed some damage to the breakage of a water hose laid through the store's main sales room,

Mr. Chism said the fire apparently started from either lightning, which he said employees at the store reported occurred about the time the fire broke out, or by an air-conditioning unit. He noted that lightning caused a minor fire there about a year ago, but that one caused little or no damage.

Among the stock damaged or destroyed were several air-conditioning units.

Lee Wahlstrom

Wahlstrom made education director at Beargrass

Lee Wahlstrom, is now full time minister of education for the Beargrass Christian Church, Mr. Wahlstrom, 29, a June graduate of the College of the Bible in Lexingtoo has been serving the church part time on weekends since Dec. 1 of last year .-Before that he served as youth director at the Victory Christian Church in Lexington. His duties here primarily consist of developing the Sunday School and youth programs of the church,

A native of Sunner, Wash., Mr. Wahlatrom is a graduate of Northwest Christian College at Eugene, Ore., and also attended the University of Oregon. He served as paster of the Glendale Christian Church in Oregon while attending the two achools.

He and his wife the former Carol Hodgen of Pentleton, Ore, have a son, Larry 3, and a daughter, Jane Marie, 7 months. The family lives at 227 Kennedy Ave.

Future STMFD Firefighter

Food mart goes up on Hubbards

A building for a Convenient Food Mart is going up on the R. W. Marshall property on Hubbards Lane, next to a service station which also fronts on Westport Road,

The food mart will be one of four or five commercial businesses planned for the small commercial zoned area on the west side of Hubbards Lane from the railroad to Westport Road.

Mr. Marshall said there will be room for about two other small commercial buildings on the property. A barn near the railroad is yet to be leased, he said. Earlier plans were to lease that building to an automobile agency.

The food mart is to be owned by Tom Hite and Al Rutherford, who opened a mart on Wallace and WiltshireAve., about a year ago.

They will lease the building from Sovereign Company, outlet for the Convenient Food stores. Sovereign will lease the building from Marshall.

Mr. Rutherford said he and Mr. Hite planned the store to take some of the load off their present store on Wallace.

Their new store, which is planned to open late next month, will be a "little larger" than the Wallace Avenue store. The building and parking area will front 300 feet on Hubbards. It will be of concrete and brick construction, 60 by 50 feet. The building is estimated to cost \$23,000.

Six fire units here on central alarm system

Six fire departments in this Eastend area are on the Jefferson County Central Fire-Alarm Office, and have a new phone number which was effective Tuesday, Sept. 1.

The fire departments are Eastwood, Harrods Creek, Jeffersontown, Lyndon, Mc Mahan Center, and Worthington. Their new number is 584-1281.

Not included is the St. Matthows Volunteer Fire Department. Their number remains the same as always.

Each department on the Central Fire Alarm system will pay \$510 a year toward the cost. Any excess of \$100,000 will be shared by the County Fiscal Court and the Federal Covernment.

September 3, 1964, Probably the Courier-Journal:

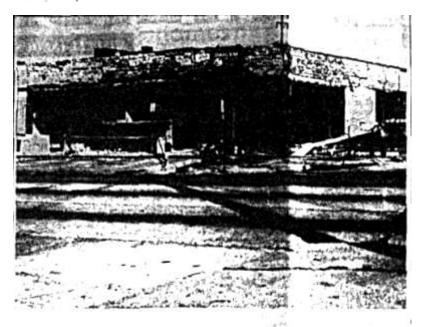

JOHN V. KASTER

Another one of your firemen-John V. Kaster, 204 Beechwood Rd. He has been a volunteer fireman 21 years. Fire provention refers primarily to measures directed toward synding the inception of a fire. It does not make fire protection. Fire prevention regulations have been in force since Colonial days. One of the earliest in America, instead in 1648 by the director general of New Ameterdam, ordered that no more wooden chimneys be constructed. The gradual increase in fire prevention legislation has coincided with a growing

realisation of the hazardous materials, processes and poor building construction play in life and property loss.

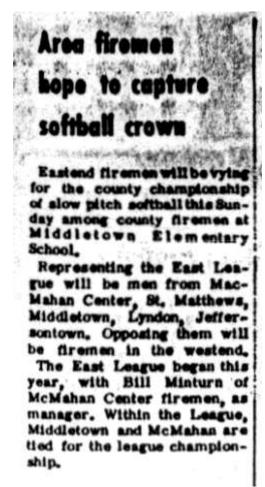

In practice, the effect of individual fire tragedles on public opinion influenced the enactment of legislation,

THE CHANGING FACE -- the building formerly occupied by Taylor Drug on Lexington Road and Frankfort Avenue, is undergoing extensive remodeling for a branch of Bank of Louisville - Royal Band and Irust Co.

September 10, 1964, Probably the Courier-Journal:

Message from your fireman 19th of a series

By Jack Monohan and Rich Herdt

Fire prevention and protection, includes everything relating to the prevention, detection and extinguishing of fire. It includes both the safeguarding of human life and the preservation of property.

Rest of article is unreadable.

Another one of your firemen — Capt. Robert (Bob) Walling, 122 Fairmeade Rd. He has been a volunteer fireman seven years.

September 17, 1964, The Voice Of St. Matthews:

7 fire runs

St. Matthews Volunteer Firemen made seven runs this week. These were: Sept. 3, 8:19 p.m., Big Springs Country Club, field fire; Sept. 5, 3:28 p.m., Ledyard and Railroad Tracks, weed fire; Sept. 5, 6:16 p.m., grand stand at Trinity High School, trash. Sept. 6, 12 noon, lap in for City of Louisville; Sept. 7, 3:13 p.m., Big Springs Golf Course, weeds; Sept. 8, 10:32 a.m., County Quarry on Hubbards Lane, trash; and Sept. 8, 11:25 a.m., Gas and Electric Substation on Brownsboro Road, field fire.

St. M history on canvas

Dorts Karsell, famous Kentocky muralist, creates a living mural showing St. Matthews' history. This 6-foot by 40-foot mural — so large it had to be painted in 8 separate canvas sections — will be unveiled by Mayor Hernard Howling at the grand opening of Citizens Fidelity's completely remodeled St. Matthews office at 10 a.m., Sept. 28. Here is a portion of the "Plantation Era" which Mrs. Karsell depicts in bold, beautiful colors. The painting has all been done, appropriately, on one of St. Matthews' old potato barns just off Westbort Road.

just off Westport Road,

This is a dramatic attempt to depict the historical heritage and lore of St, Matthews in a permanent mural at the heart of "Gilman's Point," the former name of St, Matthews' main interacction where Citizens Fidelity is located.

John A. Tafel (connert looks over re-opening plans with two of his ables, A. Buse (1670, seperators, and Bud Tarbur, who will be erroice manager at the new agency. The building is in the background.

Tafel gets Dodge agency in St. M

St, Matthews will get its fifth car agency on about September 23 when the Tufel Dudge Agency is scheduled to open in one of two new buildings constructed by the Chrysler Corporation on Shelbyrille Road, just east of the St, Maithews Woman's Clubhouse.

John A, Tafel, who also owns

and operates Tafel Imports on sast Broadway, said this week he had leased the building from Chrylser Corporation and will operate the agency as an individual business.

The agency will sell Dodge care and trucks.

The other building on the property will be leased for a Chrysler-Plymouth Divis-

ion, according to an earlier announcement from Chapaier Corporation, Both buildings are identically designed and the area landscaped. Mr. Tafel, who started in the

Mr. Tafel, who started in the automobile business in 1957 as a salesman, said his business will retain its present attractive appearance, departing from the usual carnival atmosphere of bright lights and gauly signs that has been characteristic of automobile dealers and used car lots to be nead.

in the past.

In addition to his Dodgedess,
erably, he will continue to
operate his import car busless, which he began in 1954.
Opening is planned on Sept.

Opening is planned on Sept, 23 to coincide with the showing of 1965 model cars and trucks.

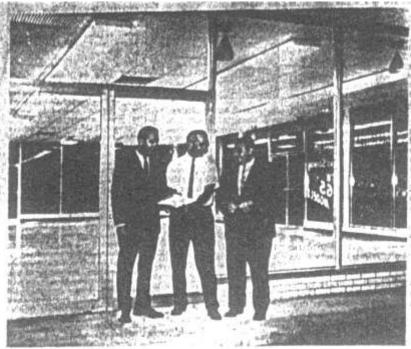

Mr. Tafel's rise in the automobile business is somewhat a success story, having started as a saleuman of imports, afterwards opening of his own import agency on South Third Street and later espanding to his present Broadway address.

When he opens his second agency he will add some 30 to 35 people to his payroll in the St. Matthew area. That will include both administrative, sales and repair personnel.

The new business is an estimated \$300,000 investment. Although Mrs. Tatel will remain primarily a mother to their four children and a house wife, she will give his husband an assist in getting the business off, she will have a hand in providing a modern decor, that will include contemporary art paintings, and a subdued wall paper design, the will work with hob Smith, a noted interior decorator. Mr. and Mrs. Tatel live at 2559 Tophill Read, Other members of his family are in the electrical lousiness.

Mr. Talel said he will diside his time between his Dodge agency and his import business.

September 24, 1964, The Voice Of St. Matthews:

With a specious display room waiting for new cars, Stuart Morguelan, (right) confers with his service manager Oscar Broyles and his partner Lee Morguelan (left).

Fire destroys two automobiles

Separate fires of undetermined origin destroyed two automobiles in St. Matthews area last week.

One car, a 1961 model owned by Jesse C. Brady, 3631 Warner Ave., burned in the garage at the family residence about 2:35 p.m. Wednesday, and fire caused an estimated \$1,200 to \$1,500 in damages to the garage.

The other car, a 1957 model, which also was a total loss, was owned by J. A. Drummond, 4010 Brownlee Rd. Neighbors discovered the fire at 6:30 a.m. in the car's front seat. The car was parked in the Drummond's driveway.

St. Matthews firemen answered both alarms.

Chrysler-Plymouth agency to open here

The second and last unit of Chrysler Curporation's newly constructed car agencies on Shellywille Road is scheduled to open tomorrow when the 1965 models are to be

The new building, next to the St. Matthews Woman's Club, will house the St. Matthews Chrysler-Ply snouth agency which, plac will include the imperial and Valiant care.

Owners and operators of the agency will be Stuart Morguelan who will be president and general manager and his cousin, Lee Morguelan, who will be secretary-treasurer and director of sales.

Both men have operated the Falls City Imports, a new and used car lot on East Broadway and will continue to operate the firm. They have been in the import car business since 1946.

However, both men will give most of their time to their St. Matthews business,

Service manager at the local agency will be Oscar Broyles who has several years experience in the Chrysler-Plymouth field,

The Morguelane astimated they will employ approximaately, 30 persons eventually. They will include salesmen, repairmen and administrative staff,

The first unit of the Chrysler Corporation-owned property -- Tafel Dodge agency, was acheduled to open yeaterday, Chrysler is reported to have invested an estimated \$600,000 in the property. Chrysler, however, has leased the tuddings to the operators of the agencies and they will be conducted as separate and private businesses.

Such an arrangement, where a major car-inaker constructs the buildings and leases them to private firms who handle the company-enadecars, is the first of its kind in the Louisville area.

Both buildings are identicals if ly designed and landscaped and have joint parking areas in the center of the property, formerly owned by J. Graham lirown,

The two new car agencies will make St. Matthews six major car agencies. Stuart fives at 1046 Park-

Stuart fives at 1946 Parkway Dr., and Lee resides at 715 Homestead Boulevard,

Blankenbaker Fire Damages Roof Of Home

A fire confined to the roof last night damaged the home of Mr. and Mrs. James F. Bleakley, 5 River Hill Road, off Blankenbaker Lane.

Smoke and water entered three rooms on each of two floors below the roof. A member of the family said the fire may have resulted from defective electrical equipment. No damage estimate was available.

The Harrods Creek and the St. Matthews fire departments answered the alarm, turned in at 7:15 p.m.

Bleakley is executive vicepresident of the Shuler Axle Company.

October 1, 1964, The Voice Of St. Matthews:

Crusade gets over \$23,000 from firemen

St. Matthews firemen lead the firemen in the area this year in collections for the Crusade for Children.

51. Matthews collected \$11, 648,24. Lyndon was second with \$4,015,52 and McMahan Center was close third with \$3,058. Harrods Creek collected \$1,500 and Worthington turned in \$676,35.

St. Matthews Volunteer Fire Dept.

This was an extremely important day in the history of STMFD. Alan Douglas Ring "Al" applied for membership

October 6, 1964 I applied for membership in the St. Matthews Volunteer fire Department. This is the date used in the future for seniority.

October 20, 1964 I became a member the St. Matthews Volunteer Fire Department. Bob Walling was my sponsor. I joined the department in 1964 was active a firefighter until 1990. He served in many capacities during this time form training officer, PIO, Lieutenant, Captain, Major and President of the Board of Directors. From 2009 to Present am the Departments historian and archivist. That's about 52 years of service.

October 7, 1964, Article probably in *The Courier-Journal*:

October 8, 1964, Board meeting:

ST. MATTHEWS VOLUNTEER FIRE ASSOCIATION

October 7, 1964: Strolling With Floyd Edwards, More Than Just Fighting: Firemen do a lot more than just fight fires. Their heroic work collecting money for the Crusade for Children is merely one instance.

Many an emergency run is made outside the line of regular duty. One last Sunday, with a respirator for a polio victim is an example. Eleven firemen from two departments helped on that mercy mission.

Billy Browne, 18 uses a respirator at his home (3525 Norbourne). A part broke on the device and that precipitated a crisis.

The family called the National Foundation, which summoned help from the Louisville Fire department. Two in that force's service unit sped to St. Joseph Infirmary, obtained another respirator, and headed for the suburb with it.

Meantime, the Louisville firemen requested the St. Matthews Fire Department to send men to the Browne home and help handle the device. Nine made the run from the St. Mathews force. The Palmer Products Corporation is a family owned and operated manufacturing business located in Louisville, Kentucky. The history of the company reaches back over ninety years and during that time Palmer has manufactured a variety of products. The company was founded in 1911 by Mr. Lawrence B. Palmer-Ball in Chicago, Illinois. At that time the business manufactured friction materials or brake linings and brake blocks for cars, trucks, draglines, off highway construction and mining equipment. Palmer produced a variety of other products in the 1920's and 1930's including muslin-wrapping strips for the telephone companies, wicking for railroad lanterns and fire extinguishers.

Mr. Palmer-Ball married a Louisville, Kentucky girl and eventually in the late 1920's relocated his family there. The Louisville plant was built in 1929 and the friction material division was expanded to that location. In 1932, the Louisville plant began manufacturing asphalt roll roofing and saturated felts and within a few years they began producing asphalt shingles and siding. In 1933 Palmer Products entered the adhesives industry and Palmer Mirro-Mastic® was born. This asphalt base adhesive continues to lead their line of mirror adhesives today. They also began producing two structural adhesives, Palmer Redkan® and Grakan®.

During the forties Palmer Products was in full production for the war effort. Four of Mr. Palmer-Ball's sons fought in the war while Palmer Products produced aircraft parts and airstrip materials for the South Pacific. After the war, production of roofing products, adhesives, and friction materials resumed.

In 1974 the Chicago plant was sold and the friction materials and adhesives divisions were consolidated in Louisville. It was at this time that the use of mirrors in all different types of construction began to grow and Palmer Products focused on its mirror adhesives line.

Today Palmer continues production at its Louisville, Kentucky plant. Its line of mirror adhesives has expanded to include Palmer QwikSet™ Mirro-Mastic® with various support products for mirror installations. Palmer also continues to manufacture friction materials concentrating on products for the shipping and mining industry and off highway construction equipment. Although very different, these two product lines are a logical continuation of the heritage of this family run business.

Palmer Products today is led by Lawrence Palmer-Ball's youngest son, Shirley W. Palmer-Ball along with his two sons and three daughters.

Major fire avoided at roofing plant

Blaze contained around 10,000 gallons of asphalt

A wind blowing in the right direction helped prevent a major fire in St. Matthews early Monday when a storage tank containing 10,000 gallons of roofing asphalt caught fire.

The outside covering of the tank, one of the main asphalt storage tanks at Palmer Asbestos and Roofing Company on St. Matthews Avenue, daught fire about 2:30 s.m.

Piremen from St. Matthews and Lyndon answered the alarm but a chemical truck from the Louisville Fire Department had to be called, since both the local fire departments were not equipped with enough chemicals which were required.

Shirley Palmer-Ball, vice president of the firm, said that had water been poured on the tank there would have been danger of an explosion which would have turned loose asphalt over the area.

Water was used on the ground around the burning tank but in small quantities and with reduced pressure to avoid wetting the tank.

Nearby the tank were other tanks containing chemicals, all on the west side of the plant. The fire closed down a major part of the roofing operations at least two days. Maintenance personnel began at 4 a.m. that morning restoring operations.

Mr. Palmer-Ball said his nightwatchman, Albert Kelley, started a fire under the tank in a routine operation about 2 a.m. and 30 minutes later noticed the tank ablaze. The asphalt is kept at a high temperature.

lie said St. Matthews Police, who also discovered the fire and apparently turned in the alarm, reported the flames were shooting the height of the building.

The exact cause of the fire was undetermined. However, raimer-Ball said the fire must have started either by an electrical source, maybe by a faulty magnetic starter, or by a fractured gas connection.

He estimated the company's loss at \$1,000. Destroyed were pumps and controls which operate the tank and fed its contents to the plant's operations.

After the fire was out, fire broke out several times later from asphalt spilled around the ground, keeping firemen on the scene.

Mr. Palmer-ball said the direction of the wind, from the north, prevented a major fire from breaking out. The wind kept the fire from nearby tanks each containing about 100 gallons of chemicals.

As result of the fire, the plant will get more fire presention measures. Mr. Palmor-Ball said he will add more chemical fire extinguishers which are the only effective means against such fires.

6 Fire Runs

St. Matthews Volunteer Firemen made six runs this week. Oct. 21, 1:08 p.m., Breckenridge Lane and Willis, automobile, Oct. 22, 8 a.m., 121 Blankenbaker Ln., ???? ????, Oct. 25, 10:13 a.m., ??? Waterford, over heated furnace, Oct. 25, 12:46 p.m., ??? Biltmore, garage, Oct. 26, 8:52, a.m., 211 Ahland, television, Oct. 26, 6:25 p.m., 226 Clover Ln, trash.

Here is what can happen wherevo cars run together at the intersection of fireckinridge Lane and Wils. The unidentified driver of the over-turned, car was taken to Generi Hospital with arm injuries. The driver of the other cer involved was its. Tavid C. Brawn, 617 Watoga Dr. she escaped injuries. The accident coursed at 12:65 p.m. Wednesday of last west.

STMFD responded on this accident, Lt. "Fireman" Bill Andriot officer in charge, released by LFD.

Second Fire Station To Be Built At Lyndon

Construction of a second fire State-owned Kentucky station for the Lyndon area dren's Reception Center propis expected to start in a week erty. It eventually would house Pierce, chief of the Lyndon Volunteer Fire Department, said yesterday.

Pierce said plans call for a steel-type station to be located on an 80-by-100-foot strip Commissioner Felix of land on Westport Road, at and State Welfare Commission-

The leasing of the land to the department was approved yesterday by Governor Edward T. Breathitt. State Finance the northeast corner of the er Richard Clendenen, Pierce said.

> Construction will cost about \$7,500 and take about 60 days. Pierce said.

> Lyndon's present station. near LaGrange Road and Lyndon Lane, has three pieces of equipment.

Lyndon Plans New Fire Station

The Lyndon Volunteer Fire Department will lease land from the State for a new fire station on Westport Road near Briarwood Subdivision.

The 10-year lease calls for the fire department to pay \$1 and provide fire protection to the Kentucky Children's Home and the Kentucky Children's Reception Center, which control the land on which the firehouse will be built.

The department will continue operation of its present

station in Lyndon.

In Jefferson Fiscal Court rezoning to permit the new firehouse was postponed for one week.

Fire Runs

men made eight runs this week. These were: Nov. 12, Frankfort Avenue between Bauer and Lexington Road, leaves; Nov. 12, 12:03 p.m., 5706 Apache Rd., automobile; Nov. 12, 1:30 p.m., Indian Hills Trall, furnace motor; Nov. 12, 4:25 p.m., south side of Darbrock, field fire; Nov. 13, 1:33 p.m., 3933 Brock-field, garage; Nov. 13, 3:33 p.m., 3418 Grandview, fire in basement; Nov. 13, 11:08 p.m., 128 Breckinridge Ln., washer motor; Nov. 15, 7:38 p.m., 152 Breckinridge Ln., electrical wiring down.

Zoning okayed for drive-in restaurant

St. Matthews Council Tuesday night cleared the way for location of a Burger Chef, a drive-in restaurant, on Shelbyville Road, on a lot between Goodyear Auto store and Dupcan Motors.

The council approved a change of zoning from D-1 Commercial Matrict to D-2 Commercial district for the building.

Zoning Chairman Harry Joses, also a councilman, said the change was made for the Burger Chef firm, whose headquarters is in indianapolis, Ind.

Plans for a building are yet to be approved, However, Mr. Jones said the firm has promised to construct "an attractive building." The restsurant is to be managed by an indianapolis man.

Tracking down the legal boundries of the lot caused City Attorney J. W. Jones to go back to early records. He found the lot touched a 20-acre tract owned by James Butler on August 6, 1869.

Additional traffic signals and a treadle go in at Fairmeade Road on Shelbyville Road. When completed the lights will permit more variations of turning off Shelbyville Road, particularly a left turn with protection of a light.

STMFD firefighter Al Ring wrecked his car at this intersection responding from his service station on the corner to a "working fire" at Palmer-Ball Asbestos one afternoon.

Marines Open Drive To Get 'Toys For Tots'

Louisville-area Marine reservists today will begin their annual collection of toys which will be distributed to underprivileged children at Christmas.

The 1964 "Toys for Tots" drive will be spearheaded by the 47th Rifle Company of Louisville.

These activities will be sponsored by the reservists, and the admission price for each is a new toy:

A Toys for Tots show and dance at the Fairgrounds from 1 p.m. to 6 p.m. December 6. Entertainment will be provided by local and nationally known talent.

Movie matinees at the Kentucky, Vogue, and Cozy theaters Saturday, December 12.

The U. of L.-University of Syracuse basketball game December 16 at the Fairgrounds.

Last year's campaign Company office, 368-2442.

brought in more than 10,000 toys that were distributed to 5,000 needy children. A number of civic and industrial foundations participate in the annual drive, and many retail stores contribute new, shopworn, or leftover toys to the Marines.

Persons may leave toys at The Mall on Shelbyville Road, fire stations for City Fire Department Quads 8, 9, and 10, and at the Lyndon and St. Matthews fire departments.

Additional information about the Toys for Tots drive may be obtained from the 47th Rifle Company office, 368-2442.

December 7, 1964, Letter:

KENTUCKY INSPECTION BUREAU

LOUISVILLE, KY, 40202

Copy for Chief John M. Monohan, Jr., St. Matthews V.F.D.

December 7, 1964

Mr. Kennedy Clark, Chief Harrods Creek Volunteer Fire Dept. 3802 Lime Kiln Lane Louisville, Kentucky h0207

Dear Chief Clark:

FIRE PROTECTION HARRODS CREEK FIRE PROTECTION AREA

During a recent inspection of the Jefferson County (in alarm facilities, it was found that the Jefferson County Alarm Office has not notified by your Department to call the Sa Authors Fire Department and request the response of one engine that first alarm fires to properties located on Rio Vista and Regent Drives

As you will recall, this matter as fully discussed a few months ago at a meeting held if your fire station conduming the district boundaries. The joint response of the Harrod Ceek and St. Matthews Fire Departments is necessary to justify the seventh-class rates afforded the properties in this area, since they are over three miles from a Harrods Creek fire station, but within three miles of the St. Matthews fire station.

open further investigation of this situation we were very much surprised to learn of your letter to the St. Matthews Fire Department informing them to not respond to any requests for assistance to the Harrods Creek Fire Freetion Area, unless it was made personally by yourself. If our understanding is correct, this would prohibit any assistance being rendered by the St. Matthews Fire Department in the event it was needed and you were not at the sent of the fire or in communication with the fire department. Under these circumstances it is rather obvious that this is directly contrary to the entire operations of the Mutual Aid Program, which is being established in Jefferson County.

We urge that these deficiencies be corrected immediately in order that we can justify the continuance of the area's present fire protection classification. Your co-operation in this matter and advising us of the action taken will be greatly appreciated.

Yours very truly,

When L. Thougson

Dictated by Mr. Smith:lje

December 10, 1964, Board meeting:

ST. MATTHEWS VOLUNTEER FIRE ASSOCIATION

OFFICERS

JOHN M. MONOHAN, JR., PRESIDENT MARTY KAMER, VICE PRESIDENT FRED C. BOSS, TREASURER GEORGE E. MILLER, SECRETARY

CAPT. V. A. BEAM ASSISTANT SECRETARY

117 St. Matthews Ave. St. Matthews, Ky. DIRECTORS

JOHN M. MONOHAN, JR.
W. LELAND WILSON
FRED C. BOSS
HENRY A. MONOHAN
GEORGE E. MILLER
J. P. TERRY
JOE ZEHNDER
MARTY KAMER

Heetings of the Meeting of the Directors St. Matthews Volunteer Fire Assn., Held December 10, 1964 at Fire House.

Directors Present

W. Leland Wilson John Monohan

J. P. Terry

Henry Monohan Fred Boss

George E. Miller

Minutes of last meeting, held November 13, 1964, read by Present Monohan. Motion made by Henry Monohan, seconded by J. P. Terry, that they be accepted as read.

Financial report read by President Monohan.

Motion made by George E. Miller, seconded by Fred C. Boss, that Mr. Boss, treasurer, buy \$5,000.00 certificates of deposit at Liberty Bank. Also \$5,000.00 at Stock Yards Bank.

Motion made by Mr. Boss, seconded by Mr. Terry, that we purchase hams for firemen and directors for Christmas, to be picked up December 22nd.

There be no further business, motion made by Henry Monohan, seconded by George Miller, that we adjourn.

Respectfully submitted

George . Niller Seco

WHITNEY O'BANNON 4011 ELFIN ROAD LOUISVILLE, KENTUCKY

Gentlemen.

Nancy and I have just been talking about how remiss we have been as to expressing our sincere and extreme appreciation to all of you who risked your personal safety during our fire at the above address. We definitly did not expect to see one tenth of the structure standing as we drove home that fateful morn. The expectancy and suspense one experiences under the circumstances is tremendous and you can imagine what complete relief is felt when so much of your property is still intact as was ours through your efforts. Now that we are once again in residence and as each spine tingling whine of the siren hits our ears we thank you and all who participated in the remarkable job of preserving our house.

Thank you always,

-Whitney O'Barmon

35 members present out of 46 active membership. 3 members came late.

Election of Captain for a period of 2 years: Bob Walling winning with 17, Andriot 6, Haeberlin 7, and Zehnder 5.

Election of Captain for a period of two years: Al Haeberlin winning with 14, Andriot 10, Zehnder 6, Sullivan 5.

Election of Captain for a period of one year: Jack Monohan winning with 13, Andriot 9, Sullivan 5, Zehnder 4

Election of a Captain for a period of one year: Bill Andriot winning with 15, Sullivan 9, Klapheke 4, Zehnder 7, G. Haeberlin 0.

Election of a Lieutenant for a period of two years: Babcock 12, Sullivan 9, Klapheke 12, Ed Foley 3. Due to tie runoff was Babcock winning with 20, Klapheke 16.

Election of a Lieutenant for a period of two years: Harry Babcock winning with 12, Sullivan 9, Klapheke 12, Foley 3, second vote Babcock 20, Klapheke 18. Election of Lieutenant for a period of one year: Gene

Klapheke winning with 17, Sullivan 15, Kuhn 1 and G. Haeberlin 3.

Election of Lieutenant for a period of one year: Dan Sullivan winning with 23, G. Haeberlin 6, Foley 4 and Kuhn 3

Four members were to be elected to the Fireman's Committee: Nominated were Von Allmen 31, Iwan 25, Kuhn 19, DeHart 13, Schultze 15, Wayne 11, G. Haeberlin 11 and Brenzel. Von Allmen Chairman, Iwan, Kuhn and Schultz members.

Election to Fireman's' Fund Committee: Nominated Andriot 28, Foley 16, Munz 6, Miller 12, and Al Haeberlin 9. Elected were Andriot and Foley.

Election of a Chairman and an Assistant for the fund raising drive: Nominated were Bailey Ross, Harvey Schultze, Paul Dillman, Denny Engnehl and Phil Iwan. Bailey Ross chairman Harvey Schultze cochairman.

It was decided to participate in the Crusade for Children Drive by roll call vote.

January 7, 1965, The Voice Of St. Matthews:

Lexington Road gets four new street lights

Evening shoppers in it, Matthews have had their way more brightly lighted since last at it, with the installation of four new mercury vapor lights, now in operation.

The locations, all on Lexington Hoad, are the southeast corner at Wendover, the southwest corner at Wallace, and the southwest corner at Bauer Ave.

The shopping intersections also are illuminated by the old lights, which eventually will be replaced, one by one, with the new mercury vapor instaliations.

3802 Lime Kilm Lane Louisville, Ky. 40222

January 10, 1965

Mr. John L. Thompson, Manager Kentucky Inspection Bureau 940 Starks Building Louisville, Ky. 40202

Dear Mr. Thompson:

I have not been able to locate a copy of the letter to the St., Matthews Volunteer Fire Dept. referred to in your letter of December 7, 1964, so I can not answer you completely at this time. There is, however, apparently some misunderstanding concerning this letter and I wish to clarify it.

The letter does not say that I am the only one who can call for assistance by the St. Matthews Dept. It states that the "Officer in Charge" at a fire may call for this assistance. Further, this letter was not meant to change our agreement with St. Matthews regarding any fires in the Rio Vista sub-division. This agreement has been in effect for a number of years and they should be called on any First Alarm for the houses located on Rio Vista Drive.

You also mention a "Regent Drive" in your letter. As far as I know there is no such drive in the Rio Vista area or in any part of our Fire Protection Area. The Jefferson County Police advise us that they also do not know of any street of this name North of US 60.

There are a number of errors in the lists of Box Numbers, Back-Up Depts., and automatic slarms that was originally given to the new County Alarm Office by our Department. This was made up by one of our firemen and turned in without being properly reviewed by me and other Officers in our Department. We are in the process of revising this entire set-up of Box Alarms, Back-Ups and Stand-By's for the First, Second and Third Alarms. Since detail maps of our area are unswellable we are also making our som maps. These maps will be used to coordinate our whole Box system, but until they are completed we will have to use the lists now at County Alarm.

Kentucky Inspection Bureau.

-2-

1-10-66

Agrent many hours of work have already gone into the making of these maps, and a great many more hours of work will be necessary to complete them and them revise the Box locations, street mames, house numbers, etc., before we can turn over the new lists to the County Alara Office. Since we are Volunteers and have our regular jobs to do we can not devote full time to this project. I expect that it will be quite a few months more before we can complete this work.

As it stands now I do not see any need for any automatic calling of any other department on any First Alarm in our area, other than the Hao Vista section. It is my belief that we should proceed to a fire first and then, if found necessary, the Officer in Charge at the fire will call for assistance at the fire, or for Stand-My equipment at one of our Fire Houses.

If you have any information concerning the location of "Begant Drive" please send it to me so we can include it on our maps.

Very truly yours,

Kennedy H. Clark Chief Harroda Creek Volunteer Fire Dept., Inc.

cc; Chief John Homobah St. Matthews Volunteer Fire Dept. 117 St. Matthews Ave., St. Matthews, Ky.

January 13, 1965, Letter:

RESTUCKY INSPECTION BUREAU

COUNTYILE SY, 4000

Copy for Chief John M. Manchine, Jr., St., Matthews Y.F.S.

Jamary 13, 1965

Mr. Kennedy W. Clark, Chief Harrods Greek Valunteer Fire Dept. 3802 Line Kiln Lone Louisville, Kentucky 10022

Dear Order Charles

HANKIDS CHEEK PIN MOTOTAL ARE

Thank you for your letter of the part 10, clarifying the position of the Europia Creek Fire Department in the defference County Natual Aid Program, and procedures for calling for an internee.

Program, and procedures for calling for aminomore.

We were please to have that the "Officer in Charge" at a fire may call for assistance and does not have to wait to receive permission from the Chief Officer. It wise to this arrangement we concer with your policy that there is no handwise in ambientic calling of any other department on any first alarm introduced with a very handwise. If come tips in the future you are before that it wary handwise occupancy or one subject to extend life basards, you say wish to request aid from a natishboring department on first alarms.

December 19 when the joint response of the Harrods Greek and St. Matthes Lyrks peak cents to properties located on Rio Wints Briws, we have been advised by send-defereon County Alars Office that they still have not received a rectant from you to alert the St. Ratthess Fire Reportsent on first alarse. We use that the door at once. We have checked our maps and records again and find that Report Drive was given to one segment of the loop and Rio Vista Brive the other on the original subdivision plat. More recent maps indicate that the satirs loop is now known as Rio Vista Brive and we have corrected our records accordingly.

We appreciate your co-operation in this matter, and ask that you let us know when the Jefferson County Alarm Office has been notified about the Rio Vista situation.

We are in the process of completing our inspection work in Jefferson County, and we will send you the results of our findings at Surrods Greek in the near future.

John I Thompsons

Minutes of the meeting of the Board of Directors of the St. Matthews Volunteer Fire Assn., held January 14, 1965 at the Fire House.

Directors Present

W. Leland Wilson George E. Miller John Monohan

J. P. Terry Henry Monohan

Minutes of last meeting, held December 10, 1964, read by President Motion made by George E. Miller, seconded by W. Leland Wilson, that they be accepted as read.

Financial statement read by President Monohan. Motion made by Henry Monohan, seconded by W. Leland Wilson, that Mr. Miller instruct Mr. Boss to purchase government issue of bonds that will net us his or better for the \$15,000.00 that we had to cash in.

Motion made by Henry Monohan, seconded by George Miller, that we buy necessary clothes to equip new firemen.

There being no further business, motion made by J. P. Terry, seconded by W. Leland Wilson, that we adjourn.

Respectfully submitted

George E. Miller

Secretary.

A load of garbage which caught fire brought St. Matthews firemen out about 10:30 a.m. Monday. A St. Matthews Sanitation Company's truck dumped the trash on the ground in front of Karem-Deeb Ice, Company when smoke boiled from the truck, which escaped damage. The cause of the fire was undetermined.

Those long, grey lines of autos moving alowly through intersections were common in the area this week as the season's worst cold wave hit. Here an east bound endorrist takes advantage of the wait hist west of St. Matthews Avenue on Shelbyville Road to scrape off ice, Road conditions, however, were kept in relative good condition throughout the area as tons of cinders and salt were poured on the streets.

Trend of times?

Ford Motor Company buys tract from local agency

The six acre tract on the north side of Shelbyville Road at MacArthur Drive, where Joe Brown Ford, Inc., had plans to relocate, has been purchased by Ford Motor Company for a reported \$350, 000.

The transaction had been in the making for several months. Last summer an official of the Ford Motor Company's real estate division, discussed plans for establishment of auto agencies on the land with St. Matthews City zoning authorities.

Neither Mr. Brown nor a Ford Motor Company official was available here this week for comment as to use of the land. However, on the basis of talks with St. Matthews zoning authorities last summer, it was understood that Ford Motor Company would construct facilities for auto agencies similar to those proposed by Mr. Brown in event the auto firm purchased the tract.

At the time, St. Matthews zoning authorities, who must approve any construction on the land, confirmed a report that the Ford Motor Company was considering purchasing the land build the car agency facilities and lease them to the Joe Brown Ford agency.

If that situtation materalizes, it will be second of its kind in St. Matthews, where a major auto manufacturer builds its own car agencies and lease to dealers.

Chrysler Corporation has used that procedure with two enew agencies now located on land formerly owned by J. Graham Brown, just east of the St. Matthews Woman's Club at Thierman Lane. That change from the normal procedure them was considered a new innovation in auto maker-dealer relationship.

Since the meeting last summer in which St. Matthews zoning authorities discussed the city's requirements with both Mr. Brown and the auto firm's official, the St. Matthows zoning authorities have said the subject hasn't been discussed further with Ford Motor Company officials,

St. Matthews rezoned the tract more than a year ago from residential to commercial for auto agencies. At the time Mr. Brown and Al Schneider, who owns a construction firm, announced plane to build ultra modern facilities for the auto agency and a drive-in bank building.

The plans as submitted by Mr. Brown and Mr. Schneider then were generally, but unofficially, approved by zoning authorities.

Last summer a nursing home for the elderly was razed on the site,

February 10, 1965, Letter:

3802 Line Kiln Lane Louisville, Ky. 40222 February 10, 1985

Mr. John L. Thompson, Manager Kentucky Inspection Bureau, 940 Starks Building Louisville, Ky. 40202

Re: Rio Vista Subdivision

Dear Mr. Thomson:

We have given further careful consideration to your letters of December 7, 1964, January 13, 1965, and January 29, 1965, wherein you refer to fire protection of the Rio Vista area. On Thursday evening, February 4, 1965, a meeting was held between representatives of the St. Eatthews Volunteer Fire Association, Inc., and the Harrods Creek Volunteer Fire Dept., Inc., at our No. 2 House on Line Kiln Lane. The sole purpose of this meeting was to clarify and reach a decision concerning the fire protection of the Rio Vista area.

Chief John M. Monohan, Jr., of St. Matthews, who made the origional agreement with Harrods Creek concerning the Rio Vista Subdivision, was present and gave us a complete history of the fire protection for this area. After quite a discussion the following facts were

The area now occupied as the Rio Vista Subdivision has always been in the Harrods Creek Fire Protection Area ever since the inception of the Harrods Creek Volunteer Fire Dept., Inc.
 At the time Rio Vista was developed and houses built the H.C. V.F.D. had only one fire house. This house was located at Harrods Creek, Ky., and was approximately 5.5 miles from Rio Vista Subdivision.
 The St. Matthews fire house was approximately 3.1 miles from the entrance to Rio Vista at Indian Rill Trail.
 At the request of the residents of this area and the K.I.B. an agreement was made between Chief Monohan and Dr. Wm. J. Martin (then Chairman of the Hoard of Trustees of the H.C.V.F.D.) that St. Matthews would send one pumper on a first alarm to to any house fire that occurred in the Rio Vista erea.
 In September 1956 the H.C.V.F.D. completed the No. 2 Fire House at Lime Kiln Lane and River Road. This house was equiped with one Class A pumper and received K.I.B. approval before the end of that year.

Kentucky Inspection Bureau

- 9 -

February 10, 1965

- As a result of this No. 2 Fire Nouse the agreement between St. Natthews and Harrods Greek with respect to Rio Vista was tarminated. This was done with the approval of both departments.
 Since the enry part of 1957 there has been no agreement that St. Natthews would answer any first alarm in the Rio Vista area.
 The distance by paved road from the Harrods Greek No. 2 Fire House to the top of the hill in Rio Vista is 3.5 miles.
 The distance by paved road from the St. Natthews Fire House to the top of the hill in Rio Vista is 3.5 miles.
 The Rio Vista area is well within the five mile limit of the Harrods Greek Fire House No. 2, and is actually closer to this Fire House than to the St. Matthews Fire House.
 The Barrods Greek Fire House No. 2 has had since 1962 an approve Semi-quad and an approved Glass & Pumper installed in it.

After reviewing the above facts the following conclusions were reached by those present at the meeting:

- 1. Under the combined circumstances there could be found no
- uncer the comeined circumstances there could be found no valid reason for St. Matthews to answer any first alarm in the Rio Vists area.
 It was therefore agreed that the St. Matthews Volunteer Fire Association, Inc. would not answer any first alarm fires in the Rio Vists area.
- the Hic Vista area.

 3. It was further reaffirmed that the St. Matthews Volunteer
 Fire Association, Inc., would asswer any cell by the Harrods
 Creek Volunteer Fire Dept., Inc. Officer-in-Charge when help
 was needed at a fire or as a stand-by in one of the fire
 houses; that Harrods Creek would do the same on a call from
 St. Matthews.

 4. Index the drawmateness and based on the fire
- 4. Under the circumstances and based on the facts precented above there was no valid reason for the X.I.B. to increase the insurance rate of any resident in the Rio Vista area who was within 1000 feet of a fire hydrant from Seventh Class to Eighth Class.

Also during the discussion it was brought out that this particular request of the K.I.B. could very easily change the entire set-up in the Jefferson County Protection Area. If it is necessary that St. Matthews answer a first alarm outside of their territory and in the Fire Protection Area of Harrods Greek then they should also be required to do this in all of the areas that border on theirs. Similarly Harrods Greek should be required to answer all first alarm from other department that border on their territory. For example, if the K.I.B. insists that St. Matthews be called on a first alarm for Rio Vista, then the K.I.B. should also insist that

Kentucky Inspection Bureau

February 10, 1965 - 3 -

Harrods Creek answer all first slarms to such places as the Holiday Mannor Shopping Center (Lyndon Area), The Holliday Inn on U.S. 42 (St. Matthews Area), Brownsboro Road Shopping Center (St. Matthews Area), Louisville Country Club (St. Matthews Area) and so on throughout the entire County. It was further the opinion of those present that the K.I.B. would make no such requirement as this.

At a meeting of the Board of Trustees of the Harrods Creek Fire Department, Inc., held on February 3, 1965, the Board authorized the undersigned to obtain the facts concerning Rio Vista and make any decisions necessary for the proper fire protection of that area. The Board also requested that they be advised of the results of the meeting held on February 4, 1965, with representatives of St. Hatthews and the comments or decisions of the K.I.B. The next meeting of the Board of Harreds Creek will be on March 1, 1965.

After reading the above facts and conclusions we trust that the K.I.B. will agree with our decision. Please advise the undersigned, with copy to Chief Monohan, of your agreement.

Motion made by Fred Boss, seconded by John Monohan, that we elect Lawrence Grauman, 3939 Napanee Road, to the Board of Directors.

Financial report read by President Monohan.

Motion made by George Miller, seconded by Henry Monohan, that there being no further business that we adjourn.

Respectfully submitted

Learge E. Miller, Secy.

L. S. Grauman: February 11, 1965 Mr. Grauman was added to the Board of Directors. Was a well known lawyer, county attorney and judge of the common pleas court. He remained a member of the Board until his death in 1969.

Lawrence Grauman, former judge, dies

Lawrence S. Grauman, 72, a Louisville area attorney 51 years and a former judge of Jefferson Circuit Court, died of a heart attack early Sunday afternoon in his home, 3939 Napanee Rd.

Deputy Coroner Barry Foreman reported Judge Grauman was stricken while he and his wife were eating lunch. Death was lastantaneous.

A native of Louisville, Grauman was a graduate of Male High School and Jefferson School of Law, now part of the University of Louisville School of Law, and had been active in the Democratic party many years.

He had been active in the recent political campaign and was among those who attended a victory celebration at party headquarters in the Soelbach Hotel Tuesday night, Nov. 4.

His first appointment to public office came in 1921 when he was named trustee of the fund that paid Criminal Court jurors, a position he held a year.

In 1927, Grauman served briefly as police Court prosecutor before resigning to become candidate for commonwealth's attorney. He lost the election as dtd all other Democratic candidates in that and other races in the 1920's.

When the Democrats came into power in the early 1930s, Grauman was elected county attorney in 1933 and won reelections in 1937 and 1941. He was appointed judge of the Common Pleas Branch, Fifth Division of Jefferson Circuit Court, when it was created in 1950 and was elected to a full six-year term in 1957.

Grauman also served as a special judge of the state Court of Appeals. During the appointments, he sat on the beach in 15 counties, including adjoining Oldham and Hardin.

He was a member of the Kentucky State Bar Examiners in 1948 and also served as a commissioner of the Kentucky Bar Association in dealing with disciplinary actions against lawyers. He was elected president of the association in 1948.

Grauman was a life member and past master of the Daylight Lodge of Masons, a member of the Scottish Rite, the Kosair Shrine Temple and Adath Israel Temple where he taught Sunda; School 29 years, He also was a 33rd Degree Mason.

Surviving are his wife the former Katherine Heine; two sons, Lawrence S. Grauman, Jr., Yellow Springs, Chio, a professor of English at Antioch College and editor of The Antioch Review, and Philip Lee Grauman, a San Francisco attorney; two sisters, Misses Sadie J. and Edna J. Grauman, and two grand-children.

Funeral services were held Tuesday afternoon at the Herman hieyer & Son Funeral Home. Burial was in Adath Israel Cemetery.

February 12, 1965

Judge Lawrence Grauman, 3939 Napanee Road, Louisville, Nr.

Dear Lawrence:-

The Board of Directors very happily and unanimously elected you to our board last night at the Fire House.

We all express our thanks to you for accepting this appointment.

Yours very truly,

ST. MATTHEWS VOLUMTEER PIRE ASSN.

George & Much

The L. Thompsons

Dictated by Mr. Smithtlje

Another firm moves to St. M.

Another firm has followed the trend by moving its main offices to M. Matthews.

Howard Johnsons, which has restaurants in five locations, has moved its business offices to 4402 Shelbyville Road. The offices, formerly located on Shelby Street in downtown Louisville, handles the business for the firm's restaurants at 4621 Shelbyville Rd., 802 Eastern Parkway, 5700 Dixie Highway, and one in Lexington, and another in Jeffersonville, Ind.

The restaurants are owned by A. L. Entwistle, 114 Tribal Rd.

New buildings require additional telephone facilities. Here construction crews are completing conduit lines along Shelbyville Road, just east of Thierman Lane, for telephone service to one of the largest apartment buildings in the area which is nearing completion. The 49-unit building is on the east side of Thierman, just beyond Sears parking lot.

Apartments are underway

Eline Realty Company is constructing a four-unit apartment building on Churchway, at the rear of the Chrysler Corporation property.

The two-story building will be of brick veneer and cost approximately \$34,000.

Phone Company moves district office here

Southern Bell Telephone Company has moved its East District administrative offices to the second floor of the old Jefferson Island Salt Building on St. Matthews Avenue.

The office, headed by Bill Gambel, formerly was located with the company's south office at 203 E. Whitney St.

Telephone officials said the move was madepartly to more centrally locate the office for the area.

In addition to Mr. Gambel, there are eight to nine other staff members, who primarily do the administrative work for installations and maintenance.

Engineers for this area work for an area under building from the firm's Bardstown, development near Veterans Boad office. Hospital on Zorn Avenue,

The move is part of the telephone company's expansion in this area, which includes the laying of new, underground cable for newly developed areas.

Work is expected to get underway in March on a \$11, 000 program which includes new, underground cable west along Frankfort Avenue, from the central exchange on Bauer,

One telephone official said the new cables probably are intended to provide service for an area under building development near Veterans. Hospital on Zorn Avenue,

St. M. fire unit--one of best-working toward lower fire rates

Joe Smith, chief municipal edgineer of the Kentucky Inspection Bureau, recently noted that the volunteer fire departments haven't made sufficient improvements to qualify for lower rates,

While Smith particularly referred to rates as low as seventh class, both Trautwein and Fire Chief John Monohan pointed out that much of the area served by the local fire department is already seventh class and they are working to lower the rates to sixth class.

- finith, however, singled out only two specific departments in Buechel and Eastwood in noting deficiences such as the lack of:

1: Fire prevention programs; 2: adoption of fire safety codes by the small municipalities; 3: minor equipment; 4: appliance test programs, improved records, and fire hydrants in some areas.

Neither Trautwein or Monohan disagreed with Smith's comments, but both noted that improvements are rapidly being made each year.

As to the St, Matthews Fire Department, Mr. Trautwein thought it could improve its position by joining the central fire alarm system, which he said would give it better communications with other departments, among other features.

But he added he believed that St. Matthews would join the system in time.

Chtef Monohan, when told of the Smith report, said he had not seen it, but stated that his department had passed all inspections when made, but still his department was continuing to proceed toward improvements.

He said his department is concentrating on obtaining more firehydrants along Melhyville Road from Watterson Expressway on the east to amount lane on the West, the also said he is firing St. Matthews Volunteer Fire Department was called "one of the best in the county system" this week when the question was raised in regard to a recent report that 20 Jefferson County Fire Departments haven't made sufficient improvements to merit fire insurance reduction raies.

The observation was made by Richard Trautwein, director of the county fire-protection program, who noted that the St. Matthews unit is "doing a real good job," to get the small cities to adopt fire safety codes and fire prevention programs.

Those areas which are served by a fire hydrant within 1,000 feet already are receiving seventh class rates, Monohan said, but they are working now for sixth class rates.

The City of St. Matthews just recently adopted a department of safety, primarily aimed toward a fire prevention program. Also a similar program is started by Woodside Park

St. Matthews unit – one of best – working toward lower fire rates. Joe Smith, chief municipal engineer of the Kentucky Inspection Bureau, recently noted that the volunteer fire departments haven't made sufficient improvements to qualify for lower rates.

While Smith particularly referred to rates as low as seventh class, both Trautwein and Fire Chief John Monohan pointed out that much of the area covered by the local fire department is already seventh class and they are working to lower the rates to sixth class.

Smith, however, singled out only two specific departments in Buechel and Eastwood in noting deficiencies such as the lack of: 1: Fire prevention programs; 2: Adoption of fire safety codes by the municipalities; 3: More equipment; 4: Appliance programs, improved records and fire hydrants in some areas.

Neither Trautwein or Monohan disagreed with Smith's comments, but both noted the improvements are rapidly being made each year. As to the St. Matthews Fire Department, Mr. Trautwein thought it could improve its position by joining the central alarm system which he said would give it better communication with the other departments, among other features.

But he added he believed that St. Matthews would join the system in time. Chief Monohan, when told of the Smith report, said he had not seen it, but that his department has passed all inspections when given, but still his department was continuing to proceed toward improvements.

He said his department was concentrating on obtaining more fire hydrants along Shelbyville Road and on Watterson Expressway on the east to Cannons Lane of the West. He also said he is trying to get small cities to adopt fire safety codes and fire prevention programs

Office building planned?

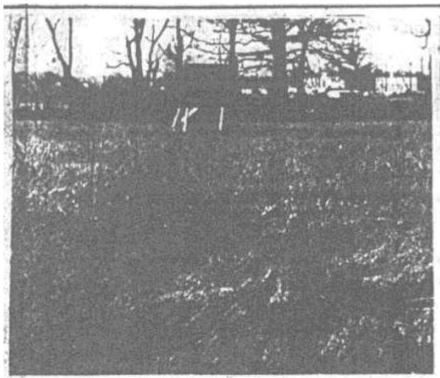

A huge office building apparently is scheduled for construction soon by the Mall Shopping Center, Inc., on the west side of the shopping center property.

A sign noting that such a building will go up on the site has been in place for several week's, and also several professional men in the area are known to have received brochures which seek to obtain occupants for such a building.

When questioned about the building, local management of the Shopping Center decline to comment, saying that any information about the proposed building must come from the firm's headquarters in Maryland.

The sign which says an office building is planned for the site, lists Walter Wagner, Jr., a Louisville realtor, presumably in the role of a leasing agent, Mr. Wagner could not be reached Tuesday for comment.

The site is on the west side of the road leading from Shelbyville Road through the Mall property, and near the rear side of the property.

The site of a new office building? That is what the sign says. The view is looking west from The Mall. A golf driving range is just beyond the site.

February 26, 1965, The Courier-Journal

St. Matthews Chief Quits

Strain and poor health compelled St. Matthews

Police Chief Edgar N. Kelley to tender his resignation, St. Matthews Mayor Bernard

F. Bowling announced.

In a verbal request to the mayor, Kelley, 46, asked to be reassigned as a patrolman on the force after taking a four-week leave of absence. The City Council will rule on the request at its next meeting March 9.

Maj. Kermit Cook, 46, who joined the force in 1955 as a patrolman, will be acting chief until the council names a replacement for Kelley.

Kelley had been chief of the force since September 1961.

CHIEF EDGAR N. KELLEY Submits resignation

Witnesses, helpless, watch aged man killed by train

The torn, twisted body of a 74-year-old St. Matthews man under a car, where it was thrown by a fast passenger train, brought shock and disbelled to dozens of persons in St. Matthews last Thursday.

At least a half-dozen persons watched helplessly as Clinton Gray Lowther, 143 Chemoweth La., slowly moved in the path of the westbound Louisville & Nashville Railroad's Pan American crack passenger train.

Dozens of persons viewed the limp body, a boot nearby and some feet away a famillar, old brown hat and a broken pipe.

Witnesses told St. Matthews Police that Mr. Lowther was crossing the railroad tracks at Chenoweth Lane, apparently not noticing the on-coming train, with its whistle blowing and lights flashing, at the time. He was atrock and thrown some 40 feet under a car waiting north of the tracks on Chenoweth Lane for the train to pass.

Police said the crossing gates were down and signal lights were flashing. The train, on the north outside track, was travelling at 45 mp.h., according to engineer J. C. Adams.

Some witnesses to the accident reported they thought the body was thrown first against a utility pole and then segoted across the pavement and under the front wheels of a waiting car.

The driver of the car, William L. Mattingly, 490 Cooper Chapel Rd., told a reporter the body shot like a bullet along the ground and the impact shook his car.

Another witness, travelling along Westport Road at the time, said Mr. Lawther suddealy started to run just before the impact. He added that the train blocked his view as it roared by and he couldn't determine then whether Mr. Lowther escaped.

After stopping far down the tracks, the train backed to the crossing and waited. Police cars and startled on-lookers gathered and waited for a coroner's deputy to arrive, During the 30-minute period, no one was sure of the indentify of the man, but many recognized the hat and broken pipe lying near a utility pole,

Mr. Lowther, wearing the hat

and always smoking the crooked stem pipe, took daily stroils about the area, and nearly always watched whatever construction was underway.

One person who recognized Mr. Lowther but never knew his name said he would walk many blocks to observe construction work.

Mr. Lowther is said to have told an acquaintance that he had always wanted to be an engineer and construction work fascinated him,

Deputy Coroner Lloyd Roemele said Mr. Lowther died of severe head and other in-

Mr. Lowther worked for many years as line stockkeeper for the L & N Railroad before his retirement in 1960, He resided with his sister, Mrs. LeRoy Sikking.

He was a veteran of World War I and a member of the Jefferson Post, American Leglon, Parkland Masonic Lodge and Crescent Hill Presbyterlan Church.

The funeral was 2 p.m. last Saturday at Pearson's, 149 Breckfirldge Lane, Burial was in Cave Hill Cemetery.

Note from Al Ring: This was my first run with a fatality involved. I was on a booster line where we cleaned the area of what was left!!!!!

Police and by-standers wait for corner's deputy to arrive before moving the body of Clinton Gray Lowther from under car at Chenoweth Lane rail crossing, where he was struck by a train.

74-Year-Old Man Killed By Train

A 74-year-old St. Matthews man was hit by a train and killed at 11:55 a.m. yesterday at a crossing near his home. He was Clinton Gray Lowther, 143 Chenoweth Lane. His sister, Mrs. LeRoy Sikking of the same address, said

her brother was taking his customary morning walk.

Before he retired in 1960. Lowther for many years

worked as line stockkeeper for the Pan American, a L & N. the Louisville & Nashville Rail- passenger train, en route here from Cincinnati. The accident Deputy Coroner Lloyd occurred at the Chenoweth Roemele said Lowther died of Lane crossing in St. Matthews. severe head and other injuries. Police reported that the cross-St. Matthews police said ing gates were down and the Lowther walked in front of signal lights flashing.

Swim Pool Firm Owner Dies At 46

Robert B. Blake, 46, owner of Paddock Pools of Kentucky, died yesterday morning at 5:30 at St. Joseph Infirmary. He lived at 4803 Westside Drive.

Blake's business as a designer and builder of swimming pools had been operating for about eight years. His most recent large project was the Sheraton Hotel, just completed. A native of Akron Ohio he

Horn Sounded

The train's engineer, J. C. Adams, 148 Seneca Trail, told police he sounded the locomotive horn as the man walked onto the tracks, but the victim paid it no apparent heed. The train was traveling 45 miles an hour with its warning lights flashing, police said.

A veteran of World War I, Lowther was a member of Jefferson Post American Legion, Parkland Masonic Lodge and Crescent Hill Pres-

byterian Church.

Besides Mrs. Sikking he is survived by another sister, Mrs.

Clarence Reynolds.

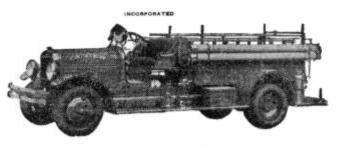

The funeral will be at 2 pool at the French Lick, Ind., p.m. Saturday at Pearson's, 149 Breckinridge Lane. Burial will be in Cave Hill Cemetery.

L.&N. plans to eliminate sub-station

The Louisville and Nashville Rattroad sub-station in St. Matthews is scheduled to go the route of the little red school house -- out.

A notice is posted on the building at Westport Road and Chenoweth Lane stating that the depot is to be closed and moved 15 days from the date of March 12.

An L & N official said, however, that the date isn't definite, since approval for eliminating the depot must come. from the State Railroad Commission, and that posting of such a notice is part of the procedures.

If closed and moved, the railroad will transfer duties performed by the local station to the firm's 9th and Broad -way office.

The station has for several years handled only freight cars which serve primarily industrial firms in the area. The local station is the last one of several which use to serve this eastend area, Among those gone are stations at Lyndon and Lakeland,

The official said plans were to eventually eliminate the local sub-station but a recent request from St. Matthews Business Association to dress up the building expedited the move.

He said the building will be torn down if the move is approved by the Rallroad Commission.

2 fire runs

St. Matthews Volunteer Fire Department made two runs on March 13. These were: 1:33 p.m., 4105 Winchester Rd., trash; and at 2:45 p.m., 207 Brunswick Rd., trasti.

March 25, 1965, The Voice Of St. Matthews:

Two Detroiters buy Joe Brown Ford

come has trhester burd.

Mr. tr hoefe and lifen thaden, both of instruct, Mich., anpurchased the agency from J. S. Brewen, who took over the agency almost five years ago and built it into one of the largust auto agencies in the AFRA.

Several weeks ago, Mr. Brown said that he planned to sell the firm, and said one come too large and demanded

first agreed that the lietrott area, known for its automamefacturing industry, in one of the must competitive areas to the auto sales field, and stated they were femiliar with every phase of the dealeraldy.

Buth are fane of most all sports, They are married and have moved their families to the area.

The two owners said they anticipated no major personnel changes.

Holiday Inn adds rooms

Holiday Inn on Brownsboro Road is expanding both its room accommodations and banquet facilities, to meet a growing demand for such ifacilities in the eastend area, according to James Thornton, manager. Scheduled to be completed

by April 10 are an additional 57 sleeping rooms, bringing the over-all total to 165, and another banquet room which will provide over-all banquet accommodations for 450.

The expansion, the first for the motel since it opened three years ago, adjoins the ing's esstaide,

Landohr Lanes to close

The changing face of St. Matthows is taking one of the
oldest firms in the area, Landohr Lames—the first bowling establishment in this eastond area, will close at the
end of the winter league season which will be about six
weeks.

the 24-year old tailding will either be leased as is or remodeled according to the needs of an occupant, he said the building is not for sale.

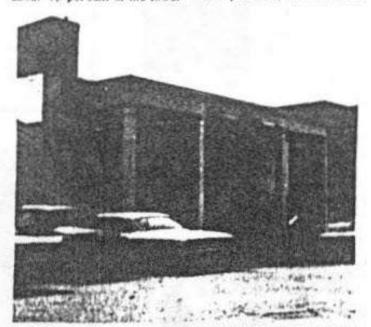

The fullding contains 2,000 square feet of floor space. The first floor measures 120 feet by 25 feet, with additional space on the upper floor, now being used for backer rooms.

It is on a lot 110 feet by 215 feet. Presently there are about 40 parking spaces.

Mr. Dohrman recalls that when he built the building at 4160 Shelbyville Hoad in the fall of 1941 it was almost surrounded by polato patches.

He said potatoes were on the site of what is now Pryora Restaurant, where Hocher Chevrolet is located and to the rear, which includes the Farm Bureau Huliding.

Mr. Dohrman, a builder, said there were only two houses in the Richlaws subdivision when the structure west up.

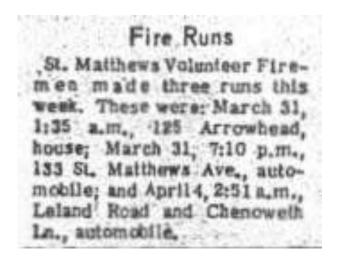

Landohr Lanes whose white front and columns have been familiar to motorists for 24 years will close soon, and the front may be radically changed.

March 31, 1965: Fire Engulfs Bedroom, Killing Mrs. Mary Kaye. Mrs. Mary Johnston Kaye, 63, died of suffocation early yesterday as flames engulfed the bedroom of her home at 125 Arrowhead Road.

She was the first wife of Lewis G. Kaye, Louisville real estate man who died December 15. They were divorced. Deputy Jefferson County Corner Charles Proctor, who gave the cause of death, said Mrs. Kaye suffered burns over most of her body. The cause of the fire, which was confined to the bedroom, has not been determined. The St. Matthews Volunteer Fire Department brought it under control in a few minutes.

The blaze was reported about 1:55 a.m. by a butler, Allen White, who drove to the Hubbards Lane sub-station to report the fire after finding the phone dead

April 8, 1965, The Voice Of St. Matthews:

April31, 1965 House fire 125 Arrowhead Road

Comments by Al Ring: April 1, 1965 House fire at 125 Arrowhead Road and one lady died. I missed this fire run because I did not hear the fire siren. I raised hell and from then on until I got a "Fire Monitor" at night a Mrs. Schultz, a firefighters wife, would call our home number and say "fire". Mom would then bang on my bedroom wall and I would head for the fire house. Mom was a real good sport to do this and put up with a lot. On the other hand, I think she kind of enjoyed it, because many times I would look at the crowd at a working fire and there was Mom, and sometimes Dad when he wasn't at work.

Fire Engulfs Bedroom, & Killing Mrs. Mary Kaye

They were divorced.

Mrs. Mary Johnston Kaye, 63. Deputy Jefferson County Department brought it under died of suffocation early yes Coroner Charles Proctor, who control in a few minutes. terday as flames engulfed the gave the cause of death, said The blaze was reported bedroom of her home at 125 Mrs. Kaye suffered burns over about 1:35 a.m. by a butler, Arrowhead Road.

com near his bed in an apartment over the garage attached to the house.

Runs To Bedroom

He said he ran to Mrs. Kaye's second-floor bedroom but was unable to open the door because of the heat and smoke. This also drove back two patrolmen who later got the door open. They said they could not see Mrs. Kaye.

Firemen arriving a short time later found her body lying in the doorway. She apparently had crawled there after the door was opened, they said.

White and his wife, Ann. who was Mrs. Kaye's maid, were the only ones living with Mrs. Kaye.

The former Mary Johnston Fenley, Mrs. Kaye is survived by a daughter, Mrs. Frank J. Kelley, Lake Forest, Ill., and six grandchildren.

The funeral will be at Cave Hill Cemetery at 2 p.m. today. The family asks that expressions of sympathy take the form of contributions to Children's Hospital or the Louisville Heart Association.

The body is at Pearson's, 149 Breckinridge Lane.

Curves south of creek on Browns to go

At least two of those sharp curves on Browns Lane, just south of Beargrass Creek are due to go, and the County; hopes the two curves just, north of the creek can be, eliminated a little later.

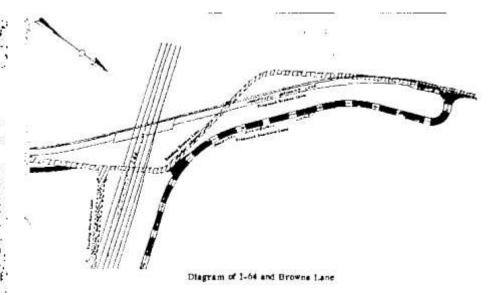

While construction of inter+, state 64 is underway across! Browns Lane, traific on the present road will be maintain-+; ed, and the present Sharburn! Lane with some minor siter-nations, will also remain open.

But the curves will go out in the second phase of construction, which may be later this summer. Sherburn Lane will have been completed and open for two-lane traffic while; Browns Lane is being completed north of 1-64,

There will be some changes in Browns Lane south of the interstate, but that will come in the last stage of construction. While the road is velocated a hundred or so feet further west, a detour will be maintained.

Sammy Lee, director of the county's public works, said a that part of Browns Lees af-fected by construction of the interstate will be reconstructed by the state,

The rotoity, however, will have to complete the job north of the creck, But that must wall mill the county can complote organization of its through road system, which probably will be in the next few months, The next task will be obtaining right of way to eliminate the other two curves, north of the creek, Lau said, Reconstruction of the north section may not come this year, but is defluitely in the planning stage, le sald.

Attn: Chief T. Holsclaw

Dear Chief.

Many times the mon in your organization have proven themselves by the tremembously efficient manner in which they handle emergencies.

We refer most recently to the emergency early on the morning of March 51, 1965 at 125 Arrowhead Road, in which the professional services of your organization were teamed up with the operations of our fire department.

Heedless to say this was a rather serious and fast moving operation in the first stages and placed a tremendous work load on both police and fire personell. We were aided by uniformed Officiers Fisher and Penelton, Moutenants Cooke and Andus and Detective Crane in performing our services at this emergency.

We wish to extend our genuine appreciation for the thorough and complete cooperation of these men while working with us. It gives us a truly confortable feeling to know us can expect and get this degree of aid which makes our job an easier one.

ec: County Judge Harlow Cooks

Mincerely.

John M. Monohan Jr. , Chief St. Matthews Volunteer Fire Assin.

"ORGANIZED FOR YOUR PROTECTION"

April 8, 1965

City of Indian Hills 123 Indian Hills Trail Louisville, Kentucky

Attn: J.J. Werst Jr.

Dear Mr. Worst,

Many Times the operations of the Police and Fire Departments are dirty, hard and thankless. The recent emergency at 125 Arrowhead Road was dirty, and hard but we do not want it to be thankless.

Many times the men who handle the police protection of your area have proven themselves by the transndously efficient way in which they work with our fire department during emergencies. Needless to say we enjoy this type of cooperation and professional service. During the recent emergency uniformed Officiers Miller and budson aided us and we feel it should be mentioned. We wish to extend our geneuine appreciation for cooperation and help shown our fire department while at the emergency. It gives us a comfortable feeling to know we can expect and get this aid which makes our job an easier one.

Sincerely,

John M. Monohan Jr., Chief St. Matthews Wolkinteer Fire Assin.

Florist hit by fire to reopen — loss runs high

A fire early last Saturday night destroyed almost all of Minish & Potts Florist facilities on Fairmeade Road, but the firm Tuesday was planning to reopen for business in part of the structure by today.

The fire hit shortly after 6 p.m., just a few minutes after the florist shop closed for the day's business. The fire eveloped the frame building in minutes.

Passers - by on the busy street, and employees from nearby businesses reported hearing an explosion and said fire then broke out and raced through the structure.

Numerous calls reporting the firs went to the St. Matthews Fire Department, which got there soon enough to stop the fire from spreading to other nearby structures and to save part of the facilities.

One fireman reported that they stopped the fire almost where "they found it." Witnesses were compilmentary of the firemen's quick response. Early reports estimated the damage at \$25,000 but John Potts who operates the business with his brother, Joe, Tuesday said that the loss would far exceed that figure, and added the loss could not be determined at the time.

Totally destroyed was the major building, and nearly all of the two 200 feet long green houses at the rear. Among the plants and flowers destroyed were 400 bloom-potted gerantums,

What caused the fire, or the explosion, was not determined by Tuesday. One fireman said that the cause may never be determined.

A theory at first that a hot water heater which supplied heat to the green houses blow up apparently wasn't the cause. Johnny Potts said the heater wasn't damaged. However, he noted that a large water pipe in one of the greenhouses was raised off its original support, but still there was no indication of an explosion.

Firemen said one of their first immediate concerns when arriving on the scene was to keep the fire from spreading to a gasoline pump to an underground tank,

The firm, one of the oldest in the area, has its major nursery and greenhouse operations at Crestwood from which the firm will restock its local shop.

Tuesday workers were busy cleaning up a rear room in order to get back in business for the Easter season, one of the businest business-wise for florists.

Johnny Potts said the firm's facilities there would be rebuilt.

A florist has been located there for many years, Ortginally, Louisville Nursery firm." Florist hit by fire to reopen – loss runs high

A fire early last Saturday night destroyed almost all of Minish & Potts Florist facilities on Fairmeade Road, but the firm Tuesday was planning to reopen for business in part of the structure by today.

Passers – by on the busy street, and employees from nearby businesses reported hearing an explosion and said fire then broke out and raced through the structure.

Numerous calls reporting the fire went to the St. Matthews Fire Department, which got there soon enough to stop the fire from spreading to other nearby structures and to save part of the facilities.

One fireman reported that they stopped the fire almost where "they found it." Witnesses were complimentary of the firemen's quick response.

Early reports estimated the damage at \$25,000 but John Potts who operates the business with his brother Joe, Tuesday said that the loss would far exceed that figure, and added the loss could not be determined at the time.

Totally destroyed was the major building, and nearly all of the two 200 feet long green houses at the rear. Among the plants and flowers destroyed were 400 bloom-potted geraniums.

What caused the fire, or the explosion, was not determined by Tuesday. One fireman said that the cause may never be determined. A theory at first that a hot water heater which supplied heat to the green houses blew up apparently wasn't the cause.

Johnny Potts said the heater wasn't damaged. However, he noted that a large water pipe in one of the greenhouses was raised off its original support, but still there was no indication of an explosion.

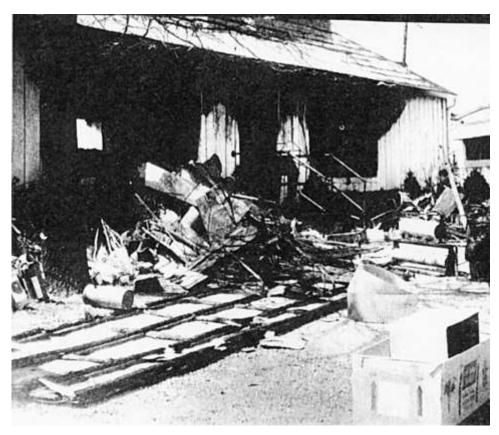

Firemen said one of their first immediate concerns when arriving on the scene was to keep the fire from spreading to a gasoline pump to and underground tank.

The firm, one of the oldest in the area, has its major nursery and greenhouse operations at Crestwood from which the firm will restock its local shop.

Tuesday workers were busy cleaning up a rear room in order to get back in business for the Easter season, one of the busiest business-wise for florists.

A florist has been located there for many years. Originally, Louisville Nursery firm.

Photo next page—NOTE, This was my (Al Ring) first real worker. I got to go through the front window on an 1/1/2" line.

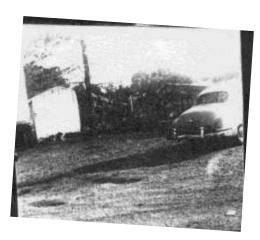

The wiry, twisted shapes of this refuge once was adorned by beautiful flowers, mostly for the Easter season. But fire last Saturday at Minish & Potts Florist left this scene.

In Smoke—-St. Matthews Fireman check debris-strewn yard at Minish & Potts florist shop, 110 Fairmeade Road, after fire of undetermined origin broke out there about 6 last night and caused damage estimated at more that \$25,000. The loss included heat damage to two nearby greenhouses and their contents tropical plants and geraniums groomed for Easter sale.

April 8, 1965, Al & Clinton Ring photos:

Comments by Al Ring: This fire was right at 6:p.m. and if I remember right I was pulling into my parents driveway when I saw the garage light blinking, which would have been my mother turning it on and off telling me there was a fire. I responded to the fire house but don't remember which apparatus I rode. We could see the heavy black smoke most of the way down Shelbyville Road and knew it was a working fire. I don't remember much of the firefighting. I know I helped with an 1 1/2" hose through one of the front windows. We could hear small spray cans exploding and the father we went we could hear the glass falling from the green houses. I think the fire itself was knocked down quite fast but the over-hall took forever.

Old Train Station, New Fire Station

PAINTERS ADD finishing touches to a remodeling job that has turned the Louisville & Nashville Railroad station at Crestwood into a new headquarters for the South Oldham Fire Department. The railroad closed the depot several months ago and is leasing it on a nominal basis to the volunteer fire department. The department plans to buy a new truck for the new station.

Prominent Baker Dies At Age 82

Kuno Plehn, a baker in the Louisville area for 25 years, and one of the founders of the Associated Retail Bakers of America (ARBA), died at 11:45 a.m. Wednesday at St. Anthony Hospital. He was R2 and lived at 318 Monohan.

Plehn, a native of Kiel, Germany, was instrumental in organizing the ARBA on a national level and was elected president of the organization in 1934. He also served as president of the Louisville and Kentucky retail bakers associations.

Opened In 1922

He opened his first bakery in 1922 on Jefferson Street. In 1924, he moved the bakery to 3940 Frankfort Ave. and worked there until his retirement in 1945. Upon retiring, he sold his bakery to a nephew, Bernard Bowling, mayor of St. Matthews, who still operates the business.

During the flood of 1937, the Red Cross used the ovens at Plehn's bakery to roast meat and bake bread for refugees of the flood and rescue work-

Plehn was a member of Zachary Taylor Post of the American Legion and was one of the founders of the it. Matthews Volunteer Fire Department.

Survivors include his widow, Thursday.

KUNO PLEHN Helped found baker group

the former Margaret Brands, and several nieces and nechess.

nephews.

The body is at Ratterman's,
3711 Lexington Road.

Mrs. Charles J. Bramer, 79, died at 12:20 p.m. Mednesday at Sunset Nursing Home, 4926 Dixie Highway. She was the former Rose Jacob and lived at 4110 Bubbling Over Drive, Shively. Mrs. Bramer was a native of Elizabeth, Ind.

Survivors include three sons, Raymond Bramer, Beaumont, Tex., and Vincent L. and Charles F. Bramer; three daughters, Mrs. Thomas Whitney, Mrs. Joseph Hutchins and Mrs. Thomas Medley; 26 grand-children and 18 great-grand-children.

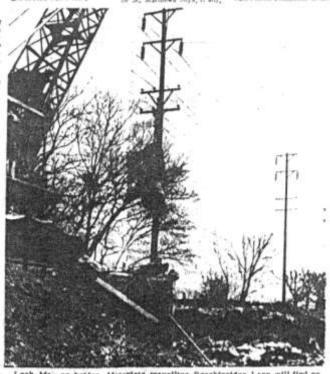

The funeral will be at 9 a.m. Saturday at St. Denis Catholic Church. Burial will be in St. Andrew Cemetery. The body will be at Ratterman's, 2114 W. Market, after 11 a.m. Thursday.

April 8, 1965, The Voice Of St. Matthews:

Fire runs

St. Matthews Volunteer Firemen made six runs this week. These were: April 6, 4:27 p.m., 132 St. Matthews Ave., electrical fire; April 6, 5:04 p.m., Massie Avenue near Springwood, tree; April 8, 1:29 a.m., 3701 St. Germaine, false alarm; April 9, 11:42 p.m., 312 Lotis Way, furnace motor; April 10, 6 p.m., 110 Fairmeade Rd., Minish and Potts; and April 12, 12:32 p.m., 106 Bauer Ave., trash.

May 3, 1965, Letter:

Look Ma, no bridge, Motoriets travelling Breckfiridge Lane will find no bridge across Beargrass Creek, as this derick slame away at the bridge with a concrete bell. The bridge is being demoliabed for construction of a new four-lane bridge and Interstate 64. The Lane is to be closed until fall, Motoriets may use either Cannons Lane or Browne Lane to by-pass this section.

May 3, 1965

Mr. Shirley Palmor-Ball Palmer Asbestos and Rubber Corporation 146 St. Matthews Avenue Louisville, Kentucky

Dear Sir.

We are indeed gratefull for the courtesy that you showed this Department on Tuesday April 27, 1965. Such inspection tours are both interesting and informative and are enjoyed by all the members of the Department.

Although we are constantly on the alert we sincerely hope you will never have to call for our services.

Sincerely yours,

Jack Monohan, Captain St. Matthews Volunteer Fire Assin.

Chrysler adds addition; new apartments slated

Chrysler Corporation is adding an extension to the rear of its agency on Shelbyville Road. The new building was completed last summer.

An application for a building permit, which has been issued, calls for a concrete block structure, 50.10 feet by 56 feet on to the rear of the building for use of a car wash facilities. Construction will cost \$29,500,

A permit is also issued for construction of an \$85,000 apartment building on the northwest corner of Leland Road and Cheneweth Lane. Louis Mohlenkamp, owner, filed for the permit.

More than a dozen similar apartment buildings have been constructed on the extension of Leland Road, west of Chenoweth Lane in the past two years.

Fire runs

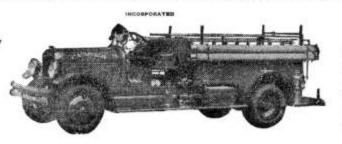

St. Matthews Volunteer Firemen made three runs this week. These were May 8, 8:42 a.m., 3923 Brookfield, power mower; May 8, 9:45 a.m., Shelbyville Road Plaza, automobile; May 11, 10:45 a.m., rail road track and Hubbard Lane, weed fire.

May 15, 1965: Firemen praised after home blaze

Fire resulting from burning grease caused comparatively small damage to the home of Mr. and Mrs. Orville Moore, 3806 Grandview Avenue, about 10 p.m. Friday, May 15, 1965.

The damage was limited to curtains and a window near the kitchen sink. Mrs. Moore said the grease caught fire as the container was being heated preparatory to cleaning and was placed in the sink by her husband. St. Matthews volunteer firemen cleared the house of smoke with use of fans.

In praising firemen, Mrs. Moore jokingly said "It's almost a pleasure to have a fire."

May 20, 1965, The Voice Of St. Matthews:

Koster-Swope buys / property on Bauer

Koster-Swope Buick, 3712 Frankfort Ave., has purchased three commercial properties on Bauer Avenue, which will allow the firm to expand in, excess of 16,500 square feet, it was announced this week,

The properties are the former locations of the Duffy Realty Co., 109 Hauser; former location of the Klichen Products, 119 Hauser and a Louiding formerly occupsed by Dr. M. L. Headleman, 121

half three properties are on the east side of the street and adjoining the automobale firm's parking lat at the rest. The property formerly occupted by the Duffy Stealty

firm's parking lot at the rest.
The property formerly occupied by the Daffy Healty
Company is between the Hell
Talephone switching office and
an alley on the north side. The
what two properties are on

the south side of thetalephone

building.
Bill Cooper, resitor who handled the transaction, said the purchases involved in excess of \$70,000. It is the second expansion of the suto firm which was transacted through Cooper. He obtained the firms' west side parking jot sever alyears ago.

Suitdings are on each of the three properties, and one

is scheduled to be torn down for a purking area. Others are tentatively planaed for sales offices. mits, will have a commencement program June 1 at 8 p.m. at Convention Center, Dr. Philip Davidson president of the University of Louisville will give the address, Continued to page 14 old Middletown Bank Bulkiing, received his plumbers license in 1933,

During the three-day celebration many of the merchants and their employees will be dressed in old coetumes and many will present gifts to on the west wide of Browns Lane, Frank Ogle, chairman of the city's board of trustees said about 40 of the five-foot square blocks were repaired of damages caused by free roots.

Two of three commercial properties purchased by Koster-Swope Buick on the east side of Bauer. The House of Kitchens formerly occupied the building at left and Dr. N. I. Handleman formerly occupied the building at right. The auto firm is at the rear.

6 FIRE RUNS

St. Matthews Volunteer Firemen made sta runs this week. These were: May 12, 19:22 a.m., rorner of Westpert Road and Helgeway, weet fire, May 12, 11:29 p.m., 216 blanken-taker 1n., house, May 13, 7:05 p.m., 114 Cornell Pt., power mower, May 14, 7:50 a.m., 164 Arrowhead, automodile; May 14, 6:15 p.m., rear 6823 Green Meadow Cr., tree; and May 17, 8:19 a.m., shelt yettle Road and Browns Lane, automodile.

6 Fire Runs

St. Matthews Volunteer Firemen made six runs this week. These were: May 12, 10:23 a.m. corner of Westport Road and Ridgeway, weed fire, May 12, 11:29 p.m. 210 Blankenbaker Ln.; house; May 13, 7:05 p.m. 114 Cornell Pl., power mower; May 14, 7:50 a.m. 164 Arrowhead, automobile; May 14, 6:15 p.m., rear 6823 Green Meadow Cr., tree; and May 17, 8:10 a.m., Shelbyville Road and Browns Lane, automobile.

Man, 50, hit by car, hurt

Robert K, Morefock, 50, of 205 Not Hill, was critically injured about 11:45 a.m. last Saturday when struck by a car in the 4100 block of Shelbyville lot.

St. Matthews Police said the driver of the car was Miss Patricis M. Herp, 21, of 164 Thierman, who reported Mr. Moredock stepped into her path and she did not have time to stop, She was driving east.

Mr. Moredock was taken to kentucky Papilet Hospital, where he reported suffering with lacerations, fractured rits and a back injury.

The impact three him against the windshield, breaking the glass and dealing the car's top.

No charges were placed, The accident caused traffic, usually heavy at that hour, to back up for several blocks,

Surprise opening -- the northend wall of the Walser Building, 4050 Westport Rd., came down about 10 p.m. last Thursday, exposing the upper story offices. The "curtain wall" tumbled after workmen excavated for a basement and an addition to the Tweed & Tartan Shop on the first floor. Clean-up before the work can begin is shown underway, with part of the wall removed.

STMFD responded to this run.

Apartment units proposed on tract

proposes to construct some 300 luxury spartment buildings on a 26-acre tract along Breckinridge Lane and Hillsboro Road,

The firm, Klingbell Haddox & Company, says the develop-ment will be a luxury garden spartment rental community, The apartments will range from one-hedroom to three bedroom, and in a price range of \$125 to \$225 a month. The development calls for a

colonial design, 'highlighted by many authentic details." It will be rugged, old brick facades, gas lamp court yards, replicas of early coach lights by the entrances, and shut-tered, multi-panned windows which will give it an "old world" elegance, a spokes-

A Columbus, Ohio, firm man for the developers said, proposes to construct. The spartments will have central air-conditioning, uitra-modern electric kitchens, ceramic tiled baths, large living areas and ample closes

The apartment units will also have private enclosed paties and a free-form swimming pool with adjacent re-creational and park areas, Entrances are planned off both Hillsboro and Breckinridge

A request for a change of zoning for the apartment development is now before the St. Matthews Planning and Zoning Board,

About 70 residents from the surrounding area were at a public hearing last week, and most of them protested the change of zoning on grounds that the tract is to be developed for commercial pur-poses, Zoning officials denied the charges, pototing our that the application only calls for

spartment zoning.

Many of the protests came from residents in Williamsburg Estates, About three acres of landnear the Estates, owned by Tom Moore, are not included in the suquest for a change from residential son-

The tract, part of the Clay-tim Moore horse farm, was annexed recently by St. Matthews after it was cut from the farm by interstate 64 new under construction in the area.

The development firm told the Loning commission it specializes in such apartment communities, and has de-velopments along the East coast and midwest,

Fire damages two homes

A fire in the ome of Mr. and Mrs. Richard Rhodes, 4405 Jonlyn Ct., on June 15 caused extensive damages to the kitchen and smokedamage to other parts of the home. Mrs. Rhodes said the fire started from greese on the kitchen stove and spread to the cabinets and ceiling. She said the fire resulted in a total loss to the stove, and the ceiling and cabinets would have to be replaced.

Also rooms of the home would have to be papered and painted due to smoke damages.

The cost of damages has not been determined. The St. Matthews Volunteer Fire Department was called at 4,29 p.m.

Another fire in St. Matthewa last week was on June 19 at 106 Travols Rd., the home of M. H. Solworth, where fire started in the attic. Extensive damages were done to the attic and on the lower floors by water and smoke.

Matthews Volunteer firemen snawered that slarm at 11:02 a.m.

June 20, 1965, The Courier-Journal:

Fire Damages East End Home

A fire of undetermined orilin yesterday extensively damaged the home of Mr. and Mrs. M. H. Solworth, 106 Travois Road.

Solworth said his daughter discovered the fire at 11:15 a.m. and called the St. Matthews Fire Department.

Damaged areas included the attic, roof, second-floor bedrooms, and the first-floor kitchen.

SITE PLAN OF JAMESTOWN--39 apartment buildings are shown with a 30-foot roadway through the area. The round spots are trees.

Article next page, site of future serious fires.

June 19, 1965 106 Travois Road House fire

Comments from Al Ring: Chief Monohan S7 responded with S4, S1, and S2. It was about 1 p.m. on a Saturday and I think I rode S4. This was an attic fire so we had to advance a line up a built in staircase that was very narrow, wearing Scott packs. I was in a Scott pack going up the stairs to the attic with a line when the valve on the pack hit "something" and broke off killing my air and shortly later, down I went. My first injury at a fire.

Council approves apartment complex with restrictions

A luxurious apartment complex on a portion of the Clayton Moore horse farm on the west side of Breckinridge Lane and south of Hillsboro won approval of the St, Matthews Council Tuesday night, but with modifications offered by the developer.

Some 1,200 in Lyndon recreation

Lyndon Recreation program is bursting at the seams with children already enrolled in programs, and others are apparently available for participation but the lack of space is critical.

Charley Vettiner, county recreation supervisor, this week cited the need of additional land to care for some 3, 200 children in the Lyndon a.ea, and added: "We'relooking for it (land)."

Lyndon recreation supervisors noted that their most critical need is additional baseball fields. Sixty-two teams consisting of over 900 boys On recommendation of the Planning and Zoning Board, the Council approved a change of zoning from one-family residential to C-1 apartment for some 26 acres.

Modifications were made in the original proposal to satisfy complaints raised at a public hearing from most nearby residents, according to Councilman Harry Jones, who also is chairman of the Planning and Zoning Commission.

The modifications include a three-quarter acre tract adjoining a future section of Williamsburg Estates' east side to remain under one-family zoning and, through a special use permit, made into a park area as a buffer zone. The park measures 100 feet on the north, 95 feet on the south in width and some 300 in length.

Also more than three acres adjoining Williamsburg Estate's east side, the site of Tom Moore's home, will remain one-family residential under a 25-year deed restriction.

A section along Hillsboro will also be held under a 25-year deed restriction for one-family use.

The plans also call for a landscape screen to be planted 400 feet along Hillsboro, extending from Breckinridge Lane, and also along that section of Breckinridge Lane which from on existing residences.

The plan approved by the Council calls for a 60-foot extension of Prince William Street which presently deadends in Williamsburg Estates at the Tom Moore home site. The street is to pass through the Tom Moore home site and connect up with Hillsboro, Mr. Moore's home is to be removed.

An entrance into the apartment complex is to be off Breckinridge Lane, almost opposite St. John's Lutheran Church, or near the crest in the hill. An entrance also will leave Hillsboro.

Streets within the gardentype apartment buildings, which are to contain some 300 apartments of one, two and three bedrooms, are to be 30 feet in width.

A swimming pool and a recreation building is planned in a triangle on the west side of the tract,

The proposed Interstate 64, now under construction, bounds the tract on the south.

The developers, Klingbell, Haddox and Company, Columbus, O., also has agreed to deed the City of St. Matthews a 10-foot strip along Breck-inridge Lane for future widening of the Lane.

Mr. Jones said the firm indicated it wants to get development underway within a few weeks, but that deed restrictions will have to be filed with the City before develop-

Continued to page 13

Council approves

Continued from page 1 ment can start, The firm also is required to obtain building permits for each building.

The complex will contain about 39 spartment buildings, and will be known as "Jamestown." The apartments are to be air-conditioned and rent from \$125 to \$225.

An existing creek through the tract is to care for a large part of the drainage,

FIRS PROTECTION ET. MATTHESE FIRE PROVECTION AREA

Enforced is mide to your recent telephone conversation with our Pr. Saith, communing the increvenents still received in the St. Datthers Fire Protection from for it to receive a better fire protection elegatification,

In our discussion of the improvements medical, we pointed out that one of the principal recommendations remaining was for the establishment of a fire pro- time pro- cas with all buildings within the fire projection area, encept durilling, to be improceed contempolity by the fire deposition. Some time and the Jefferner County Fiscal Court effects the 1963 Diffice of the Standards of Safety and changed the respective fire departments of each fire protection area and electrics with the impossion, forentiation, and protection recovery to secure conditions with the provisions of the Stanfords. The education of those Standards by the Placet Cours travides for local enforcement in the unindependent errors of Seffermen Courtry houseway, in order to provide local enforcement within the vertex interpretate cities ft to recently they elect the finelents and specify for their enforcement

Ten indicated a design to comist the St. Patthers Pire Deportment in its effects to how all of the incorporated either in its arms to edona In its effects to keep all of the incorporated either in its zero to edopt three fillents. In resource to the record for the same of the cities in the St. letters fire factories are which the st. letters fire factories are which the st action the fillents for the factories the fire cities for important and the advisor that have records of only form cities (at the terms, freehours, freehours willings, the land Park, and From there will be a factories within the fillents of a factories and the fire deposit of the control of a factories are an interesting to the fire deposit of the control of a factories are an interesting to the fire deposit of the control of a factories are an interesting to the fire factories. The cities are faired as Figure 10 Village, Serieslee, Brandfields, Newbourse, Factories, In this can, Ballacond, Wang Mills, Compared Village, Series Wille, Indian Mills, and Relling Fields.

-2-

In order that the fire department may start its fire prevention program fort an form an pennittle, it is compested that your efforts be directed first toward the cities (such as Pairmesde) which have a number of pretantile buildiess within their corporate limits.

It you have any further constious concerning the fire projection in your City or the Ct, Entthess live Francision Area, please let un know,

Yours very trely.

STANDARD

Dictated by Mr. Safthelia

Redriger's Statige of colonial state building for States.

Colonial building to house florist

A modern, Colonial style building is to be the new home of Minish & Potts Florists on 110 Fairmeade Road.

Construction was underway this week on the new building where the firm's old building was destroyed by fire just before Easter.

Also under construction are the firm's two 100 feet by 34 feet green houses at the rear where 4,000 geranium plants perished in the fire.

perished in the fire.

The front portion of the new building, which contain 4,500 square feet of floor space, will front on Fairmede Road 85,8 feet, and a wing will extend on the southeast end 61

The residence-type building will be constructed of brick and contain large glass win-dows in the front, Smaller windows will have decorative shutters, and the main en-trance will have a portico in the colonial style.

Target date for completion of the structure is early in September.

July 14, 1965, 7:55 p.m., unknown article:

Four men were injured during an electrical storm which dumped 1.77 inches of rain on the Louisville area yesterday evening. Numerous outdoor events were canceled; many limbs and power lines were downed; and flooding was reported in houses and basements.

Attributed to lightning were the injuries of four men burned at Blair's Ashland Service Station, Shelbyville Road and St. Matthews Avenue, where after a sudden flash a half-ton truck and part of the service area were engulfed in flames.

The injured who were standing near the truck were treated at a hospital and released. The are—

St. Matthews police and fire officials declined to assign a cause to the fire. Berry, the manager of the station said lightning struck near the truck.

A spokesman for the Louisville Gas & Electric Co. said lightning struck an 11,000 volt line on Preston Highway near Fern valley Road interrupting power service in many homes in the Okolona area

Lightning also struck a power line on Old Shepherdsville Road north of Popular Level Road interrupting service. Power ——

Mimes, architect; G. A. Wiggins, zone manager of Pontlac Division, Mr. Swope, and P. F. Carroll, district manager of Pontiac Motor Division,

Third of a period by Al. J. Schonsburg

Fire runs

St. Matthews Volunteer firemen made three runs this week. These were: July 8, 1:12 p.m., 3801 Grandview, automobile; July 8, 11 p.m., 3802 Nanz Ave., Fumigating apartment mistaken for fire; and July 12, 5:50 p.m., 325 Sherrin Ave., electric range.

This fire was July 13, 1965

Firemen line the roof from the nearby Porter Paint store to reach the fire from the top, as black smoke rolls away.

Fire equipment and spectators line Breckinridge Lane, The police officer (foreground) directs traffic south on Breckinridge from Willis Avenue,

STRICKEN FIREMEN get aid-Bill Owen of St. Matthews is attended by St. Matthews patrol-man Brad Alton and an unidentified person. Another overcome fireman is at their rear.

A fireman is carried by stretcher to a waiting police cruise from the rear of the building.

Two-alarm fire hits Ballerina

Damages estimated in thousands, men overcome by smoke

Two-alarm fire

Continued from page 1

brought out several hundred spectators. Police from both Louisville and St. Matthews directed the traffic and carried the stricken firemen to the hospital. First aid was administered on the scene. Also on hand to render aid was an emergency rescue truck from the Salvation Army.

Firemen mounted the roof of the building and adjoining buildings to reach the fire. Also, firemen, equipped with masks entered the smoke filled store from both the front and rear.

Firemen also worked late Tuesday night cleaning out debri and what merchandise which could be salvaged.

Walter Wagner, Jr., St. Matthews realtor who owned the building, was on the scene but he could not be reached for comment. Fire inspectors worked late Tuesday night trying to determine the cause of a two-alarm fire which caused damages running into thousands of dollars to the Ballerina, a ladies apparel shop, 137 Breckinridge Lane.

Meanwhile, Sgt. William Foushee of the Louisville Fire Prevention Bureau, said the fire at the time was undetermined.

The fire destroyed most of the merchandise of the ladies apparel store and severely damaged the rest. However, the extent of damages could not be determined late Tuesday night and it may be days before an estimate can be made.

William Moore, whose wife operates the store, said the store normally carried an inventory of \$80,000 to \$90,000

He said he knew little of

Management, of both firms said they came out lucky, not having more damage than occurred. Arbil Short, district manager of Porter Paint, credited double walls between store for preventing the fire from the Porter Paint store.

The air in both adjoining buildings hung heavy with smoke odor.

Firemen broke open both front and rear doors to the Aerlanse building to prevent fire from that building.

At least nine pieces of heavy fire fighting equipment and several hundred feet of hose lined the streets for two to three blocks around. Traffic was routed from the area at the nearby intersections.

The fire, which lasted for about an hour and a half Continued to page 14 Mrs. Moore's inventory was low "at this time of the year." Mrs. Moore was in Europe, and was to receive the news

the volume of merchandise

carried, but he guessed that

and was to receive the news early Wednesday morning, Mr. Moore said, if he could reach her by telephone.

All of St. Matthews fire companies, consisting of five pieces of equipment and more than a half dozen of companies from Louisville answered the alarm which went off at 6:07 p.m. McMahan firemen came to the St. Matthews station to answer in event of another fire.

At least a half dozen firemen were over come by smoke and heat. At least two of them were from St. Matthews but firemen reported they were released after treatment. They were Bill Owen and Barry Munz.

Several other firemen had to leave the fire for a time before being overcome.

Sigt. Foushee said the fire apparently started about midway of the building in the ceiling. He could give no estimate of the damage, but said it would be extensive. The fire extended toward the rear of the building.

Aerlanse, a travel agency on the northside of the building, and Porter Paint, adjoining the building on the south suffered only smoke and water damage.

This fire was July 13, 1965, Probably The Courier-Journal or The Louisville Times:

July 29, 1965, The Voice Of St. Matthews:

August 5, 1965, The Voice Of St. Matthews:

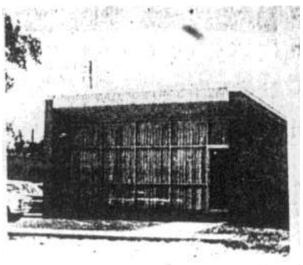

FUTURE HOME of Puritan Cordage Mills, which is to move its executive headquarters to St. Matthews from \$205 H. Washington. The two-floor building is under construction on LaGrange Road near Shelbyville Road and Watterson Exprossway overpass, and will be completed in October. Furitan, makers of rope, twine and household items, will occupy the second floor of 9,000 square feet. The building was designed by Kenneth D. Mock, and is being constructed by Sullivan & Cozart.

Building built by Sullivan Cozart, of which Dan Sullivan was a St. Matthews firefighter. Second floor leased by Harry J. Babcock firefighter who owned Puritan Cordage Co.

New Burger Chef on Shelbyville Road opened last Thursday, The drive-in employes 15 people, all boys from the local area. The building is 60x40 and is on a lot 200 feet in the front and about 250 to 300 feet deep.

ANOTHER new building on Sears Avenue which is the new home of Mr. Roy's Beauty Salon. The firm moved in this week just after completion of the 21 by 80 feet building, built and owned by Eline Realty Company. This is the front facing the west side of Sears.

Benton home damaged by fire Tuesday

A fire early Tuesday morning caused extensive damages to the residence of Mr. and Mrs. Don Benton, 507 Macon. Mr. Benton said the fire which started in the family room was believed to have been caused by a color TV set, He said he and his wife had returned from a trip Monday night and had turned the set on to watch a program, After retiring later that night they were awakened about 2:30 a.m. by the smell of smoke, and looking out the window saw a light from the curtains burning in the family room,

He said Tuesday the extent of the damages were not yet determined but the family room was believed to be a total loss and possibly a total loss to the kitchen due to heat. He said paint on all walls and doors throughout the house were blistered from heat.

The house is constructed of brick except for the back section which contains the family room. Mr. Benton said a closed door leading to an upstairs room had protected that part of the house.

The St. Matthews Volunteer Fire Department answered the alarm.

New office building starts

Construction was scheduled to begin yesterday on a new office building on Boone Highway just off Shelbyville Road.

Owners and contractors for the new building are Sullivan and Cozart, builders, owned by Edward T. Sullivan president, and Dan Sullivan, secretary and treasurer, it will be a two-story building of masonry construction with steel frames and concrete floors, R will be in an L shape with 000 square feet to each floor. Dan Sullivan said the entire second floor has already been leased to the Puritan Cordage Co., makers of rope, and the first floor is hoped to be leased to not more than one or two people. The building, which is expected to cost approximately \$200,000, will be completed about Nov. 1 of this year.

Harry J. Babcock is president of the rope firm which is scheduled to occupy the second floor the early part of November.

LOOK MA, no Breckinridge Lane-Old Breckinridge Lane pavement across Beargrass Creek is all but a memory as construction crews are building an over-pass for 1-64. The view is just south of Beargrass Creek toward St. Matthews.

"ORGANIZED FOR YOUR PROTECTION"

\$20,000 DEATH BENEFIT PROVIDED

Insurance Plan Set Up For Volunteer

The Fiscal Court today set up a group accident-insurance program for about 750 members of volunteer fire departments in the county.

The coverage, effective immediately, will pay \$20,000 if a volunteer fireman is accidentally killed while fighting a fire, providing other emergency aid, or participating in other authorized department activities, said Richard M. Troutwein, director of the county's fire-protection program.

He mentioned the WHAS Crusade for Children as an example of an authorized activity. Many volunteer fire departments collect contributions for the Crusade.

The insurance program provides these other benefits to the firemen:

- ✓ Up to \$10,000 to cover medical expenses resulting from injury while acting as fireman.
- - \$37.50 a week for partial disability.

The court accepted a low bid of \$9,015 a year for the insurance coverage from Phoenix Assurance Co. of New York. The local agent is E. S. Tachau & Sons, Inc. The contract expires after a year.

Troutwein said after the meeting that he thought the insurance would encourage men to join volunteer fire departments. He said also that it is more economical for the court to get coverage for 750 men than it would be for individual departments to arrange for their own insurance.

September 30, 1965, The Voice Of St. Matthews:

House fire

A fire at 4016 Nortourne Blvd., the home of William Copeland, early Monday caused mostly smokedamages to the home and furnishings, the St. Matthews Volunteer fire department reported.

Firemen collect \$12,623 for Crusade

St. Matthews Volunteer Firemen collected over \$12,623 in the St. Matthews area last weekend for the Crusade for Children, Department officials say more checks are coming in this week.

This amount is some \$1,000 above last year's collection of about \$11,600.

SEEING IN THE MONEY AND THE MORN-ING . . After a long night at the WHAS Crusade for Children, Ralph Lampton, a bass player in the WHAS orchestra, perspices under hot television

lights. Two other WHAS employes, Judy Marshall, left, and Sherry Suremore, sought the comfort of chairs as they kicked off their shoes for a footherather.

Crusade Collects \$330,000

Continued from First Page

joungsters who weren't seen but who were in the minds and hearts of those wito opened their wallets.

The high point came at 3.06 p.m. yesterday when the tote board, berrowed from Churchill Draws, went ever the \$300,000 mark for the first time in the Crusade's history.

On the crowded stage at the time were members of Fairdale and Okelona redunteer fire departments who incesher raised a total of \$9,14782. Pandemonium broke loose Balloons and bublies floated down from the ceiling. Technicians, firemen municians, children, the audience and master of ceremonies. Jim Walton joined in the loudest cheer heard in Louisville since VJ Day.

But it had been a long 19-plus hours before that delirious moment. Between 1 a.m. and noon yesterday, the money was not coming in as first as in 1964. But then the tide of contributions swelled.

More than ever, firemen symbolized the Crusade, Officially, 70 fire deparments in Kentucky and Southern Indiana were expected to take part, collecting from house to house and at street intersections. But Crusade officials estimated that probably 100 departments helped raise funds.

They trooped into Memorial Auditor-

iam, proudly carrying guant hoots filled with cash, and waited patiently in the basement until their chance came to go on stage and dump money into a "fishbowl"

The largest contribution came from the Roman Catholic Archdiocese of Louisville—\$36.011. The Very Rev Roy E. Destinger, wearing a fire hat, read the contributions from each parish. Then the band played the Notre Dame Vactory March and sirens screamed as the total was announced.

Other contributions of more than \$10,000 came from the Piessare Ridge Park and St. Nathews volunteer free departments, an employes group at teneral Electrics Appliance Park and the New Albany substation.

Grateful For Every Gift

But Victor A Sholis, general manager of WHAS. Inc. stressed that, "We are grateful for every contribution, big or small"

Last year, the figure at sign-off was \$250.007. With a flurry of late contributions, the total was eventually pushed to \$320.443. That was a record, too.

After about 5 per cent of the total is paid out for expenses, all the money will be distributed to projects for physically and mentally handicapped children in Kentucky and Southern

Indiana. The 1864 Crusade gave funds to 36 agencies.

The Crowde is more than just dollars and cents. It is a unique community undertaking, reminiscent of the days when all the neighbors got together to just up a harn or bring in a harvest or help a family in trouble. The spirit of the Crusade was sounded at the close of the markets.

The spirit of the Crusade was sounded at the close of the murathon broadcast when the letters W-H-A-S were used to spell out "We Have All Shared."

As always, the guest performers fell in love with the Crusade Dae Severinsen, first trumpet in the Skitch Henderson orchestra, played right through to the end. He and drummer Bab Rosengarden, joined by Lousville area missicians, jammed everything from showtunes to hard rock.

"It's great," he said. "I've never seen or done anything like this before."

Singer Damita Jo said she was "overwhelmed" with the spirit of cooperation. "It's beautiful," she exclaimed.

Damita's participation was particularly appropriate. Her husband's cousin, Mrs. Abbey Fife, is a teacher at Western Junior High School. In 1956 she was given a University of Louisville scholarship, financed by Crusade funds, to study the teaching of retarded children.

Ultimatum Giren

Klingbell Co. says building in Jamesiuss will be like thear,

Portion of Jamestown Development to be opened in mid December

Five buildings in the firstphase development of a \$3, 500,000 luxury apartment complex at Breckinridge Lane and I-64 will be ready for occupancy by mid December.

The remaining 18 buildings in the Jamestown of St. Matthews development's first phase are slated for completion by August of 1966.

A second-phase construction program at the complex will be begun late in 1966.

Eventually, the development will contain 35 buildings with 350 apartments.

This information came from J. D. Klingbell, president of the klingbell Co. of Columbus, Calo, the developer of Jamestown.

Mr. Klingbell was host to St. Matthews and Lauleville officials at ground-breaking ceremonies at Jamestown Tuesday afternoon,

Construction will begin when clearing of ground is completed, Mr. Klingbeil said,

Roll promotos

A leasing agent for the complex will be selected soon, he commented.

Designed by Ballard H. T. Kirk, consulting architect, Columbus, Ohio, and Lloyd Schliecher, architect, Louisville, the Jamestown developer is located on a 26-acre tract on the west aide of Breckinridge Lane, just south of Hillaboro Road.

The buildings will be of Colonial design "highlighted by many authentic details," They will have rugged, old brick facades, gas lamp court yards, replicas of early coach lights by the entrances, and abuttered, multi-paned windows.

The apartments one, two and three tedroom, will have rentral air-coefficients, ultramodern electric kitchens, reramic tiled baths, large livling areas and ample closed staces.

The apartment units will also have private enclosed paties and a free-form swimming pool with adjacent recreational and park areas, Entrances are planned off both Hillsboro Road and Breckinridge Lane.

Streets within the development are to be 30 feet in width,

Prince William Street will be extended 60 feet and pass through the Tom Moore home site and connect with Hillsboro Road, Mr. Moore's home is to be removed.

Plans also call for a landscape screen to be planted 400 feet along Hillsboro from breckinridge Lane and along that section of Breckinridge Lane which fronts on existing residences.

An existing creek through the tract is to care for a large part of the drainage.

Areas surrounding the tract will remain under one-family residential zoning to protect property owners. A buffer area, a small park, will be situated between the rear section of the development and the nearby Williamsburg Estates.

The developer has agreed to deed the City of St. Matthews a 10-root atrip along Breckinridge Lane for further widening of the Lane.

The 26 acre tract, part of the Clayton Moore horse farm, was annexed by St. Matthews after it was cut from the farm by Interstate 64 now under construction in the area.

"We are including in the Jamestown the most popular house features and combining them with the advantages of apartment living which allow for more leisure time and recreational activities.

"We have numerous similar developments throughout the country, all of which are assets to the communities in , which they are located,"

Officials attending the ground breaking included St. Matthews Mayor Bernard Bowling, Councilmen Millard Budy, Millard French, Harry Jones, Louis Herm and City Attorncy J. W. Jones.

GRAND OPENING: Mayor Bernard Bowling, center, cuts the ribbon at the grand opening last Thursday of the remodeled F. W. Woolworth Co. store at 3735 Lexington Road, St. Matthews, To his left is D. M. Mozer, district manager for Woolworth, and to his right, J. P. Nash, manager of the St. Matthews store. The remodeling cost \$85,000 and includes new counters, new lighting, new check-out centers and new flooring.

Fire runs

St. Matthews Volunteer firemen made four runs this week. These were: Sept. 28, 1:55 p.m., automobile in fron: of 3615 St. Germaine; Sept. 29, 2:15 p.m., and 7:30 p.m., wash off, Lexington Road and Bauer; and Oct. 1, 7:11 automobile in Lyndon, territory, cancelled out before arrival.

FIVE ON A SPADE, This smiling quinter participated in ground-breaking corresponds last week for the Jamestown of St. Matthews development, part of which will be ready for occupancy in mid December. Left to right are St. Matthews Councilman Massay Jones; J. D. Klingbeil, president of the Klingbeil Log, of Columbus, Ohio, developer of Jamestown, Councilman Louis Horm, Mayor Bernard Bowling and Councilman Millard Rudy.

\$1 million Mall Office Center to be completed by Feb. 1

3 businessmen awarded plaques by association

Two community service awards and a president's plaque were presented last night at the annual meeting of the St. Matthews Business Association.

J. Pryor Wise, of 7204 Boxwood Road, City of Devondale, and James "J. P." Terry, 119 Ridgeway, St. Matthews, were given community service awards.

A president's plaque was awarded to outgoing association president Jack Setler, Mr. Setler is in Norton Memorial Infirmary, so the plaque was accepted in his behalf by Charles R. Smith.

Mr. Wise, a native of Crestwood, is treasurer of Stratton and Terstegge Co. He is a former president of the local chapter of the National Association of Accountants.

Mr. Wise has served as chairman of the board of the St. Matthews Y.M.C.A. He helped organize the St. Matthews Little League.

The award was given for his 'long period of service to the St, Matthews community.''

Mr. Terry, a native of Rochester, Ky., operates a Texaco service station at 3800 Lexington Road, He is a charter member of the St. Matthews Business Association.

He has been on the board of directors of the St. Matthews Fire Department for 20 years and is a volunteer captain.

An active bowler, he is president of the Ten Pen Majors League and vice president of the Ten Pen Classic League,
Mr. Terry is an honorary
member of the St. Matthews
Lions Club, which he has helped in fund raising drives for
community projects.

The award was given him for his "steady work and constant service as a volunteer in activities of great benefit to the community."

The president's plaque tradtitionally is awarded to outgoing presidents of the group. Courtesy The Archives of St. Matthews Episcopal Church, Louisville, Kentucky, Ed Hill: Ariel photo of the church grounds - about 1965.

OT

F. O. Bux 115 St. Mortheys, Ky.

Minutes of the meeting of the Directors of the St. Hatthews Volunteer Fire Dept., held October 10, 1985 at the fire house.

Directors Present

John Monohan Henry Monohan V. Leland Vilson George E. Willer Fred Boss Lewrence Grassan

Hirmber of last meeting, Held September 9, 1965, read by President Monoban. Helica made by Lewrence Graussan, seconded by Fred Boss, that they be accepted as read. Accepted.

Financil report read by Freeident Honoban.

Notice made by Fred Boss, seconded by Lawrence Grauman, that we buy \$10,000.00 certifinate of deposit in First National Bank.

Motion mate by Henry Monoham, seconded by W. Laland Wilson, that we give party (dinose) for fireman. Passed.

There being no further business sotion made by George E. Millor, seconded by W. Leland Wilson, that we adjourn.

Remoctfully submitted

George E. Hiller, Secret.

October 16, 1965, The Courier-Journal

"ORGANIZED FOR YOUR PROTECTION"

Building Is Destroyed By Explosions, Fire

Two explosions and a fire destroyed a building at 153 Thierman Lane yesterday, causing an estimated \$30,000 damage. The structure, a one-story brick office and utilities building, was part of an apartment-house complex but did not contain any occupied apartments.

E. Rodulfo Pantoja, 1112 Broadfields Drive, president of the corporation which owns the building, said that it contained only a business office, laundry facilities for the Charlotte Apartments adjacent to it, and an unoccupied, furnished guest apartment.

Pantoja said that the building was locked and entry could have been gained only with a key. He said losses included some business machines, the laundry facilities, office furnishings and a small amount of cash.

The fire was discovered at about 8:25 p.m. The fire is being investigated by the Louisville Police, the St. Matthews Police, the state fire marshal's office and city fire officials. Cause of the fire remained undetermined late last night.

October 19, 1965 Koster Swope Buick 3712 Frankfort Avenue

Comments by Al Ring: October 19, 1965 Working fire at Koster Swope Buick at 3712 Frankfort Avenue with a fire in the stock room over the service department. S5 and S3 responded, we did lay a supply line but used a booster to put the fire out. I wound up in charge for the first few minutes as no officers were there, Bob Walling later arrived. I learned real quick to make decisions.

October 19, 1965: Unidentified article: Building Is Destroyed By Explosions, Fire. Two explosions and a fire destroyed a building at 153 Thierman Lane yesterday, causing an estimated \$30,000 damage. The structure, a one story brick office and utilities building, was part of an apartment house complex but did not contain any occupied apartments.

E. Rodulfo, 1112 Broadfileds Drive, president of the corporation which owns the building, said that it contained only a business office, laundry facilities for the Charlotte Apartments adjacent to it, and unoccupied, furnished guest apartment.

Pantoja said that the building was locked and entry could have been gained only with a key. He said losses included some business machines, the laundry facilities, office furnishings and a small amount of cash.

The fire was discovered at about 8:25 p.m. The fire is being investigated by the Louisville Police, the St. Matthews Police, the state fire marshal's office and city fire officials. Cause of the fire remained undetermined late last night.

October 21, 1965, *The Voice Of St. Matthews*: "Work of a Maniac Says Pantoja." "This is the work of a maniac," said E. Rodulfo Pantoja Saturday as he examined the gutted interior of an office building at 153 Thierman Lane in St. Matthews.

Pantoja said he thought there was a definite link between the fire that ruined the office building, at an estimated loss of between \$25,000 and \$30,000, and a threatening note he had received earlier in the week.

The note, now in the hands of Louisville police, said that unless Pantoja paid \$10,000 in protection money his children might get "run over by a runaway car" or his house or apartments might be burned.

Pantoja is president of the Rodulfo Realty & Building Company, Inc., the owner of the Charlotte Apartments at 153 Thierman Lane.

The office building hit by fire Friday night is situated in front of the complex. "I don't care about the damage caused by the fire," he said, "I am worried about my family."

He poked among the ruins as he talked. He said the building's wiring was sound and that he thought a natural cause for the fire was unlikely. Samples of the debris are being analyzed by the state fire marshal's office to determine the fires exact cause.

Pantoja theorized that a gasoline bomb might have been tossed through a large rear window of the structure. The most damage inside the building was in a spot not far from the large window.

In the middle of last week a threatening note was left on Pantoja's front porch, he said. The note demanded \$10,000 for protection.

It instructed Pantoja to leave such an amount in old, unmarked bills "on top of the little white building just before the first bridge on cannons Lane, between the hours of 9 and 10 October 15."

Pantoja, who lives in Louisville, notified police and a trap was set (several lines of the article are missing).

Rickey, 10, is the oldest of Pantoja's six children. He described himself as an ordinary businessman who would be hard pressed to take up \$10,000.00. Pantoja said he has no idea who might have sent the note, which was written on a sheet of loose leaf notebook paper. "I don't think I have any enemies," he said. The note was written in red pencil in a clumsy penmanship, said Pantoja.

Louisville police have been checking the paper for the prints and other identifying marks.

The building gutted by fire contained a business office, laundry facilities for the adjacent Charlotte Apartments, and an unoccupied guest apartment.

The blaze was discovered at 8:24 p.m. Friday. Four units of the St. Matthews Fire Department and 32 volunteers fought the fire until 11:06 p.m.

Residents said they heard two explosions about 8:30 p.m. Friday. Louisville Arson Squad officials said the noises might have been caused by windows blowing out.

The heat of the blaze was so intense that it melted glass windows and aluminum framework in the building. Firemen said they had to break a lock on a gate to a fence surrounding the rear of the building to gain entry.

Firemen said they had to break a lock on a gate to a fence surrounding the rear of the building to gain entry

Cooperating in the investigation are the state fire marshals office, St. Matthews police, Louisville police, and city fire officials.

(Caption under picture not good enough to reprint). HOT SPOT: Patrolman James Riddle of the St. Matthews Police department and

HIT SPOT: Patrolman James Biddle of the St. Matthews Police Department and F. Modelfo Paniols, president of the Hodelfo Realty & Buddits ment and P. Modiffo Paninja, president of the Hodulu Fealtr & Building Fig. examine a section of Houring hadly damaged in a fire last Friday night in a building in from of an apartment complex at 15% likerman Lame, Paintnigh believen the fire was started by a "maniat."

"Work of a maniac" says Pantoja after fire

"This is the work of a mantac," said E, Redulfo Pantoja baturday as he examined the guited interior of an office building at 153 Thterman Lane In St. Matthews.

Pantoja sald he thought there was a definite link between the fire that ruined the office building, at an estim-ated box of between \$25,000 and \$30,000, and a threatening note he had received earlfer in the week.

The seets, new in the hands of Leolaville police, said that unless Pantoja paid \$10,000 in protection money biscritidren might get 'run over by a runeway car' or his house or apartments might be burn-

Pantoja is president of the Robbits Realty & Building Co., lor, the owner of the Charlotte Apartments at 153 Tiderman Lane.

The official all ling lift by thre Friday night is althated in treat of the complex.

"I don't care about the dame age caused by the fire," he said. "I am worted shout my family."

He poked among the rules as he talked, He said the building's wiring was sound and that he thought a natural cause for the fire was unlikely.

Samples of the debrts are being analyzed by the state fire marshall's office to determine the fire's exact cause.

Pantois theorized that agas -oline bomb might have been tossed through a large rear window of the structure, The most damage trialde the building was in a spot not far from the large window.

In the middle of last week a threatening note was left on Pantoja's front porch, he said. The note demanded \$10,000 for protection.

It testructed Pantoja to leave such an amount in old, unfittle widte building just before the first bridge on Cannona Lane, between the hours of 9 and 10 Oct, 15,0

Pantoja, who lives to Louis-

the bridge, though, at the time Jacent Charlotte Apartments, mentioned in the note.

The note warned that if the real-estate developer notified police he should "Just pray for your Rickey because he to the one that goes first,"

The blaze was discovered at 8:24 p.m. Friday, Four units of the St. Matthews Fire De-partment and 32 volunteers

fought the fire until 11:06 p.m. Hesidents said they heard

two explosions about \$130 p.m. Friday, Louisville Araon Squad officials said the noises might have been caused by windows blowing out,

The heat of the blace was so interes that it melted glass windows and aluminum frame-work in the building.

Firemen said they had to break a lock on a gate to a fence surrounding the rear of the building to gain entry. Cooperating in the investigation are the state fire mar shal's office, St. Matthews police, Louisville police, and city fire officials.

The damage was covered by

Fire runs in St. Matthews

St. Matthews Volunteer Firemen made two runs this week. These were: Oct. 15, 8:24 p.m., office building at Charlotte Apartments, 153 Thierman La. and Oct. 17, 8:12 a.m., trash fire in garage at 120 Staebler.

(Note the following article is 1966, date unknown but pertains to the above articles): St. Matthews Youth Charged With Arson. A paper boy and former life guard has been charged with causing a \$30,000 fire last October and with sending threatening letters to two persons.

William Claude Heim, Jr., 17, of 3703 Winchester Road, is charged with delinquency, arson and two counts of sending threatening letters.

The arson charge was filed in connection with a fire October 15, of last year. The fire gutted an office building in front of the Charlotte Apartments at 153 Thierman Lane.

The threats charges were filed in connection with letters received by E. Rodulfo Pantoja, president of Rodulfo Realty & Building Co., Inc., the owner of the Charlotte Apartments, and Mrs. Christine George, 705 Greenride Lane.

Each of the threatening letters demanded \$10,000 for "protection," according to the police. Heim, police said, was employed as a life guard by Rodulfo last year. The youth operated a paper route on the street on which Mrs. George Lives.

Police said the boy had been under observation for some time. The charges were filed against him Saturday afternoon. Later he was released in the custody of his parents until a hearing is held in Jefferson County Juvenile Court.

The case had been under intensive investigation by police and the state arson squad. In the December 9 issue, The Voice-Jeffersonian carried an exclusive story saying arson was behind the Charlotte Apartment fire. The story quoted state arson squad detective Albert Phillips.

About a week before the fire Pantoja, who lives in Louisville, received a note demanding \$10,000 for "protection."

The note warned that if the real estate developer notified police he should "just pray for you Rickey because hi is the one that goes first."

On March 1 Mrs. George, a widow who earlier in the year had inherited a sizable estate, received a similar note demanding \$10,000 for a "protection policy" on her life and property.

Police said Heim will be examined by psychiatrists and psychologist before the court hearing.

They said that apparently no other persons were involved in the case.

October 28, 1965, The Voice— Jeffersonian:

Fire runs

St. Matthews Volunteer Firemen made five runs this week.
These were: Oct. 20, 6:28
p.m., 212 Staebler, water
heater; Oct; Oct. 21, 12:22
a.m., Lester Jewlers, 3826
Wilmington, electric sign;
Oct. 21, 12:28 p.m., 402 Kaelin Dr., furnace; Oct. 25, 12:23
a.m., 240 Ahland, washer motor; and Oct. 26, 12:59 p.m.,
washoff gasoline in front of
The Mall.

Home fire drills conducted by families of Holy Trinity School

Seven out of ten families of students at Holy Trinity Elementary School completed some fire drills recently.

The drills were held the week of Cet, 21-27 as part of the school's PTA safety program.

The basic part of the drills was the preparation by the families of fire escape plans for their homes.

Some families also rigged up rope-excape ladders from second-story bedrooms and simulated fire exit proce-

According to PTA safety committee chairman Mrs. Charles A. Kansy, the total percentage of participation, was 72.2 per cent.

The fire safety program also included a lecture at the achool auditorium Oct. 20 to-Cupt, William E. Johnson of the Louisville bire Preventtoo but eau.

Case, Johnson vautioned parents to be sure that children to not hide under beds or in closets it a fire breaks out.

Promoted

He also recommended that families have two plans for escape in case of fire.

Children or adults should not re-enter a burning house to retrieve toys or valuables, be said.

Brochures mailed by Mrs. Kanny to parents emphasized those escape rules;

1. Get everybedy out fast . . se plamet.

2. Then call the fire department.

3. Meet at an agreed assecutely point.

4. Heware of re-entering the

If trapped, a person should riose doors against flame, When a closed door is not, it shouldn't be opened,

Classes with the highest percentage of participation were given awards. The top award went to the first-grade class of Mrs. Charles blavel with 98 per cent participation. The prize was \$10.

The second-top award went to the fourth grade class of Mrs. Frank Hay with 57 per cont participation,

Fire runs

St. Matthews Volunteer Firemen made six runs this week. These were: Oct, 26, 2:32 p.m., 4015 Westport Rd., automobile; Oct. 26, 3:41 p.m., 3601 St. Germaine, false al-arm; Oct. 26, 4:15 p.m., 300 N. Mr. John Manaham, St. Matthewn Fire Department, St. Matthews Ky.

November 8, 1965

Dear John,

We have noticed during the past counts of months that the St. Matthews Firemen are using our parking lot during your regular Tweeday night meetings.

As we approach our business season of the year, it becomes increasingly more important to our business that we provide so many parking spaces as possible for the convenience of our customers.

While we realize that many of the Firsten are very good custosers of the store, and we want them to know that we appreciate their business, we are mendering if during your regular meeting mights the follows might find some other place to park their care.

We are also keenly aware of emergency situations such as an alarm or a working fire, and we want the fellows to know that during such times, Bacon's will extend its fullest cooperation.

The mafety of our citizens is foremost in all of our minds, and we especially appreciate the contribution of the St. Nathbows Firemen which insures this mafety.

We want to thank you in advance for your cooperation.

Best regards

December 9, 1965, The Voice—Jeffersonian:

Officer say's arson behind \$30,000 fire

Arson was behind a \$30,000 fire in St. Matthews Oct. 15, according to Albert Phillips, a detective with the state arson squad.

Phillips also said the fire, which ruined an office building at 153 Thierman Lane, was linked to a threatening note received by the president of the realty company that owns the structure.

"This is still a wide open case," said Phillips, "We have several leads,"

About a week before the fire, E. Rodulfo Pantoja, president of Rodulfo Healty & Building Co. Inc., the owner of the Charlotte Apartments, received a note saying that unless he paid \$10,000 in protection money his children might be injured or his house or apartments burned.

Pantoja notified Louisville police of the threat and a trap was set at a bridge where the money was to be picked up.

Nobody showed up at the bridge, though, at the appointed time to collect the protectation money.

The office building hit by the fire is situated in front of the apartment complex on Thierman.

The loss was covered by insurance. m. Matches Volumes

Fire runs

St. Matthews Volunteer Firemen made 11 runs this week. These were: Dec. 22, 10:35 a.m., automobile, The Mail parking lot; Dec. 23, 12:40 p.m., field fire, rear of 4850 Shelbyville Rd.; Dec. 23, 4:53 p.m., field fire, Indian Hills Trail; Dec. 23, 9:03 p.m., rescue from automobile accident, at Sherburn Lane behind The Mail.

Dec. 24, 10:07 a.m. grass fire along railroad track on Palmer-Ball property; Dec. 24, 12:50 p.m., trash fire at 3414 Grandview; Dec. 24, 9:24 p.m., malicious false alarm, 204 Merriman; Dec. 25, 4:40 p.m., back up for Middletown Fire Department; Dec. 25, 6:36 p.m., flue fire, 3805 Hycliffe; Dec. 25, 6:25 p.m., electrical fire, 146 West Wind; and Dec. 26, 11:52 a.m., fire in basement, 3524 Winchester Rd.

Main stories of 1965, edited—

9. \$30,000 arson-caused fire

Authorities were looking for an araonist in connection with a \$30,000 fire in M. Matthews Oct. 10.

The fire gutted an office building at 153 Thierman Lane in the Charlotte Apartments complex.

The state arson squad link bd the fire to a threatening note received by the president of the realty company that owns the property.

About a week before the fire,
E. Rodulfo Pantaja, president
of Rudulfo Realty & Building
Co., Inc., received a note
saying that unless he paid
\$10,000 in protection money
his children might be injured
or his house or spartments
burned.

Waggener High student killed in accident on Sherburn La

Accident fatal to Fern Creek woman

A 17-year-old Waggener High School student was killed last Thursday night in a three-car accident on Sherburn Lane, about a half mile north of Brown's Lane.

Miss Elizabeth Ann "Betty" Wilson, the daughter of Mr. and Mrs. T. Woodrow Wilson Sr., 125 Bonner Ave., dled of a broken neck and a broken

She was a passenger in a car driven by Danny Ray Hass, 16, of 8809 Perry Road.

Police said the Haas car apparently went out of control and struck a car driven by Michael Lee Neel, 18, of 2927 Arden Road.

A third car, driven by Wayne Charles Daub, 17, of 121 Fairmeade Road, then struck the Neal car.

Robert P. James, 18, of 2507 Alanmeade Road, a passenger in the Neel car, was serious-ly injured in the crash. He was being treated for head cuts at General Hospital.

Besides her parents, Miss Wilson is survived by a sister, Laura; a brother, T. Woodrow Wilson Jr., and her grandmothers, Mrs. Ruth Demmy and Mrs. Leucretta Wilson.

Funeral services were held at 1 p.m. Sunday at the Edenside Christian Church by the Rev. Robert Kirkman.

Burtal was in Springhill Cemetery, Harrodsburg, Ky.

A Fern Creek woman died last Thursday in General Hospital of head injuries suffered in an automobile accident on Billtown Road, a mile south of Jeffersontown, Dec. 22. She was Mrs. Lots Kruse,

60, of 9805 Seatonville Road, Her husband, Edward J. Kruse, 63, was listed in critical condition Tuesday night at General Hospital, He also sustained head injuries.

Police and firemen spent 15 minutes removing the couple from their crumpled car, which had hit a tree after running off the road, -

The Kruse car was passing a truck when it ran off the road, county police said.

Survivors, besides the husband, include a sister, Mrs. Charles Grace Jones of Orleans, liki.; three brothers, Cecil Tarr of California; Thoddie Tarr of Salem, Ind., and Herman Tarr of Orleans, Ind.

Services were held Monday Continued on page 9

I (Al Ring) drove S4 (Quad) on this run. Jack Monohan was officer on S4. Sherburn Lane had cars on both sides of the street parked, some trying to get through etc., most just wanting to see what was going on. We were making a rescue run, and a car was approaching us and wouldn't or couldn't get out of the way. I velled to Jack, I going to scrape him, he said keep going we have a rescue. We scrapped him. Later that night the driver came to the firehouse and complained to Chief Monohan, who had little sympathy for the guy and invited him to leave. I don't think he knows how lucky he was being able to leave like he did.
